Cross Stitch for the Earth Emma Congdon, 2021-04-06

Stitch for a greener future with this stunning collection of environment and nature focused designs from leading cross stitch designer Emma Congdon. Whether it's a plea to save the bees, clean up the oceans, appreciate nature, or unplug from technology, this celebration of the green movement in thread will remind us of the need to come together to build a brighter future, one stitch at a time. Emma's iconic designs are universally loved by her fans who have bought over 40,000 of her patterns on Etsy, and who have set up a dedicated fan group on Facebook, where they share their work in progress and proud finishes. This collection features 20 exclusive designs, each with an easy-to-read full colour and symbol chart. Alongside the designs, Emma shares her thoughts and inspirations for each one, with a detailed materials list and instructions for stitching. Beginners to cross stitch will find a helpful guide to the stitches and techniques used - and the beauty of cross stitch is that if you can sew one cross you can sew all these designs! The designs range in size from mini hoops to larger scale samplers, so there are options to suit everyone - and they all share Emma's skill with colour, typography and design which have made her one of the world's best-loved cross stitch designers. Sentiments include: We don't inherit the Earth from our ancestors, we borrow it from our children Pardon the weeds, we're feeding the bees Leave nothing but footprints, kill nothing but time Live gently on the Earth Never underestimate the difference you make The Earth has music for those who listen All good things are wild and free Take care of the Earth and she will take care of you Between two pines is a doorway to a new world The world is full of magic Cross Stitch for the Earth is printed on FSC paper, is

recyclable, and every purchase includes a donation to Friends of the Earth, an environmental campaigning community dedicated to the wellbeing and protection of the natural world.

The Black Jacobins C.L.R. James, 2023-08-22 A powerful and impassioned historical account of the largest successful revolt by enslaved people in history: the Haitian Revolution of 1791-1803 "One of the seminal texts about the history of slavery and abolition.... Provocative and empowering." –The New York Times Book Review *The Black Jacobins*, by Trinidadian historian C. L. R. James, was the first major analysis of the uprising that began in the wake of the storming of the Bastille in France and became the model for liberation movements from Africa to Cuba. It is the story of the French colony of San Domingo, a place where the brutality of plantation owners toward enslaved people was horrifyingly severe. And it is the story of a charismatic and barely literate enslaved person named Toussaint L'Ouverture, who successfully led the Black people of San Domingo against successive invasions by overwhelming French, Spanish, and English forces—and in the process helped form the first independent post-colonial nation in the Caribbean. With a new introduction (2023) by Professor David Scott.

Den of Thieves James B. Stewart, 2012-11-20 A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties' biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of

America's most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky, *Den of Thieves* weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

Endometriosis in Adolescents Ceana H. Nezhat, 2020-11-13 Adolescent endometriosis is a previously overlooked disease in children, the true prevalence of which is still unknown but has been estimated between 19-73%. There are numerous initial challenges faced by adolescents suffering from delayed or undiagnosed endometriosis apart from experiencing chronic pain, such as: school/work absenteeism, false diagnoses/treatments, erroneous physician referrals, unnecessary radiological studies, radiation exposure, and emergency room visits as well as early exposure to narcotic pain medications and subsequent drug tolerance, resistance or even addiction. This text presents a clear history of physician and patient understanding and awareness of endometriosis in adolescents. It lays the groundwork for this condition with background information on endometriosis in general followed by a more focused look at endometriosis in adolescents. Leading experts in the field provide chapters on the different locations where endometriotic lesions can present in adolescents as well as identified risk factors and concomitant diseases of which it is important to be aware. In addition to the clinical presentation, this book also provides information on breaking down existing barriers, such as stigma, and current activism and awareness of this condition. Adolescent Endometriosis is a first-of-its-kind text that focuses exclusively on endometriosis in the adolescent population. Written by experts

in the field, this book is a comprehensive resource for clinicians in all medical disciplines that treat adolescent age girls.

Godard On Godard Jean-luc Godard, 1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for *La Gazette du Cinéma* to his later writings for *Cahiers du Cinéma*, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself—his own experiments, obsessions, discoveries. This book offers evidence that he may

be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

The Florists' Exchange ,1890

ASEAN's One Hundred Most Precious Plants Monina T. Uriarte, Eric M. Lopez, 2004

A Medieval Woman's Companion Susan Signe-Morrison, 2015-11-30 What have a deaf nun, the mother of the first baby born to Europeans in North America, and a condemned heretic to do with one another? They are among the virtuous virgins, marvelous maidens, and fierce feminists of the Middle Ages who trail-blazed paths for women today. Without those first courageous souls who worked in fields dominated by men, women might not have the presence they currently do in professions such as education, the law, and literature. Focusing on women from Western Europe between c. 300 and 1500 CE in the medieval period and richly carpeted with detail, *A Medieval Woman's Companion* offers a wealth of information about real medieval women who are now considered vital for understanding the Middle Ages in a full and nuanced way. Short biographies of 20 medieval women illustrate how they have anticipated and shaped current concerns, including access to education; creative emotional outlets such as art, theater, romantic fiction, and music; marriage

and marital rights; fertility, pregnancy, childbirth, contraception and gynecology; sex trafficking and sexual violence; the balance of work and family; faith; and disability. Their legacy abides until today in attitudes to contemporary women that have their roots in the medieval period. The final chapter suggests how 20th and 21st century feminist and gender theories can be applied to and complicated by medieval women's lives and writings. Doubly marginalized due to gender and the remoteness of the time period, medieval women's accomplishments are acknowledged and presented in a way that readers can appreciate and find inspiring. Ideal for high school and college classroom use in courses ranging from history and literature to women's and gender studies, an accompanying website with educational links, images, downloadable curriculum guide, and interactive blog will be made available at the time of publication.

