Russian Alphabet Colouring Book FUEL, 2016 From Sputnik to Gorbachev: an intricately detailed graphic exploration of Russian history that only you can complete This coloring book for all ages marks the first publication of the graphic works of Russian artist Amanita. His fantastical images form a unique world: they are like modern variations of illustrated manuscripts, packed full with elements of Soviet and post-Soviet cultures. The book also works as an introduction to the Russian alphabet. Every drawing depicts a word beginning with each letter from the Cyrillic alphabet, also shown in English, giving a light-hearted guide as to how the letters look and sound. The subjects of Amanita's illustrations are wide-ranging: from political leaders (Lenin, Gorbachev) to inanimate objects (Tupolev aircraft, Sputnik, Tsars, cosmonauts) and Constructivism, these classic Soviet themes are interwoven from one page to the next, all rendered in an abundance of detail. Amanita's amazing and skillful images define a previously unimagined graphic landscape that takes the humble coloring book into a new dimension. Russian Alphabet Colouring Book is the perfect gift book. Alexander Erashov was born in Ermak, Kazakhstan, in 1972. The pseudonym Amanita (a red-and-white spotted mushroom) is a reference to the black-white-red palette of his artworks.

Protecting Pollinators Jodi Helmer, 2019-04-18 We should thank a pollinator at every meal. These diminutive creatures fertilize a third of the crops we

eat. Yet half of the 200,000 species of pollinators are threatened. Birds, bats, insects, and many other pollinators are disappearing, putting our entire food supply in jeopardy. Protecting Pollinators breaks down the latest science on environmental threats and takes readers inside the most promising conservation efforts. Efforts range from cities creating butterfly highways to citizen scientists monitoring migration. Along with inspiring stories of revival and lessons from failed projects, readers will find practical tips to get involved. And they will be reminded of the magic of pollinators--the iconic monarchs, dainty hummingbirds, and homely bats alike who bring food to our tables.

Paper Monsters Oscar Sabini, 2017-09-05 A hands-on monster collage studio that will delight and inspire Paper Monsters is a hands-on collage studio for young children. Budding artists can create seven collage pictures of monsters in cleverly designed paper pockets in the book. Complete all the pictures to make a monster procession hurrying to the last page, where young readers discover the monsters at monster school with a final collage to complete. The book has step-by-step instructions showing how to make the collages but the collage-making activity is open and free. Each spread features an inspirational collage illustration of a monster and paper pocket with a window cut to the same monster shape. Children can tear and paste the decorated papers included in an envelope at the back of the book, along with any scraps of recycled newspapers and magazines, to make a collage on the

piece of card. Slot the piece of collage card into the pocket so it shows through the monster- shaped window, and voila! A wonderful collage monster. Oscar Sabini's artwork is charming and characterful, inspiring young children to be creative and experiment with form and color.

Saints Around the World Meg Hunter-Kilmer, 2021-08-16 The lives of the Saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these Saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In *Saints Around the World*, you'll meet over one-hundred Saints from more than sixty countries, including Saints with different disabilities, strengths, and struggles. The beautiful illustrations and captivating storytelling will introduce you and your children to new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God's tremendous love and our call to be saints. There are stories in *Saints Around the World* for when you feel like life isn't fair, when people are being unkind to you, when you've made a terrible mistake, when you're struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a

cigar while enemy soldiers amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you're checking the map to find Saints who look like you or perusing the extensive indices to find Saints with your skills or struggles, you'll find countless stories in this book that remind you how very possible holiness is.

Pop's Bridge Eve Bunting, 2006-05-01 The Golden Gate Bridge. The impossible bridge, some call it. They say it can't be built. But Robert's father is building it. He's a skywalker--a brave, high-climbing ironworker. Robert is convinced his pop has the most important job on the crew . . . until a frightening event makes him see that it takes an entire team to accomplish the impossible. When it was completed in 1937, San Francisco's Golden Gate Bridge was hailed as an international marvel. Eve Bunting's riveting story salutes the ingenuity and courage of every person who helped raise this majestic American icon. Includes an author's note about the construction of

the Golden Gate Bridge.

Spacehawk Basil Wolverton, 2012-12-07 The complete collection of Wolverton's legendary costumed crusader. Basil Wolverton is one of the greatest, most idiosyncratic talents in comic book history. Though he is best known for his humorous grotesqueries in MAD magazine, it is his science-fiction character Spacehawk that Wolverton fans have most often demanded be collected. The wait is over, as The Complete Spacehawk features every story from Spacehawk's intergalactic debut in 1940 to his final, Nazi-crushing adventure in 1942. Spacehawk is the closest thing to a colorfully-costumed, conventional action hero Wolverton ever created, yet the strip is infused with Wolverton's quintessential weirdness: controlled, organic artwork of strangely repulsive aliens and monsters and bizarre planets, and stories of gruesome retribution that bring to mind Wolverton's peer, Fletcher Hanks. Spacehawk had no secret identity, no fixed base of operations beyond his spaceship, and no sidekicks or love interests. He had but one mission in life: to protect the innocent throughout the Solar System, and to punish the guilty. He was a dark – yet much more visually playful – counterpart to Buck Rogers and Flash Gordon.
