Wolfgang Guggemos

Seven Firefights in Vietnam John A. Cash,1993-07 Based on official army records, these eyewitness accounts of seven hellacious battles serve as a brief history of the Vietnam conflict. From a fierce fight on the banks of the Ia Drang River in 1965 to a 1968 gunship mission, this illustrated report conveys the heroism and horror of warfare.

Introductory Grammar of Amharic Wolf Leslau,2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

In His Image William Jennings Bryan,1922

The Illustrated Light on Yoga B. K. S. Iyengar,1993 This Classic Book Is A Comprehensive Introduction To Yoga With Detailed Descriptions Of Over 200 Postures And 14 Breathing Exercises.

The Late War Between the United States and Great Britain Gilbert J. Hunt,2022-09-15 This is a famous educational text by Gilbert J. Hunt presenting an account of the War of 1812 in the style of the King James Bible. It starts with President James Madison and the congressional declaration of war and then describes the Burning of Washington, the Battle of New Orleans, and the Treaty of Ghent.

Advances in Communication, Network, and Computing Vinu V Das,Janahanlal Stephen,2012-11-28 This book constitutes the thoroughly refereed proceedings of the Third International Conference on Advances in Communication, Network, and Computing, CNC 2012, held in Chennai, India, February 24-25, 2012. The 41 revised full papers presented together with 29 short papers and 14 poster papers were carefully selected and reviewed from 425 submissions. The papers cover a wide spectrum of issues in the field of Information Technology, Networks, Computational Engineering, Computer and Telecommunication Technology, ranging from theoretical and methodological issues to advanced applications.

The Montgomery manuscripts W. Montgomery,1869 The Montgomery manuscripts. containing accounts of the colonization of the Ardes, in the county of Down, in the reigns of Elizabeth and James. Memoirs of the first, second, and third Viscounts Montgomery, and Captain George Montgomery: also, a description

Digital Typography Using LaTeX Apostolos Syropoulos,Antonis Tsolomitis,Nick

Sofroniou,2007-08-22 Using clear and concise language this book introduces new users to the use of the TeX system, in particular document preparation using LaTeX. It avoids the pitfalls of having to search through several advanced books on the subject, by collecting together the more frequently required tools and presenting these in a single accessible volume. It also describes the recent developments in multilingual typesetting using TeX that now make it straightforward for users to prepare documents in their own language and alphabet, giving the book a global readership. Topics include: multi-lingual uses of LaTeX; discussion of hardware implementations; use and misuse of particular LaTeX commands; and many others.

An English Translation of the Sushruta Samhita Based on Original Sanskrit Text Suśruta,1918

Alistair Grim's Odditorium Gregory Funaro,2015-01-06 Grubb, age twelve (or thereabouts), has

never known anything beyond his miserable existence as a chimney sweep, paid only in insults and abuse by his cruel master. All of that changes the day he stows away in the coach belonging to a mysterious guest at the inn that he is tasked with cleaning. Grubb emerges from Alistair Grim's trunk and into the wondrous world of the Odditorium. Fueled by a glowing blue energy that Grubb can only begin to understand, the Odditorium is home to countless enchanted objects and an eccentric crew that embraces Grubb as one of their own. There's no time for Grubb to settle into his new role as apprentice to the strange, secretive Mr. Grim. When the Odditorium comes under attack, Grubb is whisked off on a perilous adventure. Only he can prevent the Odditorium's magic from falling into evil hands???and his new family from suffering a terrible fate. Grubb knows he's no hero. He's just a chimney sweep. But armed with only his courage and wits, Grubb will confront the life-or-death battle he alone is destined to fight.

Vladimir Tatlin and the Russian Avant-garde. [Illustr.] John Milner,1983

Course in Nepali David Matthews,2013-01-11 Nepali has also been adopted by peoples of the Himalayan region who belong to different linguistic groups, and is now understood throughout the whole of Nepal, the Darjeeling region of West Bengal, Sikkim, Bhutan and parts of Tibet, where it has functioned as a language of trade and commerce for well over two centuries. The aim of this course, which covers the whole grammar and all the constructions of modern Nepali, is to present a full description of both the spoken and written forms of modern standard Nepali, and to enable the student to understand, speak and read most types of Nepali he or she is likely to encounter. The earlier lessons concentrate mainly on the spoken style, and the conversation passages whilst the later lessons concern religious, political and literary topics. Nepal is a land which already provides great enjoyment to the increasing number of visitors from the west. A knowledge of the language leads to a deeper understanding of the culture of its people, and the object of A Course in Nepali is to provide the means of learning it without much difficulty. Earlier editions of this course have been the standard book for students at the School of Oriental and African Studies, and it is without question the established market leader.

With the 102d Infantry Division Through Germany United States. Army. Infantry Division, 102nd,2002

The Children's Encyclopedia Arthur Mee,1910

Consecration of Images and Stûpas in Indo-Tibetan Tantric Buddhism Yael Bentor,2023-08-14 The present work is an investigation of the Indo-Tibetan ritual for consecrating images, stûpas, books and temples. It is based on a thorough examination of the relevant Tibetan textual material contained in Tantras, commentaries, ritual manuals and explanatory works on consecration. As rituals are meant to be performed, this textual study is combined with observations of performances and interviews with performers. The book opens with a general discussion of certain principles of tantric rituals and the foundations of Indo-Tibetan consecration. The main part focuses on a specific performance of the ritual in a Tibetan monastery located in the Kathmandu Valley. This volume contributes to the often neglected field of Indo-Tibetan Buddhist rituals. It is concerned with the sacred nature of objects for worship as well as with the main Buddhist tantric transformation into a chosen tantric Buddha.

Sacrifice and Initiative in Chess Ivan Sokolov,2014-05-28 The sacrifice is one of the most beautiful, rewarding and complex aspects of chess. During a game the decision to give up material in order to get an advantage is probably the most difficult one a player has to take. Often, you have to burn your bridges without being able to fully calculate the consequences. Risks and rewards are racing through your mind, fighting for precedence while the clock keeps ticking. Now is the moment, because after the next move the window for this opportunity may be closed. In this book Ivan Sokolov presents a set of practical tools that will help you to master the art of sacrifice. By concentrating on the aim you are trying to achieve, rather than on the opening you are playing or the piece you might be going to sack, he teaches you how to come to a reasonable risk assessment and how to trust your intuition. There is a separate part on seizing the initiative without actually giving up material. Ivan Sokolov has written an entertaining and instructive guide, packed with useful advice and lots of

practical examples.

Upanisads Reissue Owc :Pb, 2008-04-17 Presents the first major English translation of the ancient Upanisads in over half a century. Includes an introduction and note on the translation by the translator, a guide to Sanskrit pronunciation, and a list of names.

The Classical Tibetan Language Stephan V. Beyer, 1992-01-01 Among Asian languages, Tibetan is second only to Chinese in the depth of its historical record, with texts dating back as far as the eighth and ninth centuries, written in an alphabetic script that preserves the contemporaneous phonological features of the language. The Classical Tibetan Language is the first comprehensive description of the Tibetan language and is distinctive in that it treats the classical Tibetan language on its own terms rather than by means of descriptive categories appropriate to other languages, as has traditionally been the case. Beyer presents the language as a medium of literary expression with great range, power, subtlety, and humor, not as an abstract object. He also deals comprehensively with a wide variety of linguistic phenomena as they are actually encountered in the classical texts, with numerous examples of idioms, common locutions, translation devices, neologisms, and dialectal variations.
