Ferrari Photo Book 2 Carl Tanner,2017-07-23 Ferrari have always featured very highly at all of the iconic Goodwood events over the years. This book provides a collection of over 50 Ferrari photographs taken at either the Goodwood Festival of Speed, Members Meeting or Revival meeting. For me the F40 will always be the most magical of Ferrari's but for others it is the Ferrari 250 GTO with its ever increasing price tag or the Ferrari Enzo. The prancing horse will always be a major focal point for events at Goodwood well into the future. I hope you enjoy this collection of prancing horse photographs. Please note that this book contains no written text or car descriptions, just photos!

Ferrari Racecars 1966-1983 William Taylor,2013-12-01 Taken by motor sports photographer Ian Catt, the historic images are an accumulation of twenty years of being at the right place at the right time, capturing the very essence of both Formula 1 and World Championship Sportscar racing during this heady period. Working for a leading sponsor Ian had the chance to capture the cars both in motion on the track, as well as in the pits and paddock, where he could 'get up close' to both the cars and drivers.

Go Like Hell Albert J. Baime,2009 By the early 1960s, the Ford Motor Company, built to bring automobile transportation to the masses, was falling behind. Young Henry Ford II, who had taken the reins of his grandfather's company with little business experience to speak of, knew he had to do something to shake things up. Baby boomers were taking to the road in droves, looking for speed not safety, style not comfort. Meanwhile, Enzo Ferrari, whose cars epitomized style, lorded it over the European racing scene. He crafted beautiful sports cars, science fiction on wheels, but was also called the Assassin because so many drivers perished while racing them.Go Like Helltells the remarkable story of how Henry Ford II, with the help of a young visionary named Lee Iacocca and a former racing champion turned engineer, Carroll Shelby, concocted a scheme to reinvent the Ford company. They would enter the high-stakes world of European car racing, where an adventurous few threw safety and sanity to the wind. They would design, build, and race a car that could beat Ferrari at his own game at the most prestigious and brutal race in the world, something no American car had ever done.Go Like Helltransports readers to a risk-filled, glorious time in this brilliant portrait of a rivalry between two industrialists, the cars they built, and the pilots who would drive them to victory, or doom.

Ferrari Lionel Froissart,1997 When, in the early 1950s, Enzo Ferrari - who was already established as a master car builder - decided to diversify, he set out to find a premier couturier to adorn his cars, creations he likened to the loveliest Italian women. Legend has it that Enzo Ferrari and designer Battista Pininfarina first met midway between their respective places of work, as neither would agree to meeting on the other's territory. Their encounter was to result in some of the most extraordinary sports cars of the twentieth century. It also marked the beginning of the uncontested rule of Ferrari in the automobile world. The marriage of the house of the prancing horse with the Carrozzeria Pininfarina immediately proved a happy and prosperous one. With the introduction of the now-classic 212 Inter (of which only seventeen were produced), the partnership launched what was to become the world's most prestigious and celebrated line of sporting automobiles. Soon came such unforgettable models as the 375 America Berlinetta and the 250 GT Berlinetta - considered by some to be one of the most beautiful cars ever designed - along with an extraordinary suite of Ferrari admirers, from King Leopold of Belgium to Ingrid Bergman (who sat behind the wheel of the 375 America Berlinetta at the 1954 Paris Auto Show). The Ferrari-Pininfarina story is one of constant innovation, mixed with equal parts inspiration and technical expertise, and no small amount of personal drama: the famous Dino, introduced in 1965, was a tribute to Enzo's son Alfredino, who conceived and designed the Dino's V-6 engine from his hospital bed shortly before he died. Today, this heritage of automotive excellence has been passed on to the son's ofBattista and Enzo, whose legacy continues to generate the boldest, most applauded sports cars in the world. Here the story of these extraordinary men, and their new and dynamic vision of the car, is told in photographs, drawings, and drawing-board sketches of the most beautiful Fer
