The Fluffer Ruaidri, 2021-02-20

British Gunmakers: Historical data on the Birmingham, Scottish and Regional gun trade in the nineteenth and twentieth centuries Nigel Brown, 2004 One of the most important aspects of the British Gunmakers series of books has been the compilation of the past and existing records of the many gunmaking firms and the setting down of the historical facts known about them before they get lost in the mists of time. No such collection, just like a cartridge collection, can ever be complete but this volume in conjunction with the first two is undoubtedly the best printed source of such historical record information available anywhere in the world. --
