The Man from the Train Bill James,Rachel McCarthy James,2017-09-19 An Edgar Award finalist for Best Fact Crime, this “impressive...open-eyed investigative inquiry wrapped within a cultural history of rural America” (The Wall Street Journal) shows legendary statistician and baseball writer Bill James applying his analytical acumen to crack an unsolved century-old mystery surrounding one of the deadliest serial killers in American history. Between 1898 and 1912, families across the country were bludgeoned in their sleep with the blunt side of an axe. Some of these cases—like the infamous Villisca, Iowa, murders—received national attention. But most incidents went almost unnoticed outside the communities in which they occurred. Few people believed the crimes were related. And fewer still would realize that all of these families lived within walking distance to a train station. When celebrated true crime expert Bill James first learned about these horrors, he began to investigate others that might fit the same pattern. Applying the same know-how he brings to his legendary baseball analysis, he empirically determined which crimes were committed by the same person. Then after sifting through thousands of local newspapers, court transcripts, and public records, he and his daughter Rachel made an astonishing discovery: they learned the true identity of this monstrous criminal and uncovered one of the deadliest serial killers in America. “A suspenseful historical account” (Publishers Weekly, starred review), *The Man from the Train* paints a vivid, psychologically perceptive portrait of America at the dawn of the twentieth century, when crime was regarded as a local problem, and opportunistic private detectives exploited a dysfunctional judicial system. James shows how these cultural factors enabled such an unspeakable series of crimes to occur, and his groundbreaking approach to true crime will convince skeptics, amaze aficionados, and change the way we view criminal history. “A beautifully written and extraordinarily researched narrative...This is no pure whodunit, but rather a how-many-did-he-do” (Buffalo News).

Den of Thieves James B. Stewart,2012-11-20 A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties’ biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America’s most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

The Black Jacobins C. L. R. James,2001-05-31 In 1789 the West Indian colony of San Domingo supplied two-thirds of the overseas trade of France. The entire structure of what was arguably the most profitable colony in the world rested on the labour of half a million slaves. In 1791 the waves of unrest inspired by the French Revolution reached across the Atlantic dividing the loyalties of the white population of the island. The brutally treated slaves of Saint Domingo seized at this confusion and rose up in rebellion against masters. In this classic work, CLR James chronicles the only successful slave revolt in history and provides a critical portrait of their leader, Toussaint L'Ouverture, 'one of the most remarkable men of a period rich in remarkable men'.

Blood Stain Peter Lalor,2002-11-01 The true story of Katherine Knight, the mother and abattoir worker who became Australia's worst female killer. A must for true crime fans. 'There are murders and there are murders. There are bodies and there are bodies, and then there's what lies waiting behind the front door of the little brick house with its blinds drawn and air conditioner droning on, working against the oppressive Hunter Valley heat. A glimpse into the dark, cockroach corners of the soul. A lot of the blokes at the scene that day will never be the same.' On 29 February 2000, Katherine Knight committed an unspeakable act. A mother of four and a grandmother, she seduced and then stabbed John Price 37 times. A former abattoir worker, she skinned him. A loving partner, she cooked him with vegetables, making a soup with his head. Made gravy. Left him on plates for his family. Why? Pricey was her de facto and he wanted out. She didn't like that. People said that most of the time Katherine Knight seemed normal, until she got angry. She was judged to be legally sane when she committed a crime so horrible that the media shied away from the detail. Journalist Peter Lalor covered the trial and wanted to know what made Knight go way over the borderline. In this unflinching account he uncovers the layers of her dysfunction, opening the door of 84 St Andrews Street and taking us into the lives of Knight's ex-partners, her family and the locals of Aberdeen, NSW. Katherine Knight is currently the only woman serving a life sentence in Australia. She is never to be released.

