All the Lives We Ever Lived Katharine Smyth,2020-01-21 A wise, lyrical memoir about the power of literature to help us read our own lives—and see clearly the people we love most.

“Transcendent.”—The Washington Post • “You’d be hard put to find a more moving appreciation of Woolf’s work.”—The Wall Street Journal NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TOWN & COUNTRY Katharine Smyth was a student at Oxford when she first read Virginia Woolf’s modernist masterpiece *To the Lighthouse* in the comfort of an English sitting room, and in the companionable silence she shared with her father. After his death—a calamity that claimed her favorite person—she returned to that beloved novel as a way of wrestling with his memory and understanding her own grief. Smyth’s story moves between the New England of her childhood and Woolf’s Cornish shores and Bloomsbury squares, exploring universal questions about family, loss, and homecoming. Through her inventive, highly personal reading of *To the Lighthouse*, and her artful adaptation of its groundbreaking structure, Smyth guides us toward a new vision of Woolf’s most demanding and rewarding novel—and crafts an elegant reminder of literature’s ability to clarify and console. Braiding memoir, literary criticism, and biography, *All the Lives We Ever Lived* is a wholly original debut: a love letter from a daughter to her father, and from a reader to her most cherished author. Praise for *All the Lives We Ever Lived* “This searching memoir pays homage to *To the Lighthouse*, while recounting the author’s fraught relationship with her beloved father, a vibrant figure afflicted with alcoholism and cancer. . . . Smyth’s writing is evocative and incisive.”—The New Yorker “Like *H Is for Hawk*, Smyth’s book is a memoir that’s not quite a memoir, using Woolf, and her obsession with Woolf, as a springboard to tell the story of her father’s vivid life and sad demise due to alcoholism and cancer. . . . An experiment in twenty-first century introspection that feels rooted in a modernist tradition and

bracingly fresh.”—Vogue “Deeply moving – part memoir, part literary criticism, part outpouring of longing and grief... This is a beautiful book about the wildness of mortal life, and the tenuous consolations of art.”—The Times Literary Supplement “Blending analysis of a deeply literary novel with a personal story... gently entwining observations from Woolf’s classic with her own layered experience. Smyth tells us of her love for her father, his profound alcoholism and the unpredictable course of the cancer that ultimately claimed his life.”—Time

Nasty, Brutish, and Short Scott Hershovitz,2022-05-03 An NPR Best Book of 2022 * One of Christian Science Monitor's 10 best books of May "This amazing new book . . . takes us on a journey through classic and contemporary philosophy powered by questions like 'What do we have the right to do? When is it okay to do this or that?' They explore punishment and authority and sex and gender and race and the nature of truth and knowledge and the existence of God and the meaning of life and Scott just does an incredible job." —Ryan Holiday, The Daily Stoic Some of the best philosophers in the world gather in surprising places—preschools and playgrounds. They debate questions about metaphysics and morality, even though they've never heard the words and perhaps can't even tie their shoes. They're kids. And as Scott Hershovitz shows in this delightful debut, they're astoundingly good philosophers. Hershovitz has two young sons, Rex and Hank. From the time they could talk, he noticed that they raised philosophical questions and were determined to answer them. They re-created ancient arguments. And they advanced entirely new ones. That's not unusual, Hershovitz says. Every kid is a philosopher. Following an agenda set by Rex and Hank, Hershovitz takes us on a fun romp through classic and contemporary philosophy, powered by questions like, Does Hank have the right to drink soda? When is it okay to swear? and, Does the number six exist? Hershovitz and his boys take on more weighty issues too. They explore punishment, authority, sex, gender, race, the nature of truth and knowledge, and the existence of God. Along the way, they get help from professional philosophers, famous and obscure. And they show that all of us have a lot to learn from listening to kids—and thinking with them. Hershovitz calls on us to support kids in their philosophical adventures. But more than that, he challenges us to join them so that we can become better, more discerning thinkers and recapture some of the wonder kids have at the world.

The Lion's Gate Steven Pressfield,2015-05-26 From the bestselling author of *Gates of Fire* and *Killing Rommel*, the thrilling true story of one of the most unlikely and astonishing military victories in history. June 5, 1967. Israel is surrounded by enemies who want nothing less than her utter extinction. The Soviet-equipped Egyptian Army has massed a thousand tanks on the nation's southern border. Syrian heavy guns are shelling her from the north. To the east, Jordan and Iraq are moving mechanized brigades and fighter squadrons into position to attack. June 10, 1967. The Arab armies have been routed, their air forces totally destroyed. Israel's citizen-soldiers have seized the Gaza Strip and the Sinai Peninsula from Egypt, the Golan Heights from Syria, East Jerusalem and the West Bank from Jordan. Moshe Dayan has entered the Lion's Gate of the Old City of Jerusalem to stand with the paratroopers who have liberated Judaism's holiest site—the Western Wall. Drawing on hundreds of hours of interviews with veterans of the war—fighter and helicopter pilots, tank commanders and Recon soldiers, paratroopers, as well as women soldiers, wives, and others—bestselling author Steven Pressfield tells the story of the Six Day War as you've never experienced it before.

The Snow Killings Marney Rich Keenan,2020-06-29 Over 13 months in 1976-1977, four children were abducted in the Detroit suburbs, each of them held for days before their still-warm bodies were dumped in the snow near public roadsides. The Oakland County Child Murders spawned panic across southeast Michigan, triggering the most extensive manhunt in U.S. history. Yet after less than two years, the task force created to find the killer was shut down without naming a suspect. The case went cold for more than 30 years, until a chance discovery by one victim's family pointed to the son of a wealthy General Motors executive: Christopher Brian Busch, a convicted pedophile, was freed weeks before the fourth child disappeared. Veteran Detroit News reporter Marney Rich Keenan takes the reader inside the investigation of the still-unsolved murders--seen through the eyes of the lead detective in the case and the family who cracked it open--revealing evidence of a decades-long coverup of malfeasance and obstruction that denied justice for the victims.

Journal of the Fortean Research Center Paperbound Ray Boeche,2012-07-01 The Fortean Research Center was founded in Lincoln, Nebraska in 1982. During the two decades of its existence, this volunteer group of researchers and investigators delved deep into the unexplained. Exploring events in Nebraska - and far beyond -that included ghosts, UFOs, Bigfoot encounters, animal mutilations, government cover-ups, alleged alien abductions, psychic phenomena, cult activity, and even a sighting of a blob-like mystery creature the Fortean Research Center became recognized among members of the Fortean, paranormal, and UFO research communities around the world, as a reliable and trusted source of information. Here is the entire collection of the Journal of the Fortean Research Center, 23 issues in all. These publications are a reflection of their time, and demonstrate in many cases the beginning steps into subjects familiar to the public today: alleged UFO crashes and landings at government installations, alien abductions, cryptozoology and more.
