**Paul on Homosexuality** Michael Wood,2011-12-01 Discovery: Apostle Paul Accepted Christian Homosexuals Finding shows Paul acknowledged homosexuality as not a barrier to heaven Paul's only unequivocal reference to homosexuality is found within a passage that has mystified scholars for 2,000 years. The interpretation of Romans 1:18-3:20 has been notoriously difficult for almost every commentator, says Richard Longenecker, Distinguished New Testament Scholar at Wheaton College. Earlier interpreters such as Origen, Jerome, Augustine, and Erasmus wrestled with this issue and it continues to plague commentators today. (1) Internationally acclaimed cryptographer, Michael Wood, has now solved the 2,000 year enigma. The discovery is remarkable, because solves a colossal paradox that has remained unsolved for 2,000 years, confirms Dr. William Berg. (Dr. Berg has taught Greek and Roman Classics at Stanford University and has spent many months examining the linguistic and historical basis of Wood's remarkable discovery.) Romans 1:18-3:20 is riddled with paradoxes. It says that only the doers of the law will be vindicated before God, and by the works of the law no one will be vindicated. The passage also mysteriously separates idolatrous, homosexual, orgy fests from transgressions worthy of spiritual death. In finding the definitive solution to Paul's legal paradox, I inadvertently discovered why he separated the idolatrous, same-sex orgies from sin worthy of spiritual death, said Wood. The passage turns out to be based on the ancient Jewish division of the law which Paul called the Justices and the Jobs. The Justices were all the commandments based on Leviticus 19:18-Love your neighbor as yourself. The Jobs were all the commandments not based on Leviticus 19:18. Wood's solution is definitive, elegant, and verifiable. Romans 2:13-26 essentially teaches: Only the doers of the Justices of the Torah will be vindicated before God. Romans 3:20 says, By the Jobs of the Torah no one will be vindicated. Not only is there no contradiction, but the Great Paradox has always been simple restatements of each other! The legal solution fully explains Paul's treatment of homosexuality. Paul separated idolatrous, homosexual, orgy fests from a group of sins which he said were worthy of spiritual death, things such as bad mouthing others, deceiving, and inflicting pain. Those engaged in idolatrous, homosexual orgies weren't violating the Justices. (They weren't violating the precept, Love your neighbor as yourself). Therefore Paul was compelled to separate this from the list of sins which did violate the Justices, completely authenticating Wood's finding. The finding is significant because it shows that Paul purposefully separated the same-sex acts from his list of mortal sins. It was a conscious, deliberate decision consistent with the rest of the passage. This shows that Paul's view on homosexuality was very different from what Christians had thought for 2,000 years. While Romans 1 contains the only unequivocal reference to homosexuality, anti-homosexual statements have been introduced into

other passages in newer versions of the English Bible. As for these modern changes to the Biblical text, Michael Wood has gone the extra mile in being faithful to Paul's Greek, said Dr. Berg. While being faithful to the Greek, he shows, time and again, that the words traditionally mistranslated as 'homosexual,' 'effeminate,' 'impure,' and so forth, are really targeting selfish, unloving, unjust activity and have nothing to do with sexual orientation. The only remaining barrier to full societal acceptance of gays and lesbians is the Christian misunderstanding of Paul's view of homosexuality. Wood's discovery is destined to change this. 60 Robert Khayat, 2021-06-09 In 1960, 22-year-old Robert Khayat experienced a year in which his own life, the nation, and the state of Mississippi were forever changed. The same spring that four college students in North Carolina refused to move from a segregated lunch counter, Khayat's SEC champion Ole Miss baseball team was denied the right to play in the NCAA tournament because they might encounter a Black opponent. At the same time that young John F. Kennedy became a household name, Khayat's dark-skinned father was making an unlikely ascent to become one of the most politically powerful men in Mississippi. And two high-profile segregationists - Redskins owner George Preston Marshall and Mississippi Governor Ross Barnett - would impact Khayat's life in ways he could never have imagined. The events of 1960 set the stage for a revolution . . . and Robert Khayat was living in the midst of it all. 60: A Year of Sports, Race & Politics is the story of the year that changed everything for a nation, its culture, and a promising young man from Mississippi.

Never Eat Alone Keith Ferrazzi, Tahl Raz, 2014-06-05 An updated and expanded edition of the runaway bestseller *Never Eat Alone* by Keith Ferrazzi. Proven advice on networking for success: over 400,000 copies sold. As Keith Ferrazzi discovered early in life, what distinguishes highly successful people from everyone else is the way they use the power of relationships - so that everyone wins. His form of connecting to the world around him is based on generosity and he distinguishes genuine relationship-building from the crude, desperate glad-handling usually associated with 'networking'. In *Never Eat Alone*, Ferrazzi lays out the specific steps - and inner mindset - he uses to reach out to connect with the thousands of colleagues, friends, and associates on his Rolodex, people he has helped and who have helped him. He then distills his system of reaching out to people into practical, proven principles. Keith Ferrazzi is founder and CEO of Ferrazzi Greenlight, a marketing and sales consulting company. He is the author of the #1 New York Times bestseller *Who's Got Your Back* and has been a contributor to *Inc.*, the *Wall Street Journal*, and *Harvard Business Review*.
