Jeffrey Bernard is Unwell Keith Waterhouse,1991 Gambler, journalist, fervent alcoholic and four-times married Jeffrey Bernard writes the Low Life column for the Spectator magazine chronicling Soho life as well as offering a very personal philosophy on vodka, women and race-courses. From this, Keith Waterhouse has brilliantly constructed a play (the title being the euphemism used by the Spectator when Bernard is incapable of writing his column) which is set in the saloon bar of Bernard's favourite Soho pub, the Coach and Horses. Having passed out in the lavatory, Bernard awakes in the early hours of the morning to find himself alone and in the dark. Unable to contact the landlord, he is resigned to spending the rest of the night with a bottle of vodka and an endless chain of cigarettes, narrating a story of hilarious anecdotes and witty reminiscences which are enacted by two actors and two actresses who bring to life the various characters who populate Jeff's world. Starring Peter O'Toole, later succeeded by Tom Conti then James Bolam, the play enjoyed a hugely successful run at the Apollo Theatre, London.

The Holy Bible: Revised Common Version William Masopust,2018 The Holy Bible: Revised Common Version Containing both the Old Testament and New Testament 2018 Edition [r1801] A modern Bible revision of a classic Bible text. The Revised Common Version (RCV) is a derivative work of Noah Webster's 1833 Common Version of the Bible (a revision of the King James Version). As with Webster's Common Version, the RCV aims to make updates to words and phrases so that they are better understood by the everyday reader who may not read the Scriptures with the aid of commentaries. Care has been taken so that changes to the text are not theologically motivated, but rather are consistent with the original text. Changes include the updating of archaic words to the current equivalent, rearranging of sentences to better follow current English, adjusting of punctuation to aid the reader in the flow of reading, addition of quotation marks, and notation of Old Testament quotes in the New Testament. Some editions of the RCV have more features, including, the words of Christ in blue and an outline for each chapter. This edition of the Revised Common Version contains the full text of both the Old Testament and New Testament. It also contains a one-year Bible reading plan and a glossary of terms. 20% of all royalties go to the charity, Childcare Worldwide. The full text of the RCV can be read and downloaded at <http://www.revisedcommonversion.com>.

Mass Spectrometry for Chemists and Biochemists Robert A. W. Johnstone,Malcolm E. Rose,1996-10-17 This book describes the full range of mass spectrometry techniques and applications. This versatile technique is in ubiquitous use in universities and industry laboratories because of its ability to identify and quantify materials quickly and, if necessary, in minute amounts, and solve analytical problems in a huge variety of fields. The authors adopt an instructional approach and make use of recent examples to illustrate important points. This second edition includes new methods and applications that have developed in the last ten years. Powerful methods combining mass spectrometry with newer separation techniques, the increased use of computers, and analysis of once difficult polar and large-mass compounds such as proteins using new ionisation methods are all discussed. Requiring no previous knowledge of mass spectrometry, this is an ideal teaching text at both undergraduate and postgraduate level, and will also be of considerable interest to research workers.
