Wolf Leslau

Chinese Cultural Resource Book Irene Kwok,1974

Introductory Grammar of Amharic Wolf Leslau,2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Courageous Churchmen: Leaders Compelling Enough to Follow Jerry Wragg,2018-01-31 What is it that compels a group of people to follow the leadership and vision of one person? Why are the insights and pursuits of certain individuals more persuasive than those of others? This book reveals how leadership should be characterized in the church, and how biblical leadership must differ from the kind of leadership promoted in the world. It explores the dynamics of leadership, particularly the character traits that need to be built up or eradicated in leaders, the dangers that leaders face and temptations to which they are particularly prone, and the development of future leaders: how to recognize leadership potential and encourage leadership gifts in the next generation.

Peoples and Problems of India Sir T. W. Holderness, 2017-07-30 Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Kaviraj Kunja Lal, 2006-06

An Archaeology of Posing Moe Meyer, 2010 *An Archaeology of Posing* compiles two decades of new and previously published writing on gay culture by one of the field's most provocative and outspoken critics. Diverging from the text-based premise of most queer theory, Meyer utilizes performance studies and interpretive anthropology to examine camp and drag performances in the spaces in which they appear. He explores a variety of topics--from transsexual striptease and Harlem drag balls to the death of camp--within the genre of queer drag and sexuality performance. This collection of essays, with Meyer's rejection of gender parity and his celebration of the effeminate gay male body, presents a fresh interpretation of established art forms. From the pre-Stonewall era to the present day, Meyer's cultural critique redefines how we understand the phenomena of camp and drag.
