**Bette S. Garber**

*2012* Alexandra Bruce, 2009-09-01 The expanded companion book to the #1 documentary film about 2012! The 2012 meme has evolved beyond any debates about the relevance of the Maya Long Count calendar to the lives of contemporary human beings. 2012 is about us on planet Earth at this time. December 21, 2012: will the world really change forever on this date, the end of a 5,125-year calendar last used over a thousand years ago? Certainly Hollywood would like you to think so. Indeed, a not-so-small industry has arisen around the date, hawking everything from t-shirts to teleseminars. Clearing a path between fantasy and reality, Alexandra Bruce surveys the entire 2012 landscape, asking questions such as: Is the Earth losing its Mojo? How did 2012 come to mean The End of Time? Did psychedelics facilitate the Maya Cosmovision? Should we worry about Earth Crustal Displacement? What the hell is Planet X? Uniquely amongst a vast array of 2012 literature, this book features interviews with the leading experts—including Graham Hancock, John Major Jenkins, Daniel Pinchbeck and many others—and insightful, detailed analysis of the broad spectrum of opinion, debate, research and myth regarding the most compelling end times prediction of the

21st century.

Custom Semi Trucks Bette S. Garber, A truck driver's tractor-trailer is more than just a vehicle or a tool for making a living. It is a calling card, a personal statement, a way of life. Bette Garber present some two dozen of the most interesting and creative custom trucks to be seen on the roads today. Each feature tells the story of the men and women who

modify and drive these trucks, including the tricks of the trade. All are featured in full-color photography that highlights the flash, incredible detail, and personal touches of custom semi trucks. The book also provides an overview of the truck-show scene and what makes for an award-winning rig.

It provides insights about the diversity of our material culture and heritage and how this knowledge can be used to design and develop new methods for texture printing. The authors review the evolving research and interest in working towards developing methods to: capture, measure and model the surface qualities of 3D and 2D objects, represent the appearance of surface, material and textural qualities, and print or reproduce

the material and textural qualities. The text reflects information on the topic from a broad range of fields including science, technology, art, design, conservation, perception, and computer modelling. 2.5D Printing: Bridging the Gap Between 2D and 3D Applications provides a survey of traditional methods of capturing 2.5D through painting and sculpture, and how the human perception is able to judge and compare differences. **5 Very Good Reasons to Punch a Dolphin in the Mouth (And Other Useful Guides)** The Oatmeal, Matthew Inman, 2010-10-01 In Matthew Inman's New York Times best selling 5 Very Good Reasons to Punch a Dolphin in the Mouth (And Other Useful

Guides), samurai sword-wielding kittens and hamsters that love .50-caliber machine guns commingle with a cracked out Tyrannosaur that is extremely hard to potty train. Bacon is better than true love and you may awake in the middle of the night to find your nephew nibbling on your toes. Inman creates these quirky scenes for [theoatmeal.com](http://theoatmeal.com), which launched in July 2009 and already has more than 82 million page views. In fact, every 15 to 30 seconds, someone Googles one of [theoatmeal.com](http://theoatmeal.com)'s creations. **Hark! A Vagrant** Kate Beaton, 2020-05-28 Since Kate Beaton appeared on the comics scene in 2007 her cartoons have become fan favourites and gathered an enormous following, appearing in the *New Yorker*, *Harper* and the *LA Times*, to name but a few. Her website, *Hark! A Vagrant*, receives an average of 1.2 million hits a month, 500 thousand of them unique. Why? Because she's not just

making silly jokes. She's making jokes about everything we learned in school, and more. Praised for their expression, intelligence and comic timing, her cartoons are best known for their wonderfully light touch on historical and literary topics. The jokes are a knowing look at history through a very modern perspective, written for every reader, and are a crusade against anyone with the idea that history is boring. It's pretty hard to argue with that when you're laughing your head off at a comic about Thucydides. They also cover whatever's on her mind that week - be it the perils of city living or the pop-cultural infiltration of Sex and the City, featuring an array of characters, from a mischievous pony, to reinvented superheroes, to a surly teen duo who could be the anti-Hardy-Boys. Perceptive, sharp and wonderfully irreverent, Hark! A Vagrant is as informative as it is hilarious, and a comic collection to treasure.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you

homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together