Keeper'n Me Richard Wagamese, 2018-10-02 When Garnet Raven was three years old, he was taken from his home on an Ojibway Indian reserve and placed in a series of foster homes. Having reached his mid-teens, he escapes at the first available opportunity, only to find himself cast adrift on the streets of the big city. Having skirted the urban underbelly once too often by age 20, he finds himself thrown in jail. While there, he gets a surprise letter from his long-forgotten native family. The sudden communication from his past spurs him to return to the reserve following his release from jail. Deciding to stay awhile, his life is changed completely as he comes to discover his sense of place, and of self. While on the reserve, Garnet is initiated into the ways of the Ojibway--both ancient and modern--by Keeper, a friend of his grandfather, and last fount of history about his people's ways. By turns funny, poignant and mystical, Keeper'n Me reflects a positive view of Native

life and philosophy--as well as casting fresh light on the redemptive power of one's community and traditions.

The Seven Ways of Ayurveda Sarah Kucera, 2022-05-24 A guide to the Ayurvedic personality types, or doshas, with psychology-based advice on cultivating balance, from the author of The Ayurvedic Self-Care Handbook At the core of Ayurveda is an understanding that we are all made of the same materials--the five elements of ether (space), air, fire, water, and earth--and how you look, think, and feel can be traced back to your unique proportion of these elements at any given time. This is your dosha, the true essence of who you are. Knowing your dosha is the key to deeper self-knowledge, easier relationships, and a happier future. In The Seven Ways of Ayurveda, you'll discover which type fits you best. Vata: creator, multitasker, artist Pitta: perfectionist, challenger, leader Kapha: peacemaker, nurturer, lover Vata-Pitta: performer, innovator, first responder Pitta-Kapha: guardian, moralist, observer Vata-Kapha: dreamer, supporter, conversationalist Tri-Dosha: proficient in all trades, well-rounded Then, you'll identify your innate strengths (and their "shadow sides"); whether you're out of balance (and what to do); how your unique type approaches work, love, travel, and more; and how to forge true, mutual understanding with friends and loved ones whose doshas may differ. When you know yourself better, you can take better care of yourself--and others, too.

Journal of the Fortean Research Center Paperbound Ray Boeche, 2012-07-01 The Fortean Research Center was founded in Lincoln, Nebraska in 1982. During the two decades of its existence, this volunteer group of researchers and investigators delved deep into the unexplained. Exploring events in Nebraska - and far beyond -that included ghosts, UFOs, Bigfoot encounters, animal

mutations, government cover-ups, alleged alien abductions, psychic phenomena, cult activity, and even a sighting of a blob-like mystery creature the Fortean Research Center became recognized among members of the Fortean, paranormal, and UFO research communities around the world, as a reliable and trusted source of information. Here is the entire collection of the Journal of the Fortean Research Center, 23 issues in all. These publications are a reflection of their time, and demonstrate in many cases the beginning steps into subjects familiar to the public today: alleged UFO crashes and landings at government installations, alien abductions, cryptozoology and more.

Beginning Illumination Claire Travers, 2016 This photo-filled guide offers you all the information you need to begin the fascinating ancient art of illumination, and then to improve your skills. A short history of the art, including photos of some of the world's great medieval masterpieces, gives you context, and then you're introduced to the materials and basic techniques. First learn the proper ways of preparing your parchment, selecting pigments, gilding, and using color. Next, the five steps of illuminating are clearly taught in detail. By learning to create friezes, detailed human faces, flourishes, creatures such as dragons and elephants,

and much more, you'll discover a skill that has crossed the centuries. Today, illumination can be used to add a special flair to diplomas, invitations, family trees, or a memorable event like a wedding, a birthday, or an anniversary.

Howard Hughes: The Secret Life Charles Higham, 2013-09-24 His wealth was legendary. His passions were bizarre. Now, the truth about the money, the madness, and the man behind the enigma. Howard Hughes is one of the best known and least understood men of our times--famed for his wealth, his daring, and his descent into madness. Bestselling biographer Charles Higham goes beyond the enigma to reveal the incredible private life of Howard Hughes: * his romances with the great stars of Hollywood--Katharine Hepburn, Bette Davis, Cary Grant, Tyrone Power, and numerous others * his forays into sadomasochism * his involvement with Richard Nixon and Watergate * his bizarre final years This is a compelling portrait of a unique American figure--in a story as revealing as it is unforgettable.

The Art and History of Calligraphy Patricia Lovett, 2020 This stunningly illustrated new book focuses on 77 intricate, expressive and individual examples of calligraphy from the unparalleled collection of the British Library. The author, a renowned expert on the history of the form as well as a fine calligrapher herself, writes - uniquely - from a practitioner's point of view. Ranging from the Middle Ages, when beautiful calligraphy was a way of celebrating the divine, to the renaissance of the art form by William Morris, to the modern school of calligraphers following in the wake of master typographer Edward Johnston, Patricia Lovett charts the development of calligraphy through the history of European manuscripts. Large-scale full-colour reproductions enable the reader to see the fine detail of each manuscript, and to understand more clearly than ever before the painstaking craft and great artistic skill that were necessary to create these strikingly beautiful pieces of writing.
