

Till Death 2.jpg

Elizabeth C. Hirschman

Second Temple Songs of Zion Ruth Henderson,2014-07-28 Although in Second Temple literature we find a variety of songs concerned with the future of Jerusalem, little attempt has been made to analyse these comparatively as a generic group. In this study, three songs have been selected on the basis of their similarity in style, ideas and their apparent original composition in Hebrew. The texts have been subjected to a literary analysis both individually and then comparatively.

Branding Masculinity Elizabeth C. Hirschman,2016-01-22 Branding Masculinity examines two ideologies of masculinity - one typifying rural agricultural areas and the other found in urban, business settings. Comparisons are made between these two current forms of masculinity and both similarities and differences are identified. Six product categories compose the Constellation of Masculinity for both groups. Hirschman selects a masculine prototype brand from each category and presents a detailed analysis of the images, language and marketing actions used to create the brand's masculinity over time. Using her method, marketers for other brands will be equipped to enhance the masculine status of their brands, as well. Branding Masculinity proposes that masculine brands are made, not born. Masculinity is an enduring cultural ideal which can be attached to a variety of products and brands by the appropriate use of symbols, icons and images. Scholars from various disciplines within the fields of branding, marketing, public relations and corporate identity will see this book as vital in continuing the academic discourse in the field. It will serve as a respected reference resource for researchers, academics, students and policy makers, alike.

Civil Rights DBA Social Studies School Service,2001

Global Insurrectional Politics Nevzat Soguk,2018-03-08 The recent Arab uprisings across North Africa and the Middle East have attracted scholarly attention as popular movements with novel transnational and religious dimensions. What became known as the Arab Spring can be read as part of a broader politics of normative defiance of predominant political and economic orders. From religious militations, to Indigenous sovereign claims, to mobilizations of refugees and migrants in camps and urban settings, it may be possible to speak, more generally, of contemporary insurrectional politics as social movements that emanate from normative positions that pose significant challenges to systemic orders as we know them. The purpose of this book is (a) to identify the material shifts giving rise to insurrectional politics, (b) to reflect on key arenas of insurrection, (c) to map/chart the impact of insurrectional movements on institutions and relations of political governance at national and global levels, and (d) to explore analytics that will advance theorization of insurrectional politics. The book aims to generate new knowledge on systemic institutional transformations spanning the national and global by bringing together scholars whose work combines theoretical inquiry with empirical analysis of contemporary insurrectional politics. This title was previously published as a special issue of Globalizations.

Stocker and Dehner's Pediatric Pathology Aliya N Husain,Louis P Dehner,2021-04-06 Virtually all aspects of the pathology in children are unique in pathogenesis and histogenesis from the moment of conception to adolescence whose range includes developmental anomalies to dysembryonic neoplasms. Stocker and Dehner's Pediatric Pathology provides encyclopedic but very usable coverage of this complex subspecialty, detailing all major aspects of the pathologic anatomy of childhood disorders ranging from chromosomal syndromes and infections to forensic pathology. Upholding the standard of excellence established in previous editions, this thoroughly updated Fifth Edition offers the in-depth, richly illustrated guidance you need to confidently evaluate and dependably report your findings.

9 and 11 Kim H. Veltman,2015-02-23 This is an unlikely story of true events. The Day that changed the World in the United States (bombing of the Twin Towers), the Day of Fate in Germany and the Day of Destiny in Israel are all connected with the 11th day of the 9th month. These 9/11 dates entail much more than three events in three countries. In the Hebrew tradition, they include all the calamities that have befallen the Jews from the time of the Destruction of the First Temple and Second Temple, the Expulsion of the Jews from England, France, Spain through to the Holocaust in World War II. These events are, in turn, part of a larger history, which linked the same date with cosmic events such as a day of Cosmic Battle and the Birth of Venus and gave special significance to the numbers 9 and 11. Part one explores this tradition and surveys a range of sources from a former German officer involved in the plot against Hitler, to various conspiracy theories. These events are also related to swastikas and hexagrams. Since World War II there has been a trend to associate swastikas with an evil, German Aryan tradition and hexagrams (e.g. six-pointed Star of David) with a good, Jewish Semitic tradition. Historically, a Jewish connection with the Star of David is late Mediaeval rather than Biblical. Swastikas and hexagrams are found in both the Aryan and the Semitic tradition. Hence, the new trend distorts a complex history. More disturbingly, in the guise of tolerance and political correctness, one version of stories is highlighted, others are being suppressed and truth is endangered.

