Tense and Aspect in Han Period Chinese Barbara Meisterernst,2014-12-12 Many grammatical issues of Archaic and Medieval Chinese still lack a comprehensive analysis. The book provides the first thorough investigation of the syntactic and semantic constraints of the linguistic categories tense and aspect and their relation with the lexical aspect of the verb in Han period Chinese. The author uncovers fascinating details of a language with a highly restricted verbal morphology.

Logic Without Borders Åsa Hirvonen,Juha Kontinen,Roman Kossak,Andrés Villaveces,2015-03-10 In recent years, mathematical logic has developed in many directions, the initial unity of its subject matter giving way to a myriad of seemingly unrelated areas. The articles collected here, which range from historical scholarship to recent research in geometric model theory, squarely address this development. These articles also connect to the diverse work of Väänänen, whose ecumenical approach to logic reflects the unity of the discipline.

American-Type Options Dmitrii S. Silvestrov,2015-03-03 The book gives a systematical presentation of stochastic approximation methods for discrete time Markov price processes. Advanced methods combining backward recurrence algorithms for computing of option rewards and general results on convergence of stochastic space skeleton and tree approximations for option rewards are applied to a variety of models of multivariate modulated Markov price processes. The principal novelty of presented results is based on consideration of multivariate modulated Markov price processes and general pay-off functions, which can depend not only on price but also an additional stochastic modulating index component, and use of minimal conditions of smoothness for transition probabilities and pay-off functions, compactness conditions for log-price processes and rate of growth conditions for pay-off functions. The volume presents results on structural studies of optimal stopping domains, Monte Carlo based approximation reward algorithms, and convergence of American-type options for autoregressive and continuous time models, as well as results of the corresponding experimental studies.

Anastasios Sinaites Karl-Heinz Uthemann,2015-04-24 Lange galt eine umfassende Untersuchung zu Anastasios Sinaites (7./8. Jh.) als Desiderat. Auf der Basis der seit 1981 erschienenen Editionen legt Karl-Heinz Uthemann hier erstmals eine ausführliche Analyse von Anastasios' Hauptwerk (Hodegos) vor und stellt auf der Basis seiner christologischen Schriften dessen Verständnis vom Bekenntnis von Chalkedon (451) dar. Dabei wird stets auf den Zusammenhang der christologischen Debatten dieser Zeit Wert gelegt. Der zweite Teil widmet sich Anastasios als Prediger und Apologet gegenüber Islam und Judentum, wobei sowohl nicht edierte Texte als auch die frühe Wirkungsgeschichte seiner Dialexis adversus Iudaeos berücksichtigt werden. Überblicke über Editionen, Überlieferungs- und Wirkungsgeschichte kleinerer Schriften des Anastasios Sinaites runden dieses Buch ab.

Oracle 10g Developing Media Rich Applications Lynne Dunckley,Larry Guros,2011-04-08 Oracle 10g Developing Media Rich Applications is focused squarely on database administrators and programmers as the foundation of multimedia database applications. With the release of Oracle8 Database in 1997, Oracle became the first commercial database with integrated multimedia technology for application developers. Since that time, Oracle has enhanced and extended these features to include native support for image, audio, video and streaming media storage; indexing, retrieval and processing in the Oracle Database, Application Server; and development tools. Databases are not only words and numbers for accountants, but they also should utilize a full range of media to satisfy customer needs, from race car engineers, to manufacturing processes to security. The full range of audio, video and integration of media into databases is mission critical to these applications. This book details the most recent features in Oracle's multimedia technology including those of the Oracle10gR2 Database and the Oracle9i Application Server. The technology covered includes: object relational media storage and services within the database, middle tier application development interfaces, wireless delivery mechanisms, and Java-based tools. * Gives broad coverage to integration of multimedia features such as audio and instrumentation video, from race cars to analyze performance, to voice and picture recognition for security data bases. As well as full multimedia for presentations * Includes field tested examples in enterprise environments * Provides coverage in a thorough and clear fashion developed in a London University Professional Course

Stop Taking Sides Adam Mabry,2020-09-01 Love and wrath. Sovereignty and responsibility. Victory and suffering. Some of the truths we read in the Bible seem to be in opposition to each other. We naturally tend to gravitate towards a side, but when we lose sight of one truth in order to protect the other, we are in danger of becoming proud, creating division, and diminishing our faith. In this compelling, inspiring, and at times provocative book, Adam Mabry urges us to stop taking sides and refuse to participate in tribalism by mapping out a way to hold in tension truths that we so often divide over. You'll discover how our joy and our witness rest on us learning to hold to all that the Scriptures teach and growing in virtue as we do. You'll learn how to wrestle with all that the Scriptures say, to embrace mystery, to listen closely, and to speak with clarity.

The Art of Rest Adam Mabry,2018-05-08 Discover the secret to real, realistic, non-rules-based rest For some of us, resting seems like a waste of time-it means we're missing out on other things. For others, rest seems like a luxury-there's simply too much to do. And for almost all of us, we crave rest, but don't always know how to. This warm, realistic, humorous book shows us the huge spiritual, emotional and physical rewards of rest. It shows us how rest gives us time to spend with God and remember his grace. Discover how rest fuels our joy and confidence in God's sovereignty as we learn to depend on him, and not our own efforts, and are refreshed by the power of the Holy Spirit. Adam Mabry shows us how rest helps us make space for relationships, shared experiences and moments to remember; how it liberates us from the pressure of self-reliance; how it gives us a chance to think and reflect; and how it stops us from burning out. Finally, this book casts a realistic vision for rest that is less rule and more rhythm-less onerous restriction and more liberating art form. Adam Mabry helps us to learn the 'art of rest' with some practical suggestions. The world never stops. But we need to. And as Christians we can by having faith to hit pause and experience the rich rewards of God-given rest.

Their hair billows in brilliant hues, their dresses end in fishtails, and their joy fills the train car. When Julián gets home, daydreaming of the magic he's seen, all he can think about is dressing up just like the ladies in his own fabulous mermaid costume: a butter-yellow curtain for his tail, the fronds of a potted fern for his headdress. But what will Abuela think about the mess he makes — and even more importantly, what will she think about how Julián sees himself? Mesmerizing and full of heart, Jessica Love's author-illustrator debut is a jubilant picture of self-love and a radiant celebration of individuality.

School Desegregation Harold Gerard,2013-03-09 HAROLD B. GERARD AND NORMAN MILLER In the fall of 1965, when the school board of the Riverside Unified School District made its momentous decision to desegregate the elementary schools in Riverside, both of us were faculty members in the psychology department on the Riverside campus of the University of California. The riots in Watts had occurred the previous August and the shock waves were being felt around the country. Although the black population of Riverside at the time was only 6% or 7%, people were apprehensive. A story appeared in the local paper, The Riverside Press Enterprise, about several Blacks who were watching the burning and looting in Watts on TV. One of them, excited by what he saw, exclaimed, Man-let's burn here, too. The others in the bar were more level-headed and fortunately dissuaded him from following his impulse. Barely two weeks later, however, someone set fire to one of the buildings of Lowell School, in the eastside ghetto area. Nothing was left of the building but a charred shell. People in Riverside, of all ethnic groups, were generally edgy in the face of a seemingly volatile situation. Agitation by minority parents for improved education for their children seemed to be reinforced by the general unrest.
