Maureen Callahan

**Careless Whispers** Carlton Stowers,2001-01-15 When the bodies of three teenagers were found on the shores of Lake Waco, Texas in July, 1982, even seasoned lawmen were taken aback by the savage mutilation and degradation they had been subjected to. Yet only 52 days after the gruesome triple-murder was discovered, frustrated authorities suspended the case indefinitely. Patrol Sergeant Truman Simons, who had been called to the scene that night, saw the carnage first-hand -- and vowed to find the ferocious killer or killers. He soon became a man with a mission, risking his career and his family's safety in search of evidence. Plunging himself into a netherworld of violence and evil, Simons finally got close enough to a murderous ringleader to hear his careless whispers--and ultimately, put him and his three accomplices behind bars for the brutal slayings. Now, in his Edgar Award-winning account of the Lake Waco killings, acclaimed true crime writer Carlton Stowers lays bare the facts behind the tragic crimes, the twisted predators, and the heroic man who broke the investigation--with important updated information based on new developments in the case.

**Integration of the Armed Forces, 1940-1965** Morris J. MacGregor,2020-06-18 In the quarter century that followed American entry into World War II, the nation's armed forces moved from the reluctant inclusion of a few segregated Negroes to their routine acceptance in a racially integrated military establishment. Nor was this change confined to military installations. By the time it was over, the armed forces had redefined their traditional obligation for the welfare of their members to include a promise of equal treatment for black servicemen wherever they might be. In the name of equality of treatment and opportunity, the Department of Defense began to challenge racial injustices deeply rooted in American society. For all its sweeping implications, equality in the armed forces obviously had its pragmatic aspects. In one sense it was a practical answer to pressing political problems that had plagued several national administrations. In another, it was the services' expression of those liberalizing tendencies that were permeating American society during the era of civil rights activism. But to a considerable extent the policy of racial equality that evolved in this quarter century was also a response to the need for military efficiency. So easy did it become to demonstrate the connection between inefficiency and discrimination that, even when other reasons existed, military efficiency was the one most often evoked by defense officials to justify a change in racial policy.\_x000D\_ Morris J. MacGregor, Jr., received the A.B. and M.A. degrees in history from the Catholic University of America. He continued his graduate studies at the Johns Hopkins University and the University of Paris on a Fulbright grant. Before joining the staff of the U.S. Army Center of Military History in 1968 he served

for ten years in the Historical Division of the Joint Chiefs of Staff.

**House of Evil** John Dean,2008-07-29 \*\*\*Please note: This ebook edition does not contain the photos found in the print edition.\*\*\* In the heart of Indianapolis in the mid 1960's, through a twist of fate and fortune, a pretty young girl came to live with a thirty-seven-year-old mother and her seven children. What began as a temporary childcare arrangement between Sylvia Likens's parents and Gertrude Baniszewski turned into a crime that would haunt cops, prosecutors, and a community for decades to come... When police found Sylvia's emaciated body, with a chilling message carved into her flesh, they knew that she had suffered tremendously before her death. Soon they would learn how many others—including some of Baniszewski's own children—participated in Sylvia's murder, and just how much torture had been inflicted in one HOUSE OF EVIL

**Brotherhood of Corruption** Juan Antonio Juarez,2004-08-01 A former Chicago cop exposes shocking truths about the abuses of power within the city's police department in this memoir of violence, drugs, and men with badges. Juarez becomes a police officer because he wants to make a difference in gang-infested neighborhoods; but, as this book reveals, he ends up a corrupt member of the most powerful gang of all—the Chicago police force. Juarez shares the horrific indiscretions he witnessed during his seven years of service, from the sexually predatory officer, X, who routinely stops beautiful women for made-up traffic offenses and flirts with domestic violence victims, to sadistic Locallo, known on the streets as Locoman, who routinely stops gang members and beats them senseless. Working as a narcotics officer, Juarez begins to join his fellow officers in crossing the line between cop and criminal, as he takes advantage of his position and also becomes a participant in a system of racial profiling legitimized by the war on drugs. Ultimately, as Juarez discusses, his conscience gets the better of him and he tries to reform, only to be brought down by his own excesses. From the perspective of an insider, he tells of widespread abuses of power, random acts of brutality, and the code of silence that keeps law enforcers untouchable.