Fluoride: Drinking Ourselves to Death? Barry Groves,2001-09-20 Fluoride is more toxic than lead, yet it is routinely added to the drinking water of Ireland and Britain. In *Fluoride: Drinking Ourselves to Death?*, Barry Groves presents an array of convincing and persuasive arguments that dismantle the commonly held belief that the fluoridation of water is beneficial to our health. The fluoridation of water has been used for the prevention of tooth decay for over fifty years. During this time little research has been done to ascertain whether it works. The chemicals used are classified as toxic industrial waste, yet no study has ever been conducted into their safety for human consumption. At the same time, research has uncovered serious side effects including death, cancer, skeletal fluorosis, osteoporosis, dementia, lowered IQ, kidney damage and even increased dental decay. Fluoride is only slightly less toxic than arsenic and all the evidence points incontrovertibly to the harm caused by fluoride to human, plant and animal life. Yet it is routinely added to the drinking water of five million people in Britain and more than two and a half million people in Ireland. Strongly opposed throughout the world, water fluoridation is far less widely accepted than its proponents would have us believe. Only two percent of the people of Western Europe have their water fluoridated — almost all of them within Britain and Ireland. Despite this, dental organisations lobby governments to compel everyone to ingest fluoride, whether they want it or not and without regard to possible harm. The vast majority of dentists maintain that the fluoridation of water is not debatable. In this book, Barry Groves assembles evidence to refute every single argument made by the dental establishment in favour of fluoridation. This carefully researched and persuasively written book demonstrates that the case for fluoridation of water is based on poor science and dogmatic ignorance rather than on any scientifically proven benefit to public health. His conclusions are truly alarming for everyone concerned with their own health, that of their families and of society in general. *Fluoride: Drinking Ourselves to Death?*: Table of Contents Introduction - Water Fluoridation - Fluoride and Water Safety - Cancer and Fluoride - Safe Limit for Fluoride - Research into Fluoride - Fluoridation and High Infant Mortality - Fluoride as a Cumulative Poison - Fluoride Kills - People at Risk from Fluoride - EPA Scientists and Fluoride - Support for Fluoridation Diminishes in America - The Totality of Fluoride - The Ethics and Legality of Fluoridation - Dental Fluorosis - The Dose Makes the Poison - Fluoride-Related Bone Problems, Part One - Fluoride-Related Bone Problems, Part Two - The Death of Science - The Poor and Fluoride Toxicity - Sugar and Truth Decay - Money Down the Drain - The History of Water Fluoridation, Part One - Arsenic and Old Lies - The History of Water Fluoridation, Part Two - Dentrifrice — or Rodenticide? - Europe Against Fluoride - Skeletal Fluorosis - The Public and Fluoride - Legislating for Fluoride - Fluoride Not an Essential Nutrient - Fluoride and Controversy - The UK Review: The Final Word on Fluoride? - Are You at Risk?Conclusion Appendix: Scientific Opposition to Fluoride

A Critical Greek and English Concordance of the New Testament Charles Frederic Hudson,1882

Psalms Through the Centuries, Volume 2 Susan Gillingham,2020-05-18 *Psalms Through the Centuries: Volume Two* provides the first ever extensive commentary on the Jewish and Christian reception history of the first two books of the Psalter (Psalms 1-41 and 42-72). It explores the various uses of the Psalms, over two millennia, in translation and commentary, liturgy and prayer, study and preaching, musical composition and artistic illustration, poetic and dramatic imitation, and contemporary discourse. With lavish illustrations, using examples from both music and art, *Psalms Through the Centuries: Volume Two* offers a detailed commentary on each psalm, with an extensive bibliography, a large glossary of terms, and helpful indices. It is an ideal resource both for students and scholars in the academy and for lay people and ministers in church and synagogue. *Psalms Through the Centuries* is published within the Wiley Blackwell Commentary series. Further information about this innovative reception

history series is available at www.bbibcomm.info

One Night of Madness Stokes McMillan,2009-11-11 The year was 1950. Mary Ella Harris, works hard sharecropping alongside her husband, a man with a penchant for gambling, drinking, and associating with unsavory white people. When she is cornered in her home by Leon Turner, a white man who refuses to take no for an answer, Mary Ella narrowly avoids an attempted rape. After his arrest, Leon escapes jail and enacts a bloody revenge with two accomplices. With the eyes of the nation watching, the state itself is on trial. The jury's controversial decision ultimately serves as a catalyst for change.

Molecules That Amaze Us Paul May,Simon Cotton,2014-10-23 This new book is by two knowledgeable and expert popularizers of chemistry and deals exclusively with molecules and compounds rather than with the simpler atoms and elements. It is based on the very successfulMolecule of the Month' website that was begun by Paul May fifteen years ago and to which his co-author Simon Cotton has been a frequent co

The Early Poetry of Charles Wright Robert D. Denham,2009-01-13 This companion covers Charles Wright's first two trilogies, Country Music (1982) and The World of the Ten Thousand Things (1990), providing biographical details, information on Wright's sources and influences, and historical notes. It pays special attention to the way that Wright's poems work together and the links that are formed between them. While each poem is given its own commentary, the author argues that they work together in a concentrated whole to document a man's spiritual journey.

Till Death Do Us Part Joey Lawrence,2007-02-01 In Lancaster, Connecticut, Margaret Adler is gone. She vanished, just seconds before her house exploded into a fireball. Her dark secrets remain in a hidden, basement room, where science and murder came together, and gave birth to awesome power... only when she left, she wasn't alone. Hiram Milliken, the twisted, child killer, is with her, even though his body lies in the middle of Wickett Avenue, his dead eyes staring up into the black, night sky. They tried to steal Jeremy McKee's soul, they tried to kill his friends - they killed his father - but he fought them he fought, and he won, and the price of his victory cost them more than they ever dreamt possible. Now, Hiram is trapped inside Margaret's body, and in control of her fantastic powers. Jeremy and his friends are hunting for him, with the help of a surprise ally from the government institution known only as The Agency. Hiram will stop at nothing to have a new body for himself, one with the power to crush anyone who stands in his way but to succeed, more children must die. The battle begins anew. The power was never meant to be in the hands of a madman.