Sole Survivor Holly Dunn,2017-11-07 A memoir of hope, healing, and survival, sure to resonate with fans of Jaycee Dugard’s *A Stolen Life* and Elizabeth Smart’s *My Story*. On August 28, 1997, just as she was starting her junior year at the University of Kentucky, Holly Dunn and her boyfriend, Chris Maier, were walking along railroad tracks on their way home from a party when they were attacked by notorious serial killer Angel Maturino Reséndiz, aka The Railroad Killer. After her boyfriend is beaten to death in front of her, Holly is stabbed, raped, and left for dead. In this memoir of survival and healing from a horrific true crime, Holly recounts how she lived through the vicious assault, helped bring her assailant to justice, and ultimately found meaning and purpose through service to victims of sexual assault and other violent crimes. She has worked as a motivational speaker and activist and founded Holly's House, a safe and nurturing space in her hometown of Evansville, Indiana.

Lovesong Julius Lester,2013-08-01 Julius Lester was born the son of a black Methodist minister in the south. His book *Lovesong* is a beautifully written account of his spiritual journey away from the conventions of his Southern heritage and Methodist upbringing, culminating in his personal self-discovery through a conversion to Judaism. Growing up in the turbulent civil rights era South, Lester was often discouraged by the disconnectedness between the promises of religion and the realities of his life. He used the outlets available to him to try to come to grips with this split and somehow reconcile the injustices he was witnessing with the purity of religion. He became a controversial writer and commentator, siding with neither blacks nor whites in his unconventional viewpoints. He became a luminal figure of the times, outside of the conventional labels of race, religion, politics, or philosophy. Lester’s spiritual quest would take him through the existential landscape of his Southern, Christian upbringing, into his ancestry, winding through some of the holiest places on the planet and into the spiritual depths of the world’s major religious cultures. His odyssey of faith would unexpectedly lead him to discovering Judaism as his true spiritual calling.

Engraved on the Heart Tara Johnson,2018-07-01 Reluctant debutante Keziah Montgomery lives beneath the weighty expectations of her staunch Confederate family, forced to keep her epilepsy secret for fear of a scandal. As the tensions of the Civil War arrive on their doorstep in Savannah, Keziah sees little cause for balls and courting. Despite her discomfort, she cannot imagine an escape from her familial confines—until her old schoolmate Micah shows her a life-changing truth that sets her feet on a new path . . . as a conductor in the Underground Railroad. Dr. Micah Greyson never hesitates to answer the call of duty, no matter how dangerous, until the enchanting Keziah walks back into his life and turns his well-ordered plans upside down. Torn between the life he has always known in Savannah and the fight for

abolition, Micah struggles to discern God’s plan amid such turbulent times. Battling an angry fiancé, a war-tattered brother, bounty hunters, and their own personal demons, Keziah and Micah must decide if true love is worth the price . . . and if they are strong enough to survive the unyielding pain of war.

The Demon of Brownsville Road Bob Cranmer,Erica Manfred,2014-08-05 October 1988: Bob Cranmer buys a house in the Pittsburgh suburb he grew up in. He has no idea that his dream home is about to become his worst nightmare... The Cranmers seemed fated to own the house at 3406 Brownsville Road. As a young boy, Bob had been drawn to the property, and, just when the family decided to move back to Brentwood, it went up for sale. Without a second thought, they purchased the house that Bob had always dreamed of owning. But soon, the family began experiencing strange phenomena—objects moving on their own, ghostly footsteps, unsettling moaning sounds—that gradually increased in violence, escalating to physical assaults and, most disturbingly, bleeding walls. Bob, Lesa, and their four children were under attack from a malicious demon that was conjuring up terrifying manifestations to destroy their tight-knit household. They had two choices: leave or draw on their unwavering faith to exorcise the malicious fiend who haunted their home. Now, Bob Cranmer recounts the harrowing true story of the evil presence that tormented his family and the epic spiritual war he fought to save everything he held dear... INCLUDES PHOTOS

Abolition Now! CR10 Publications Collective,2008 Over seven million people live under the control of US prison and parole systems. The vast majority of them are people of colour or youth. Between 2000 and 2007, Congress added 454 new offences to the criminal code. In comparison, Blair added 3000 new laws during his leadership. The UK prison population is similarly skewed in terms of race and class. For a decade, Critical Resistance has organised to abolish the reliance on imprisonment, policing and surveillance. Reflecting on key themes of Dismantle, Change and Build, this book celebrates their bold strategies and work.

