House of Bastiion K.L. Kolarich,2021-01-19 Some of the best, most complex world-building I've yet seen...This is your next five star read. - Laurie Forest, New York Times bestselling author of *The Black Witch Chronicles* BEHIND THE MASK OF DUTY AND POWER, NO ONE IS WHO THEY SEEM... Centuries after the Forgotten Wars ravaged the world and turned it to ash, the Houses of Pilar, Darakai, Boreal, and Bastiion forged an accord with the royal line of Thoarne, founding a Quadren of advisory to the throne of Orynthia. Every generation, a single haidren from each of the four Houses is appointed to this coveted chair. Upon her Ascension to adulthood, Luscia Tiergan takes her seat at court as al'haidren to the House of Boreal and is quickly drawn into a maze of political traps and dark secrets. As she adjusts to her new life, Luscia uncovers a pattern of forgotten children, slain in the streets of Bastiion. Raised on superstitious rumors about Boreal's penchant for sorcery, Zaethan Kasim, al'haidren to the House of Darakai, inevitably clashes with Luscia when she arrives in Bastiion. But when his position is threatened by an old rival, Zaethan is forced to set aside his hatred and form an uneasy alliance with the Boreali al'haidren to secure his claim. Following a disturbing stream of innocent bloodshed across Orynthia, Luscia and Zaethan discover their ideals are far more aligned than they might have imagined. But in a land of war and deceit, the path to peace should never be trusted. The Series House of Bastiion is the first installment in the award-winning epic fantasy series, *The Haidren Legacy*. Brimming with courtly machinations and a diverse cast, House of Bastiion centers not around those wearing the crown, but those influencing it. Those who whisper into its ear; who protect or betray the agenda of the throne. For the most powerful in any society are rarely who they seem, and in the shadows are they ever truly unmasked. Themes such as loyalty, betrayal, duty, self-discovery, blood-ties, and prejudice unravel in a deadly explosion across a sprawling world built upon intricate cultural systems and diabolical plotlines. Following a string of hellish murders, this political masquerade packs a legendary punch for fans of Brandon Sanderson, Victoria Aveyard, John Gwynne, and Robin Hobb. By evoking the classic style of *A Game of Thrones* and *The Lord of the Rings*, *The Haidren Legacy* series is not for the faint of heart. The Boston Stranglers Susan Kelly,2023-07-18 This book is, quite simply, remarkable journalism, and remarkable writing. --Robert B. Parker An infamous murder spree. A monstrous hoax. The definitive book--updated with new evidence. DeSalvo Is the Strangler! declared the headlines after handyman Albert DeSalvo confessed to eleven brutal rape/murders that terrorized Boston from 1962 to 1964. The repeat sex offender boasted he had raped an additional 2,000 women. His story became the subject of a bestselling book and major Hollywood movie. But DeSalvo was not The Boston Strangler. Author Susan Kelly's detailed investigation shows us the true DeSalvo--a pathological liar whose hunger for celebrity drove him to false confessions--and indicates that the stranglings were committed by more than one killer. In an eye-opening update that explores stunning DNA findings, a shocking re-autopsy, and expert profiling evidence, she shows why this savage, unsolved case continues to fascinate and haunt us. With 16 Pages Of Powerful Photos Taut with suspense. . . crackles like a bestselling novel. --Barry Reed, author of *The Verdict* Prodigious research. --Publishers Weekly

Chiusano’s dazzling stories delve into family, boyhood, sports, drugs, love, and all the weird quirks of growing up in a tight-knit community on the edge of the city. In the tradition of Junot Díaz’s *Drown*, Stuart Dybek’s *The Coast of Chicago*, and Russell Banks’s *Trailerpark*, this is a poignant and piercing collection—announcing the arrival of a distinct new voice in American fiction.

The Brick Bible: The New Testament Brendan Powell Smith,2012-10-19 From the author of the highly praised and somewhat controversial *The Brick Bible: A New Spin on the Old Testament* comes the much-anticipated New Testament edition. For over a decade, Brendan Powell Smith, creator of popular website bricktestament.com, has been hard at work using LEGO® to re-create scenes from the Bible. Now, in one volume, he has brought together over 1,000 “brick” photographs depicting the narrative story of the New Testament. From the life of Jesus—his birth, teachings, and parables—to the famous last supper scene and the crucifixion; from the fate of Judas to the life of Paul and his letters to the Ephesians; from the first book burning to the book of Revelations, this is the New Testament as you’ve never experienced it before. Smith combines the actual text of the New Testament with his brick photographs to bring to life the teachings, miracles, and prophecies of the most popular book in the world. The graphic novel format makes these well-known Bible stories come to life in a fun and engaging way. And the beauty of *The Brick Bible: The New Testament* is that everyone, from the devout to nonbelievers, will find something breathtaking, fascinating, or entertaining within this impressive collection.

