The Social Aesthetics of Human Environments Arnold Berleant, 2023-08-24 Across these essays Arnold Berleant demonstrates how aesthetic values and theory can be used to reappraise our social practices. He tackles issues within the built environment, everyday life, and politics, breaking down the dichotomy between the natural and the human. His work represents a fresh approach to traditional philosophical questions in not only ethics, but in metaphysics, truth, meaning, psychology, phenomenology, and social and moral philosophy. Topics covered include the cultural aesthetics of environment, ecological aesthetics, the aesthetics of terrorism, and the subversion of beauty. The corruption of taste by the forces of commercial interests as well as how aesthetics can advance our understanding of violence are also considered. Berleant's exploration is supported by his analysis of 19th-century art to the present day, starting with impressionism through to postmodernism and contemporary artistic interventions. By critically examining the field in this way and casting new light on social understanding and practice, this collection makes a substantive contribution in

identifying and clarifying central human issues, guided by an understanding of aesthetic engagement as a powerful tool for social critique.

Chicago's Polish Downtown Victoria Granacki,Polish Museum of America,2004-07-21 Polish Downtown is Chicago's oldest Polish settlement and was the capital of American Polonia from the 1870s through the first half of the 20th century. Nearly all Polish undertakings of any consequence in the U.S. during that time either started or were directed from this part of Chicago's near northwest side. This book illustrates the first 75 years of this influential Polish neighborhood. Featured are some of the most beautiful churches in Chicago-St. Stanislaus Kostka, Holy Trinity, and St. John Cantius-stunning examples of Renaissance and Baroque Revival architecture that form part of the largest concentration of Polish parishes in Chicago. The headquarters for almost every major Polish organization in America were clustered within blocks of each other, and four Polish-language daily newspapers were published here. The heart of the photographic collection in this book is from the extensive library and archives of the Polish Museum of America, still located in the neighborhood.

Rich and Pretty Rumaan Alam,2016-06-07 This irresistible debut, set in contemporary New York, provides a sharp, insightful look into how the relationship between two best friends changes when they are no longer coming of age but learning how to live adult lives. As close as sisters for twenty years, Sarah and Lauren have been together through high school and college, first jobs and first loves, the uncertainties of their twenties and the realities of their thirties. Sarah, the only child of a prominent intellectual and a socialite, works at a charity and is methodically planning her wedding. Lauren—beautiful, independent, and unpredictable—is single and working in publishing, deflecting her parents’ worries and questions about her life and future by trying not to think about it herself. Each woman envies—and is horrified by—particular aspects of the other’s life, topics of conversation they avoid with masterful linguistic pirouettes. Once, Sarah and Lauren were inseparable; for a long a time now, they’ve been apart. Can two women who rarely see one other, selectively share secrets, and lead different lives still call themselves best friends? Is it their abiding connection—or just force of habit—that keeps them together? With impeccable style, biting humor, and a keen sense of detail, Rumaan Alam deftly explores how the attachments we form in childhood shift as we adapt to our adult lives—and how the bonds of friendship endure, even when our paths diverge.

Armor & Animals Liz Yohlin Baill,2021-02-23 What do knights in shining armor have to do with slimy snails and porcupines? A lot, actually! *Armor & Animals* brings together two things kids love to provide an entryway into the world of art. The armor collection at the Philadelphia Museum of Art, beloved by its young visitors, provides the remarkable helmets, shields, and more that appear in the book, and which experienced museum educator Liz Yohlin Baill compares to the shells, scales, and spikes that protect animals. Lively text paired with bright, modern graphics and real-life armor informs kids about art and animals in tandem. A rhino crashes into a knight, teaching kids that a group of rhinos is called a crash—so stay out of the way! Dragons may be imaginary, but a fire-breathing dragon etched on armor can still make a horse look extra tough. Kids can consider the helmets, goggles, and other armor they use that help make their own activities safer, and connect art to their world as they learn.

That Kind of Mother Rumaan Alam,2018-05-08 NAMED A RECOMMENDED BOOK OF 2018 BY: BuzzFeed • The Boston Globe • The Millions • InStyle • Southern Living • Vogue • Popsugar • Kirkus • The Washington Post • Library Journal • Real Simple • NPR “With his unerring eye for nuance and unsparing sense of irony, Rumaan Alam’s second novel is both heartfelt and thought-provoking.” — Celeste Ng, author of *Little Fires Everywhere* From the bestselling author of *Leave the World Behind*, a novel about the families we fight to build and those we fight to keep Like many first-time

mothers, Rebecca Stone finds herself both deeply in love with her newborn son and deeply overwhelmed. Struggling to juggle the demands of motherhood with her own aspirations and feeling utterly alone in the process, she reaches out to the only person at the hospital who offers her any real help—Priscilla Johnson—and begs her to come home with them as her son’s nanny. Priscilla’s presence quickly does as much to shake up Rebecca’s perception of the world as it does to stabilize her life. Rebecca is white, and Priscilla is black, and through their relationship, Rebecca finds herself confronting, for the first time, the blind spots of her own privilege. She feels profoundly connected to the woman who essentially taught her what it means to be a mother. When Priscilla dies unexpectedly in childbirth, Rebecca steps forward to adopt the baby. But she is unprepared for what it means to be a white mother with a black son. As she soon learns, navigating motherhood for her is a matter of learning how to raise two children whom she loves with equal ferocity, but whom the world is determined to treat differently. Written with the warmth and psychological acuity that defined his debut, Rumaan Alam has crafted a remarkable novel about the lives we choose, and the lives that are chosen for us.
