How to Be Popular Meg Cabot, 2009-10-06 Do you want to be popular? Everyone wants to be popular—or at least, Stephanie Landry does. Steph's been the least popular girl in her class since a certain cherry Super Big Gulp catastrophe five years earlier. Does being popular matter? It matters very much—to Steph. That's why this year, she has a plan to get in with the It Crowd in no time flat. She's got a secret weapon: an old book called—what else?—How to Be Popular. What does it take to be popular? All Steph has to do is follow the instructions in The Book, and soon she'll be partying with the It Crowd (including school quarterback Mark Finley) instead of sitting on The Hill Saturday nights, stargazing with her nerdy best pal Becca, and even nerdier Jason (now kind of hot, but still), whose passion for astronomy Steph once shared. Who needs red dwarves when you're invited to the hottest parties in town? But don't forget the most important thing about popularity! It's easy to become popular. What isn't so easy? Staying that way.

Wildefire Karsten Knight, 2012-08-28 After a killing for which she feels responsible, 16-year-old Ashline Wilde moves cross-country to a remote California boarding school, where she learns that she and others have special gifts that can help them save the world. But evil forces are at work to stop them.

Embers & Echoes Karsten Knight, 2013-11-12 In Miami, Florida, seeking her younger sister, sixteen-year-old Ashline Wilde, a Polynesian volcano goddess, joins forces

An Uncomplicated Life Paul Daugherty,2015-03-17 A father's exhilarating and funny love letter to his daughter with Down syndrome whose vibrant and infectious approach to life has something to teach all of us about how we can better live our own. Jillian Daugherty was born with Down syndrome. The day they brought her home from the hospital, her parents, Paul and Kerry, were flooded with worry and uncertainty, but also overwhelming love, which they channeled to "the job of building the better Jillian." While their daughter had special needs, they refused to allow her to grow up needy—"Expect, Don't Accept" became their mantra. Little did they know how ready Jillian was to meet their challenge. Paul tells stories from Jillian's mischievous childhood and moves to her early adulthood, tracing her journey to find happiness and purpose in her adult life, sharing endearing anecdotes as well as stories about her inspiring triumphs. Having graduated from high school and college, Jillian now works to support herself, and has met the love of her life and her husband-to-be, Ryan. In An Uncomplicated Life, the parent learns as much about life from the child as the child does from the parent. Through her unmitigated love for others, her sparkling charisma, and her boundless capacity for joy, Jillian has inspired those around her to live better and more fully. The day Jillian was born, Paul says, was the last bad day. As he lovingly writes, "Jillian is a soul map of our best intentions"—a model of grace, boundless joy, and love for all of us.

Afterglow Karsten Knight,2014-11-04 The action thrills and the passion burns in this red-hot conclusion to the

Wildfire trilogy which “offers potent magic and plenty of action” (Booklist). Teenage volcano goddess Ashline Wilde discovers that her former love, Colt Halliday, has an evil plan to kill the Cloak, the benevolent beings that oversee the gods. And that’s not all—he also wants to merge Ash and her two sisters back into a single, too-powerful goddess, Pele. Ash must stop her trickster-god ex-boyfriend once and for all...and to do it, she’s going to have to feed a few flames.

Everything I Couldn't Tell My Mother Pauleanna Reid, 2016-02-29 *Everything I Couldn't Tell My Mother* is a coming-of-age story for any woman who has ever questioned her sexual maturity and readiness, stayed silent at a time when she should have spoken up or accepted treatment that was less than what she Aaliyah Panarese is the teenage daughter of successful, overprotective parents who want the best for her but rarely consider her hopes and dreams. Under the matriarchal rules of her abusive mother, Aaliyah is expected to, without question, follow in her footsteps and attend law school after she graduates from high school. Frustrated and too cowardly to express her dreams of becoming a writer, she escapes life's harsh realities by journaling heartfelt letters to her mother inside a diary, hoping that one day they will be the keys to rebuilding trust and strengthening the emotional connection that is lacking between them. In a desperate attempt to find her voice, and feel accepted and loved, she befriends Stacy, Tonja and Manny--the most rebellious girls at her school. Aaliyah follows the crowd, breaks her parents' rules and is quickly thrown into a battlefield marked with peer pressure, self-loathing, sexual discovery and broken friendships. Her journey takes dramatic twists and turns while delivering a cautionary tale that is grounded in the reality of what it is to be a teenager in today's instant-access generation.

North Sea Dynamics Jürgen Sündermann, W.

Lenz, 2011-12-08 This volume contains the proceedings of the International Symposium on North Sea Dynamics which was held in Hamburg, August 31 - September 4, 1981. More than 150 participants from 10 countries were present at the Symposium. Of the 58 lectures given, 45 are printed in this book. The manuscripts were reviewed by an international advisory board. The main goal of the organizers was to bring together as many active researchers as possible in this very general field of North Sea dynamics, transcending the boundaries of the countries and the various disciplines involved, in order to discuss the main problems and future trends. In the ten years since the last comparable meeting in Aviemore, Scotland, several large international experiments (JONSDAP '73 and '76, JONSWAP '73, '75 and '77, MARSEN '79) and new developments in modelling promised a rewarding exchange of ideas. In addition to the physical disciplines, biologists and geologists are increasingly able to present quantitative analyses.

Some lurk in the shadows, masquerading as mortals; others embrace their celebrity status, launching careers from Hollywood to Capitol Hill. One of them just murdered Cairn Delacroix's mother. As Cairn sifts through the rubble, she uncovers a conspiracy two decades in the making: a cursed island, the fellowship of gods who journeyed there, and the unspeakable act that intertwined their fates. One by one, the members of that voyage are dying, and Cairn's investigations land her--and the woman she loves--in the crosshairs of the rogue goddess responsible. With the help of Nanook, a polar bear god turned detective, Cairn descends into Boston's underworld of supernatural crime and political aspiration. To avenge her mother and unmask her assassin, she'll first have to reckon with a gut-wrenching secret that will rewrite the life she thought she knew. Shocking twists cascade toward an explosive finale in this electric new fantasy novel from Karsten Knight, author of the Wildefire trilogy and *Nightingale*, Sing