Fifty Years of the Concept Album in Popular Music Eric Wolfson,2023-12-28 The concept album is one of popular music's most celebrated-and misunderstood-achievements. This book examines the untold history of the rock concept album, from The Beatles to Beyoncé. The roots of the concept album are nearly as old as the long-playing record itself, as recording artists began using the format to transcend a mere collection of songs into a listening experience that takes the listener on a journey through its unifying mood, theme, narrative, or underlying idea. Along the way, artists as varied as the Moody Blues, Jimi Hendrix, Joni Mitchell, Pink Floyd, Parliament, Donna Summer, Iron Maiden, Radiohead, The Notorious B.I.G., Green Day, Janelle Monáe, and Kendrick Lamar created albums that form an extended conversation of art and music. Limits were pushed as the format grew over the subsequent eras. Seminal albums like the Beatles' Sgt. Pepper's Lonely Hearts Club Band, the Who's Tommy, Marvin Gaye's What's Going On, stand alongside modern classics like Liz Phair's Exile in Guyville, Kendrick Lamar's good kid, m.A.A.d city, and Beyoncé's Lemonade. Mixing iconic albums with some newer and lesser-known works makes for a book that ventures into the many sides of a history that has yet to be told-until now.

The New Pocket Dictionary of the French and English Languages ... The Seventh Edition, Carefully Revised and Corrected; to which ... are Now Added ... Some Thousand Words; Besides a Very Copious Collection of Useful Phrases. By J. S. Charrier. (Nouveau Dictionnaire Portatif Des Langues Françaises Et Angloises, Etc.). Thomas NUGENT (LL.D.),1793

Canadian Justice, Indigenous Injustice Kent Roach,2019-01-21 In August 2016 Colten Boushie, a twenty-two-year-old Cree man from Red Pheasant First Nation, was fatally shot on a Saskatchewan farm by white farmer Gerald Stanley. In a trial that bitterly divided Canadians, Stanley was acquitted of both murder and manslaughter by a jury in Battleford with no visible Indigenous representation. In Canadian Justice, Indigenous Injustice Kent Roach critically reconstructs the Gerald Stanley/Colten Boushie case to examine how it may be a miscarriage of justice. Roach provides historical, legal, political, and sociological background to the case including misunderstandings over crime when Treaty 6 was negotiated, the 1885 hanging of eight Indigenous men at Fort Battleford, the role of the RCMP, prior litigation over Indigenous underrepresentation on juries, and the racially charged debate about defence of property and rural crime. Drawing on both trial transcripts and research on miscarriages of justice, Roach looks at jury selection, the controversial “hang fire” defence, how the credibility and beliefs of Indigenous witnesses were challenged on the stand, and Gerald Stanley's implicit appeals to self-defence and defence of property, as well as the decision not to appeal the acquittal. Concluding his study, Roach asks whether Prime Minister Justin Trudeau's controversial call to “do better” is possible, given similar cases since Stanley's, the difficulty of reforming the jury or the RCMP, and the combination of Indigenous underrepresentation on juries and overrepresentation among those victimized and accused of crimes. Informed and timely, Canadian Justice, Indigenous Injustice is a searing account of one case that provides valuable insight into criminal justice, racism, and the treatment of Indigenous peoples in Canada.

Till Death Do Us Part Joseph A. Webb,1996-09

The Celebration of Death in Contemporary Culture Dina Khapaeva,2017-03-06 The Celebration of Death in Contemporary Culture investigates the emergence and meaning of the cult of death. Over the last three decades, Halloween has grown to rival Christmas in its popularity. Dark tourism has emerged as a rapidly expanding industry. “Corpse chic” and “skull style” have entered mainstream fashion, while elements of gothic, horror, torture porn, and slasher movies have streamed into more conventional genres. Monsters have become pop culture heroes: vampires, zombies, and serial killers now appeal broadly to audiences of all ages. This book breaks new ground by viewing these phenomena as aspects of a single movement and documenting its development in contemporary Western culture. This book links the mounting demand for images of violent death with dramatic changes in death-related social rituals. It offers a conceptual framework that connects observations of fictional worlds—including The Twilight Saga, The Vampire Diaries, and the Harry Potter series—with real-world sociocultural practices, analyzing the aesthetic, intellectual, and historical underpinnings of the cult of death. It also places the celebration of death in the context of a longstanding critique of humanism and investigates the role played by 20th-century French theory, posthumanism, transhumanism, and the animal rights movement in shaping the current antihumanist atmosphere. This timely, thought-provoking book will appeal to scholars of culture, film, literature, anthropology, and American and Russian studies, as well as general readers seeking to understand a defining phenomenon of our age.