**Omaha Beachhead (6 June – 13 June 1944)** ,1945

**Beyond Bach** Andrew Talle,2017-04-07 Reverence for J. S. Bach's music and its towering presence in our cultural memory have long affected how people hear his works. In his own time, however, Bach stood as just another figure among a number of composers, many of them more popular with the music-loving public. Eschewing the great composer style of music history, Andrew Talle takes us on a journey that looks at how ordinary people made music in Bach's Germany. Talle focuses in particular on the culture of keyboard playing as lived in public and private. As he ranges

through a wealth of documents, instruments, diaries, account ledgers, and works of art, Talle brings a fascinating cast of characters to life. These individuals--amateur and professional performers, patrons, instrument builders, and listeners--inhabited a lost world, and Talle's deft expertise teases out the diverse roles music played in their lives and in their relationships with one another. At the same time, his nuanced recreation of keyboard playing's social milieu illuminates the era's reception of Bach's immortal works.

*The Magic of Thinking Big* David J. Schwartz, 2014-12-02 The timeless and practical advice in *The Magic of Thinking Big* clearly demonstrates how you can: Sell more Manage better Lead fearlessly Earn more Enjoy a happier, more fulfilling life With applicable and easy-to-implement insights, you'll discover: Why believing you can succeed is essential How to quit making excuses The means to overcoming fear and finding confidence How to develop and use creative thinking and dreaming Why making (and getting) the most of your attitudes is critical How to think right towards others The best ways to make "action" a habit How to find victory in defeat Goals for growth, and How to think like a leader Believe Big," says Schwartz. "The size of your success is determined by the size of your belief. Think little goals and expect little achievements. Think big goals and win big success. Remember this, too! Big ideas and big plans are often easier -- certainly no more difficult - than small ideas and small plans.

**Hot Cop** Laurelin Paige, 2017-06-13 You have the right to remain sexy. Anything you say can and will be used to get you in my bed. You have the right to use my body to give yourself a delirious, life-changing orgasm. If you have trouble...don't worry, I'm a bit of an expert in that department. There's nothing 'thin' about my blue line, if you catch my drift, and trust me, I know how to put those handcuffs to good use. From New York Times bestselling author Laurelin Paige and USA Today bestselling author Sierra Simone comes a steamy contemporary romantic follow-up to last year's bestseller *P\*rn Star*.

**Combat To College** John Davis, 2020-03-14 *Combat to College* is the book for veterans who want to win the college battle. Veterans must utilize the unique skills and discipline gained in the military to succeed in higher education. Your experiences make you capable of not only graduating but creating the life you want after your military service. When veterans get out of the military, their plan of action often determines whether they live out their dreams or their nightmares. How well you do in college often dictates how well you do in life. Rise up to your potential and navigate college with these straightforward lessons. Maintain your military bearing, confidence and unwavering determination into

your next chapter. Make your college success non-negotiable, you earned your GI Bill and its time to grit your teeth and use it.

Small Unit Actions ,1946

**The Crown Ain't Worth Much** Hanif Abdurraqib,2017-05-15 **The Crown Ain't Worth Much**, Hanif Willis-Abdurraqib's first full-length collection, is a sharp and vulnerable portrayal of city life in the United States. A regular columnist for MTV.com, Abdurraqib brings his interest in pop culture to these poems, analyzing race, gender, family, and the love that finally holds us together even as it threatens to break us. Terrance Hayes writes that Abdurraqib bridges the bravado and bling of praise with the blood and tears of elegy. The poems in this collection are challenging and accessible at once, as they seek to render real human voices in moments of tragedy and celebration.

**They Can't Kill Us Until They Kill Us** Hanif Abdurraqib,2017-11-14 \* 2018 12 best books to give this holiday season –TODAY (Elizabeth Acevedo) \* A Best Book of 2017 –Rolling Stone (2018), NPR, Buzzfeed, Paste Magazine, Esquire, Chicago Tribune, Vol. 1 Brooklyn, CBC, Stereogum, National Post, Entropy, Heavy, Book Riot, Chicago Review of Books, The Los Angeles Review, Michigan Daily \* American Booksellers Association (ABA) 'December 2017 Indie Next List Great Reads' \* Midwest Indie Bestseller In an age of confusion, fear, and loss, Hanif Abdurraqib's is a voice that matters. Whether he's attending a Bruce Springsteen concert the day after visiting Michael Brown's grave, or discussing public displays of affection at a Carly Rae Jepsen show, he writes with a poignancy and magnetism that resonates profoundly. In the wake of the nightclub attacks in Paris, he recalls how he sought refuge as a teenager in music, at shows, and wonders whether the next generation of young Muslims will not be afforded that opportunity now. While discussing the everyday threat to the lives of Black Americans, Abdurraqib recounts the first time he was ordered to the ground by police officers: for attempting to enter his own car. In essays that have been published by the New York Times, MTV, and Pitchfork, among others—along with original, previously unreleased essays—Abdurraqib uses music and culture as a lens through which to view our world, so that we might better understand ourselves, and in so doing proves himself a bellwether for our times.

