Digital Photography Superguide , In this book, we'll walk you through our favorite tips for mobile photography: Learn the best way to capture bright sunsets, how to hold your device so it doesn't shake, and tips for taking quick shots. After that, we take an in-depth look at photography on each of the major smartphone operating systems: You'll learn how to take, edit, and share images whether you're using an iPhone, an Android phone, or a Windows Phone 8 device. Once you've gotten a handle on great mobile photography, we suggest some third-party apps to enhance the experience. And if you're a professional photographer, don't miss our section on using your iPad or Android tablet to improve your workflow. The only surefire way to become a better photographer is experience. Luckily, digital photography allows you to make as many mistakes, cost-free, as your memory card can hold. And as you combine technical knowledge and compositional awareness with lots of practice, you'll be able to capture moments of brilliance. We hope this book will help you along that journey.

Pulling together multiple secondary sources, it studies the kingdoms in the Malay Archipelago, such as Langkasuka, one of the oldest kingdoms located on the cross-roads between India and China. It also examines kingdoms in greater Southeast Asia, including Chola, Srivijaya, Funan, Champa, Sailendra, Majapahit, Angkor and Ayutthaya, detailing how they all had connections with the kingdoms of the Malay Archipelago aforementioned. Sparked by a traveller's curiosity, the book captures some of the ongoing efforts in uncovering the history of this period, and addresses a dearth in Malaysia's often Malacca-centric historiography.

Toxic Temple Anna Lerchbaumer,Kilian Jörg,2022-04-19 What changes when we religiously worship the toxic? In this era of catastrophe, can a cosmic connection be achieved through a cult of pollution? Toxic Temple is an artistic-philosophical quest to understand the current parlous state of the world. We offer our inner contradictions and destructive lusts as objects of worship. We enter wastelands instead of new territory, leaving space for artifacts, expressing solidarity with the factual. We encounter colorful assemblages of things that connect the known cosmos, tread the shaky ground of novel divinity, inhale pungent odors that transport us to the sublime. Garbage dumps are the new temples. In a mania of sadistic composure we breathe in the here and now. Transformative forces are released, free radicals; rituals that expose the chaos that lurks beneath the surface.
