Hearts Rising Penelope Bell, 2019-04-14 AS THE PHOENIX RISES FROM THE ASHES, IT'S A TALISMAN OF STRENGTH AND RENEWAL It wasn't long before Victoria Hart realized she was destined to accept the mantra New Beginning. Bullied during her formative school years, she was more determined than ever to break free from the negativity and start anew. But life gets messy sometimes, and people aren't always what they appear to be. The feeling of being safe and secure can change in an instant, and once the mask comes off, hard choices need to be made—living with those choices can be even more difficult. Victoria finds herself living a lie. An abusive husband and a scandal rock her world, shattering her dreams, but rising up, she starts over—another new beginning. At her ten-year high school reunion, she's drawn to Drew Anderson, who should be off limits for a multitude of reasons. Their time together solidifies their passion, and she finds herself having to make another life-changing decision, one which will impact any new beginning she had planned. Unbeknownst to her, a malevolence is brewing from the past, and she faces the choice of protecting and defending those she loves or sacrificing herself.

Silk and Cotton Susan Meller, 2018-12-15 The traditional textiles of Central Asia are unknown treasures. Straddling the legendary Silk Road, this vast region stretches from Russia in the west to China in the east. Whether nomadic or sedentary, its peoples created textiles for every aspect of their way of life, from ceremonial objects marking rites of passage, to everyday garments, to practical items for the home. There were suzanis for the marriage bed; prayer mats; patchwork quilts; bridal ensembles; bags for tea, scissors, and mirrors; lovingly embroidered hats and bibs; and robes of every color and pattern. Author Susan Meller has spent years assembling the 590 textiles illustrated in this book. She documents their history, use, and meaning through archival photographs and fascinating travelers' narratives spanning many centuries. Her book will be a revelation to designers, collectors, students of Central Asia, and travelers to the region. Silk and Cotton is destined to become a classic.

Cultural Expressions of South Punjab Sajida Haidar Vandal, 2015

Bedouin Weaving of Saudi Arabia and Its Neighbours Joy Totah Hilden, 2010 Portable and practical, tough and colourful, Bedouin textiles played until recent times a vital and functional part in the life of the Arab nomads. Bedouin women were expected to master the art of making entire tents as well as a wide range of rugs, saddlebags and other equipment able to withstand the rigours of the desert. They took a fierce pride in their work and produced, on the simplest ground looms, textiles that were at once hard-wearing and of vibrant aesthetic appeal. The true craftspeople of the desert, Bedouin women wove to provide the very fabric of day-to-day living. Joy Hilden describes the weaving techniques of the Bedouin in the context of their transitional mode of life, as they adapt from their centuries-old nomadic existence to being both semi- and fully settled. She gathered her information on dyeing, spinning and weaving while living and travelling in Saudi Arabia between 1982 and 1994, extending her scope with trips to other parts of the Arabian Peninsula and adjacent Arab countries. She describes visits to Bedouin families, desert markets and urban centres where Bedouin gathered. Her work comes at a time when many tribal peoples are losing their cultural traditions and, with them, their crafts and the material of everyday life in the desert. This is the most exhaustive study to date of the weaving methods practised by the Bedouin of Saudi Arabia. Profusely illustrated, and giving thorough instruction in techniques, Bedouin Weaving is an essential companion for collectors and connoisseurs of flat-weave textiles, the category into which Bedouin weavings fall. It is aimed both at general readers and at weavers, craftspeople in general, students, ethnographers, and museum and textile authorities.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Imperial Infantryman's Uplifting Primer - The Damocies Gulf Edition Matt Ralphs, 2008-01-08 Pocket book of the Imperial Guard styled in the form of an artefact of the 41st millennium. Justice League: Last Ride (2021-) #2 Chip Zdarsky, 2021-06-08 The League needs to prevent galactic upheaval by protecting a ruthless killer, and the only way to do that is to visit the scene of their greatest failure! But can Superman ignore the ghosts of the past to do what's needed?

Handwoven Tape Susan Faulker Weaver, 2016-11-28 Narrow bands of woven tape were important to Americans in the eighteenth and early nineteenth centuries, before the days of elastic and zippers. This book documents the fascinating American history of handwoven tape and offers patterns and instructions to enable today's weavers to make it. Many Early American households had a tape loom for making the tape needed by the family, and this book offers a discussion of the people who wove tape, the patterns woven, and the types of looms used, along with over 280 color images. The book also gives step-by-step instructions for setting up a tape loom with warp threads, and explains how to weave your own tape. You can weave tape for similar practical uses as our forebears, or to create one-of-a-kind gifts and decorations like key chains, holiday garlands, or lanyards.

Shamanhood Juha Pentikäinen, Hanna Saressalo, 2001 Presumably people who were involved in it discuss the philosophy behind the exhibition Shamans--The Secret World of Siberia's Peoples, on display at the Vapriiki Museum Centre in Tampere, Finland,

between May 1998 and January 1999. It was the most extensive display so far of the shamanic collections of Kunstkamera, Museum of Anthropology and Ethnography, founded in the 1720s by Peter the Great. In addition to exploring aspects of Siberian shamanhood, the 19 essays also show links to similar traditions elsewhere in the world. There are a few monochrome illustrations. No index is provided.
