Estrus Dave Crider,Chris Alpert Coyle,Scott Sugiuchi,2021-09 Estrus: Shovelin' The Shit Since '87 is the complete, as-yet-untold story of US garage rock powerhouse Estrus Records, which for nearly two decades churned out hundreds of releases from some of the biggest garage, trash, surf, and punk bands worldwide, among them The Makers, The Mummies, Man . . . or Astroman?, and label head honcho Dave Crider's drunk/punk quartet The Mono Men. Shovelin' charts the label's highs and lows - from its highly successful hosting of the annual Garageshock, arguably the greatest series of garage rock festivals, to the devastating loss of its warehouse in a fire. Estrus is one of the few record labels whose cover art and other graphics match the brilliance of its music, thanks to the contributions of trash-culture visionary Art Chantry. Packed with iconic visuals the book draws on lively, extensive interviews, never-seen-before archival photos, oddball artifacts, and more, to give a fascinating insight into the major players behind one of garage rock's most influential and successful independent record labels.

Regardless of the haul, they shovel it, bag it up, stuff it in the trunk of their 1982 Cadillac Deville and drive it off for disposal. The misfit pair fumble their way through dangerous circumstances and criminal adventures. Desperation eventually drives them out of the city, across lost highways, encountering a circus of outlaws and revolutionaries living on the margins of morality. Praise for Manny Torres' new novel Dead Dogs Dead Dogs is a fast-paced hangout novel.-Keith Lavecchia, McNally Jackson Books

Evil Harvest Rod Colvin,2012-02-01 On a peaceful August morning in 1985, grim-face FBI agents led a dawn raid on an eighty-acre farm outside Rulo, Nebraska, said to be occupied by a group of religious survivalists led by the charismatic Mike Ryan. What they found on the farm shocked even experienced investigators. For months Ryan's Nebraska neighbors spoke in whispers of gunfire in the night, the disappearance of women and children, neo-Nazis and white supremacists. But little did the locals know what was happening to those Mike Ryan decided to punish for their "sins." In Evil Harvest, Rod Colvin recreates a chilling story of torture, hate, and perversion, and how good, ordinary people could be pulled into a destructive, religious cult—a cult that committed unthinkable acts in the name of God.

The Demon of Brownsville Road Bob Cranmer,Erica Manfred,2014-08-05 October 1988: Bob Cranmer buys a house in the Pittsburgh suburb he grew up in. He has no idea that his dream home is about to become his worst nightmare... The Cranmers seemed fated to own the house at 3406 Brownsville Road. As a young boy, Bob had been drawn to the property, and, just when the family decided to move back to Brentwood, it went up for sale. Without a second thought, they purchased the house that Bob had always dreamed of owning. But soon, the family began experiencing strange phenomena—objects moving on their own, ghostly footsteps, unsettling moaning sounds—that gradually increased in violence, escalating to physical assaults and, most disturbingly, bleeding walls.

Bob, Lesa, and their four children were under attack from a malicious demon that was conjuring up terrifying manifestations to destroy their tight-knit household. They had two choices: leave or draw on their unwavering faith to exorcise the malicious fiend who haunted their home. Now, Bob Cranmer recounts the harrowing true story of the evil presence that tormented his family and the epic spiritual war he fought to save everything he held dear... INCLUDES PHOTOS

"Once again, Steven Raichlen shows off his formidable fire power and tempting recipes." —Francis Mallmann

Abolition Now! CR10 Publications Collective, 2008 Over seven million people live under the control of US prison and parole systems. The vast majority of them are people of colour or youth. Between 2000 and 2007, Congress added 454 new offences to the criminal code. In comparison, Blair added 3000 new laws during his leadership. The UK prison population is similarly skewed in terms of race and class. For a decade, Critical Resistance has organised to abolish the reliance on imprisonment, policing and surveillance. Reflecting on key themes of Dismantle, Change and Build, this book celebrates their bold strategies and work.

It is a must acquisition for every fan of Shelby Foote--From item description.

Language, the Singer and the Song Richard J. Watts, Franz Andres Morrissey, 2019-01-31 The relationship between language and music has much in common - rhythm, structure, sound, metaphor. Exploring the phenomena of song and performance, this book presents a sociolinguistic model for analysing them. Based on ethnomusicologist John Blacking's contention that any song performed communally is a 'folk song' regardless of its generic origins, it argues that folk song to a far greater extent than other song genres displays 'communal' or 'inclusive' types of performance. The defining feature of folk song as a multi-modal instantiation of music and language is its participatory nature, making it ideal for sociolinguistic analysis. In this sense, a folk song is the product of specific types of developing social interaction whose major purpose is the construction of a temporally and locally based community. Through repeated instantiations, this can lead to disparate communities of practice, which, over time, develop sociocultural registers and a communal stance towards aspects of meaningful

events in everyday lives that become typical of a discourse community.

Wherever Seeds May Fall Peter Cawdron, 2021-01-17 The Prince of Darkness is coming. Comet Anduru skimmed the clouds of Saturn. Rather than being drawn into the gas giant, it skipped back out into space. With the comet heading for Jupiter, speculation is mounting it's an alien spacecraft making its way to Earth. Lieutenant Colonel Nolan Landis and Dr. Kath McKenzie are caught between an angry public and an anxious President as they grapple with the scientific, social, and political implications of First Contact. **FIRST CONTACT** is a series of stand-alone novels that explore the concept of humanity's first interaction with extraterrestrial life. Like **BLACK MIRROR** or **THE TWILIGHT ZONE**, the series is based on a common theme rather than common characters, allowing these books to be read in any order. Technically, they're all first as they all deal with how we might initially respond to contact with aliens, exploring the social, political, religious, and scientific aspects of First Contact.

Global Bioethics Van Rensselaer Potter, 2012-01-01 Van Rensselaer Potter created and defined the term bioethics in 1970, to describe a new philosophy that sought to integrate biology, ecology, medicine, and human values. Bioethics is often linked to environmental ethics and stands in sharp contrast to biomedical ethics. Because of this confusion (and appropriation of the term in medicine), Potter chose to use the term Global Bioethics in 1988. Potter's definition of bioethics from Global Bioethics is, Biology combined with diverse humanistic knowledge forging a science that sets a system of medical and environmental priorities for acceptable survival.

Buried Beneath the Boarding House Ryan Green, 2019-09-23 In 1988, detectives from the Sacramento Police Department were called to investigate the disappearance of a man at his last known address, a boarding house for the elderly, homeless and mentally ill. The owner, Dorothea Puente, was an adorable old lady who cared for stray cats and the rest of society's castaways. She had a strong standing in the community and was celebrated for her selfless charitable work. The search revealed nothing untoward but one of the guests recalled some unusual incidents leading up to the disappearance. He shared stories about holes being dug in the garden and filled in overnight. Guests who were taken ill and vanished overnight, and a number of excuses why they couldn't be contacted. This was enough to launch a thorough investigation and on 11th November 1988, the Sacramento Police Department headed back to the boarding house with shovels in hand. Were they wasting their time pursuing a charming and charitable old lady or were they closing in on a clandestine killer who exploited the most vulnerable members of society? The investigation gripped the entire nation and the answers lay *Buried Beneath the Boarding House*. Ryan Green presents a dramatic and chilling account of one of the most bizarre true crime stories in American history. Green's riveting narrative draws the reader into the real-live horror experienced by the victims and has all the elements of a classic thriller. CAUTION: This book contains descriptive accounts of abuse and violence. If you are especially sensitive to this material, it might be advisable not to read any further
