**12 Days of Christmas Horror** Rick McQuiston,2013-08-25 Michigan horror author Rick McQuiston offers yet another trip into the dark folds of his mind. Christmas, that most beloved of holidays, is his next target. An archeologist discovers the grave of Santa himself and winds up paying the price. A child wakes up on Christmas morning and finds a surprise that he didn't expect...or want. And a doll, that staple desire of little girls everywhere, shows an unsuspecting family its true colors.

*Integration of the Armed Forces, 1940-1965* Morris J. MacGregor,2020-06-18 In the quarter century that followed American entry into World War II, the nation's armed forces moved from the reluctant inclusion of a few segregated Negroes to their routine acceptance in a racially integrated military establishment. Nor was this change confined to military installations. By the time it was over, the armed forces had redefined their traditional obligation for the welfare of their members to include a promise of equal treatment for black servicemen wherever they might be. In the name of equality of treatment and opportunity, the Department of Defense began to challenge racial injustices deeply rooted in American society. For all its sweeping implications, equality in the armed forces obviously had its pragmatic aspects. In one sense it was a practical answer to pressing political problems that had plagued several national administrations. In another, it was the services' expression of those liberalizing tendencies that were permeating American society during the era of civil rights activism. But to a considerable extent the policy of racial equality that evolved in this quarter century was also a response to the need for military efficiency. So easy did it become to demonstrate the connection between inefficiency and discrimination that, even when other reasons existed, military efficiency was the one most often evoked by defense officials to justify a change in racial policy.\_x000D\_ Morris J. MacGregor, Jr., received the A.B. and M.A. degrees in history from the Catholic University of America. He continued his graduate studies at the Johns Hopkins University and the University of Paris on a Fulbright grant. Before joining the staff of the U.S. Army Center of Military History in 1968 he served for ten years in the Historical Division of the Joint Chiefs of Staff.

**Echo of Distant Water** J B Fisher,2019-08-05 In December 1958, Ken Martin, his wife Barbara, and their three young daughters left their home in Northeast Portland to search for Christmas greens in the Columbia River Gorge—and never returned. The Martins' disappearance spurred the largest missing persons search in Oregon history and the mystery has remained perplexingly unsolved to this day. For the past six years, JB Fisher (Portland on the Take) has pored over the case after finding in his garage a stack of old Oregon Journal newspaper articles about the story. Through a series of serendipitous encounters, Fisher obtained a wealth of first-hand and never-before publicized information about the case including police reports from several agencies, materials and photos belonging to the Martin family, and the personal notebooks and papers of Multnomah County Sheriff's Detective Walter E. Graven, who was always convinced the case was a homicide and worked tirelessly to prove it. Graven, however, faced real resistance from his superiors to bring his findings to light. Used as a trail left behind after his 1988 death to guide future researchers, Graven's personal documents provide fascinating insight into the question of what happened to the Martins—a path leading to abduction and murder, an intimate family secret, and civic corruption going all the way to the Kennedys in Washington, DC.

*Art and Vision in the Inca Empire* Adam Herring,2015-05-22 In 1500 CE, the Inca empire covered most of South America's Andean region. The empire's leaders first met Europeans on November 15, 1532, when a large Inca army confronted Francisco Pizarro's band of adventurers in the highland Andean valley of Cajamarca, Peru. At few other times in its history would the Inca royal leadership so aggressively showcase its moral authority and political power. Glittering and truculent, what Europeans witnessed at Inca Cajamarca compels revised understandings of pre-contact Inca visual art, spatial practice, and bodily expression. This book takes a fresh look at the encounter at Cajamarca, using the episode to offer a new, art-historical interpretation of pre-contact Inca culture and power. Adam Herring's study offers close readings of Inca and Andean art in a variety of media: architecture and landscape, geoglyphs, sculpture, textiles, ceramics, featherwork and metalwork. The volume is richly illustrated with over sixty color images.

*Godard On Godard* Jean-luc Godard,1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for La Gazette du Cinéma to his later writings for Cahiers du Cinéma, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967,

the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

*The Official Downton Abbey Cocktail Book* Downton Abbey, 2019-09-17 Raise a glass to the elegant past with this collection of drinks recipes inspired by the beloved historical drama. Cocktails were introduced in the drawing rooms of Downton Abbey in the 1920s, when US prohibition inspired the popularity of American-style bars and bartenders in Britain. This well-curated selection of recipes is organized by the rooms in the Abbey in which the drinks were served, and spans everyday sips to party drinks plus hangover helpers and more. In addition to classic concoctions like a Mint Julep, Prince of Wales Punch, and Ginger Beer, this collection features character-specific variations such as Downton Heir, Turkish Attaché, The Valet, and The Chauffeur. The recipes reflect drinks concocted and served upstairs and down, as well as libations from village fairs, cocktail parties, and restaurant menus typical of the time. The book also includes tips, historical trivia, and over forty color photographs featuring cocktails and cast members.

**Felt in the Jaw** Kristen Arnett, 2017-08-20 In her debut story collection, Kristen Arnett, with dark humor, explores the lives of queer women and their families in the light of the bleak Florida sun. A young dancer suddenly loses language while her family struggles to understand their new roles. A mother endures a horrifying spider bite while camping with her daughters in the backyard. A family reunion goes sour when a group of cousins are left to their own devices. In these ten stories, outward strength is always betrayed by deep vulnerability: these are characters so desperate for family and connection that they often isolate themselves--and sometimes, it's the world isolating them--Goodreads.com.

The author, a renowned expert on the history of the form as well as a fine calligrapher herself, writes - uniquely - from a practitioner's point of view. Ranging from the Middle Ages, when beautiful calligraphy was a way of celebrating the divine, to the renaissance of the art form by William Morris, to the modern school of calligraphers following in the wake of master typographer Edward Johnston, Patricia Lovett charts the development of calligraphy through the history of European manuscripts. Large-scale full-colour reproductions enable the reader to see the fine detail of each manuscript, and to understand more clearly than ever before the painstaking craft and great artistic skill that were necessary to create these strikingly beautiful pieces of writing.

**The Field of Fight** Lieutenant General (Ret.) Michael T. Flynn, Michael Ledeen, 2016-07-12 The Instant New York Times Bestseller. A war is being waged against us by radical Islamists, and, as current events demonstrate, they are only getting stronger. Al-Qaeda has morphed into a much more dangerous, menacing threat: ISIS. Lt. General Michael T. Flynn is blunt and urgent. This book aims to inform the American people of the grave danger we face in the war on terror and will continue to face until our government takes decisive action against the terrorists that want nothing more than to destroy us and our way of life. Flynn spent more than thirty three years in Army intelligence, and as Director of the Defense Intelligence Agency worked closely with Generals Stanley McChrystal and David Petraeus, Admiral Mike Mullen, Director of National Intelligence James Clapper, and other policy, defense, intelligence, and war-fighting leaders. From coordinating on-the-ground operations in Iraq, Afghanistan, and elsewhere, to building reliable intelligence networks, to preparing strategic plans for fighting terrorism, Flynn has been a firsthand witness to government screw-ups, smokescreens, and censored information that our leaders don't want us to know. The Field of Fight succinctly lays out why we have failed to stop terrorist groups from growing, and what we must do to stop them. The core message is that if you understand your enemies, it's a lot easier to defeat them but because our government has concealed the actions of terrorists like Osama bin Laden and groups like ISIS and al Qaeda, and the role of Iran in the rise of radical Islam, we don't fully understand the enormity of the threat they pose against us. A call to action that is sensible, informed, and original, The Field of Fight asserts that we must find a way to not only fight better, but to win.