**Firearms and Violence in American Life** George D. Newton,United States. National Commission on the Causes and Prevention of Violence,1969

Severed John Gilmore,2006 This new edition of the L.A. noir classic is released just in time to accompany the Brian De Palma film.

Abolition Now! CR10 Publications Collective,2008 Over seven million people live under the control

of US prison and parole systems. The vast majority of them are people of colour or youth. Between 2000 and 2007, Congress added 454 new offences to the criminal code. In comparison, Blair added 3000 new laws during his leadership. The UK prison population is similarly skewed in terms of race and class. For a decade, Critical Resistance has organised to abolish the reliance on imprisonment, policing and surveillance. Reflecting on key themes of Dismantle, Change and Build, this book celebrates their bold strategies and work.

*Death on the Devil's Teeth: The Strange Murder That Shocked Suburban New Jersey* Jesse P. Pollack & Mark Moran, 2022-09 Four decades after Jeannette DePalma's tragic death, authors Jesse P. Pollack and Mark Moran present the definitive account of the shocking Springfield township cold case. As Springfield residents decorated for Halloween in September 1972, the crime rate in the quiet, affluent township was at its lowest in years. That mood was shattered when the body of sixteen-year-old Jeannette DePalma was discovered in the local woods, allegedly surrounded by strange objects. Some feared witchcraft was to blame, while others believed a serial killer was on the loose. Rumors of a police cover up ran rampant, and the case went unsolved - along with the murders of several other young women.

**Godard On Godard** Jean-luc Godard, 1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for *La Gazette du Cinéma* to his later writings for *Cahiers du Cinéma*, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

**Murder on a Lonely Road** Beth Hundsdorfer, George Pawlaczyk, 2012-09-04 A brutal murder that shocked residents of Missouri—and a killer it took 25 years to bring to justice... On June 17, 1985, twenty-year-old beauty pageant winner Jackie Johns's car was found abandoned, the interior drenched

in blood. Four days later, her bludgeoned, nude body was found floating in a nearby lake. Sheriff Dwight McNeil vowed to catch Jackie's killer, however long it took. His prime suspect: local rich kid Gerald Carnahan. But despite suspicions, the evidence never managed to add up, and Carnahan slipped away again and again. Throughout the next two decades, multiple other women went missing, some murdered, some never found. Fearful residents believed that a murderous bogeyman was connected to all these crimes. Carnahan's conviction on the attempted kidnapping charge of another young woman brought his name into the mix over and over again—but all of the cases remained unsolved for decades, until a highway patrol sergeant sent DNA from the Jackie Johns's murder for testing and came up with a quadrillions-to-one match to Carnahan. This is the true account of a murderer who thought he was beyond punishment, and the lawmen who would not relent until justice was finally done.

**Elusive** Sara Rosett, 2012-08-30 When her ex goes missing, Zoe is swept into an international mystery that takes her from glitzy Las Vegas to the old-world charm of Italy. Zoe Hunter loves living on the edge. Free-spirited and spontaneous, she's built a life stringing together various freelance gigs that keep her bank account barely in the black. But when her ex, Jack, goes missing along with several million dollars from his business and the FBI zeros in on her as a person of interest, Zoe's life goes from delightfully unpredictable to downright frightening. Plunged into a world of fake identities, deception, and murder, she's afraid to trust anyone. Zoe impulsively skips town in a search for answers that takes her from Las Vegas to Italy, but instead of tracking down answers, she only uncovers more questions. Who was Jack? Is he dead or did he fake his disappearance? And, what was he mixed up in—art theft, the mafia, espionage, or all three?

**American Predator** Maureen Callahan, 2019-07-02 INSTANT NEW YORK TIMES BESTSELLER An Amazon “Best Book of 2019” A Washington Post “10 Books To Read in July” A Los Angeles Times “Seven Highly Anticipated Books for Summer Reading” A USA Today “20 of the Season’s Hottest New Books” A New York Post “25 Best Beach Reads of 2019 You Need to Pre-Order Now” A Bustle “The Best New True Crime Books You Can Read Right Now” “Maureen Callahan’s deft reporting and stylish writing have created one of the all-time-great serial-killer books: sensitive, chilling, and completely impossible to put down.” —Ada Calhoun, author of *St. Marks Is Dead* Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior

unprecedented. Described by a prosecutor as a force of pure evil, Keyes was a predator who struck all over the United States. He buried kill kits--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. American Predator is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement.
