With a book for children already under her belt, this publication focuses more on adults with 33 pieces including paper gems, an origami lampshade, macrame hangings, pop-up pixel cards, hama bead candle holders, and tie-dyed furoshiki cloths. The ideas range in complexity from the simple to the advanced, but each one is totally unique and has never before been published. The look of the book will reflect the immaculate, Japanese-inflected minimalism of the MiniEco website, with some high-end production finishes including a die-cut, dust-jacketed paperback binding and boldly pared-back photography. QR codes will link to animated gifs of the craft being made.

The Best Minds of My Generation Allen Ginsberg,2017-04-04 A unique history of the Beats, in the words of the movement's most central member, Allen Ginsberg, based on a seminal series of his lectures In 1977, twenty years after the publication of his landmark poem 'Howl' and Jack Kerouac's On the Road, Allen Ginsberg decided it was time to teach a course on the literary history of the Beat Generation. Through this course, Ginsberg saw an opportunity to present a complete history of Beat Literature and also to record and preserve his own personal stories and memories, ones that might have otherwise been lost to history. The result was a deeply intimate, candid and illuminating set of lectures, which form the basis of this book. Compiled and edited by renowned Beat scholar Bill Morgan, and with an introduction by Anne Waldman, The Best Minds of My Generation presents the lectures in edited form, revealing the Beats as Ginsberg knew them: friends, confidantes, literary mentors, and fellow revolutionaries. In The Best Minds of My Generation, Ginsberg gives us the convoluted origin story of the Beat idea, recounts anecdotes of meeting Kerouac, Burroughs, and other figures for the first time, elucidates the importance of music, and particularly jazz rhythms, to Beat writing, discusses their many influences - literary, pharmaceutical and spiritual - and paints a portrait of a group who were leading a literary revolution. A unique document that works both as historical record and unconventional memoir,

The Best Minds of My Generation is a vivid, personal and eye-opening look at one of the most important literary movements of the twentieth century.

The Rabbit Hero Anthony Brandl,2020-02 A young girl journeys through the very nature of narrative to rescue the Rabbit Hero, a heroic deus ex machina who has become trapped in the Cemetery of Stories. Along the way she discovers hidden aspects of poetry, her world, and herself.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