Journal of the Fortean Research Center Paperbound Ray Boeche,2012-07-01 The Fortean Research Center was founded in Lincoln, Nebraska in 1982. During the two decades of its existence, this volunteer group of researchers and investigators delved deep into the unexplained. Exploring events in Nebraska – and far beyond –that included ghosts, UFOs, Bigfoot encounters, animal mutilations, government cover-ups, alleged alien abductions, psychic phenomena, cult activity, and even a sighting of a blob-like mystery creature the Fortean Research Center became recognized among members of the Fortean, paranormal, and UFO research communities around the world, as a reliable and trusted source of information. Here is the entire collection of the Journal of the Fortean Research Center, 23 issues in all. These publications are a reflection of their time, and demonstrate in many cases the beginning steps into subjects familiar to the public today: alleged UFO crashes and landings at government installations, alien abductions, cryptozoology and more.

The Past, Present and Future of Sustainable Management Stephen Cummings,Todd Bridgman,2021-06-05 We might think sustainable management is a new idea, created in the 1960s by enlightened modern scientists. We might think that it puts us on a new path, beyond what management was originally about. But this is not true. Sustainable management is as old as civilization and was a foundation stone of management science as it was formed in the first decade of the 20th century. Recovering this forgotten past provides deeper roots and greater traction to advance sustainable management in our own times. This book charts a history of sustainable management from premodern times, through the birth of management science as an offshoot of the conservation movement, to the present day. The authors argue that modern tools like Triple Bottom Line reporting and multiple Sustainable Development Goals may be less useful than a return to a more fundamental and holistic view of management.

The Serial Killer Files Harold Schechter,2003-12-30 THE DEFINITIVE DOSSIER ON HISTORY’S MOST HEINOUS! Hollywood’s make-believe maniacs like Jason, Freddy, and Hannibal Lecter can’t hold a candle to real life monsters like John Wayne Gacy, Ted Bundy, Jeffrey Dahmer, and scores of others who have terrorized, tortured, and terminated their way across civilization throughout the ages. Now, from the much-acclaimed author of *Deviant*, *Deranged*, and *Depraved*, comes the ultimate resource on the serial killer phenomenon. Rigorously researched and packed with the most terrifying, up-to-date information, this innovative and highly compelling compendium covers every aspect of multiple murderers—from psychology to cinema, fetishism to fan clubs, “trophies” to trading cards. Discover: WHO THEY ARE: Those featured include Ed Gein, the homicidal mama’s boy who inspired fiction’s most famous Psycho, Norman Bates; Angelo Buono and Kenneth Bianchi, sex-crazed killer cousins better known as the Hillside Stranglers; and the Beanes, a fifteenth-century cave-dwelling clan with an insatiable appetite for human flesh HOW THEY KILL: They shoot, stab, and strangle. Butcher, bludgeon, and burn. Drown, dismember, and devour . . . and other methods of massacre too many and monstrous to mention here. WHY THEY DO IT: For pleasure and for profit. For celebrity and for “companionship.” For the devil and for dinner. For the thrill of it, for the hell of it, and because “such men are monsters, who live . . . beyond the frontiers of madness.” PLUS: in-depth case studies, classic killers’ nicknames, definitions of every kind of deviance and derangement, and much, much more. For more than one hundred profiles of lethal loners and killer couples, Bluebeards and black widows, cannibals and copycats- this is an indispensable, spine-tingling, eye-popping investigation into the dark hearts and mad minds of that twisted breed of human whose crimes are the most frightening . . . and fascinating.