Ongoingness Sarah Manguso,2015-03-03 “[Manguso] has written the memoir we didn’t realize we needed.” —The New Yorker In *Ongoingness*, Sarah Manguso continues to define the contours of the contemporary essay. In it, she confronts a meticulous diary that she has kept for twenty-five years. “I wanted to end each day with a record of everything that had ever happened,” she explains. But this simple statement belies a terror that she might forget something, that she might miss something important. Maintaining that diary, now eight hundred thousand words, had become, until recently, a kind of spiritual practice. Then Manguso became pregnant and had a child, and these two Copernican events generated an amnesia that put her into a different relationship with the need to document herself amid ongoing time. *Ongoingness* is a spare, meditative work that stands in stark contrast to the volubility of the diary—it is a haunting account of mortality and impermanence, of how we struggle to find clarity in the chaos of time that rushes around and over and through us. “Bold, elegant, and honest . . . *Ongoingness* reads variously as an addict’s testimony, a confession, a celebration, an elegy.” —The Paris Review “Manguso captures the central challenge of memory, of attentiveness to life . . . A spectacularly and unsummarizably rewarding read.” —Maria Popova, *Brain Pickings*

What It Takes Stephen A. Schwarzman,2019-09-17 NEW YORK TIMES BESTSELLER From Blackstone chairman, CEO, and co-founder Stephen A. Schwarzman, a long-awaited book that uses impactful episodes from Schwarzman's life to show readers how to build, transform, and lead thriving organizations. Whether you are a student, entrepreneur, philanthropist, executive, or simply someone looking for ways to maximize your potential, the same lessons apply. People know who Stephen Schwarzman is—at least they think they do. He’s the man who took \$400,000 and co-founded Blackstone, the investment firm that manages over \$500 billion (as of January 2019). He’s the CEO whose views are sought by heads of state. He’s the billionaire philanthropist who founded Schwarzman Scholars, this century’s version of the Rhodes Scholarship, in China. But behind these achievements is a man who has spent his life learning and reflecting on what it takes to achieve excellence, make an impact, and live a life of consequence. Folding handkerchiefs in his father’s linen shop, Schwarzman dreamed of a larger life, filled with purpose and adventure. His grades and athleticism got him into Yale. After starting his career in finance with a short stint at a financial firm called DLJ, Schwarzman began working at Lehman Brothers where he ascended to run the mergers and acquisitions practice. He eventually partnered with his mentor and friend Pete Peterson to found Blackstone, vowing to create a new and different kind of financial institution. Building Blackstone into the leading global financial institution it is today didn’t come easy. Schwarzman focused intensely on culture, hiring great talent, and establishing processes that allow the firm to systematically analyze and evaluate risk. Schwarzman’s simple mantra “don’t lose money” has helped Blackstone become a leading private equity and real estate investor, and manager of alternative assets for institutional investors globally. Both he and the firm are known for the rigor of their investment process, their innovative approach to deal making, the diversification of their business lines, and a conviction to be the best at everything they do. Schwarzman is also an active philanthropist, having given away more than a billion dollars. In philanthropy, as in business, he is drawn to situations where his capital and energy can be applied to drive transformative solutions and change paradigms, notably in education. He uses the skills learned over a lifetime in finance to design, establish, and support impactful and innovative organizations and initiatives. His gifts have ranged from creating a new College of Computing at MIT for the study of artificial intelligence, to establishing a first-of-its-kind student and performing arts center at Yale, to enabling the renovation of the iconic New York Public Library, to founding the Schwarzman Scholars fellowship program at Tsinghua University in Beijing—the single largest philanthropic effort in China’s history from international donors. Schwarzman’s story is an empowering, entertaining, and informative guide for anyone striving for greater personal impact. From deal making to investing, leadership to entrepreneurship, philanthropy to diplomacy, Schwarzman has lessons for how to think about ambition and scale, risk and opportunities, and how to achieve success through the relentless pursuit of excellence. Schwarzman not only offers readers a thoughtful reflection on all his own experiences, but in doing so provides a practical blueprint for success.
