**Parallel Views** Joshua Mack, 2014 In the decades following World War II, both Japan and Italy were rebuilding after the ravages of war, constructing democratic political systems after a period of fascism and transforming into economic powerhouses, all of which profoundly influenced their respective cultures. Artists in both nations were working in these similar conditions, examining their formidable artistic traditions and seeking a new path forward in the wake of modernism - ways of making art objects that had never been made before. 'Parallel Views' presents a breadth of postwar masters of Italian and Japanese art.

**At the End of the Century** Ruth Praver Jhabvala, 2019-06-11 A New York Times Book Review Editors' Choice Multilayered, subtle, insightful short stories from the inimitable Booker Prize-winning author, with an introduction by Anita Desai Nobody has written so powerfully of the relationship between and within India and the Western middle classes than Ruth Praver Jhabvala. In this selection of stories, chosen by her surviving family, her ability to tenderly and humorously view the situations faced by three (sometimes interacting) cultures—European, post-Independence Indian, and American—is never more acute. In “A Course of English Studies,” a young woman arrives at Oxford from India and struggles to adapt, not only to the sad, stoic object of her infatuation, but also to a country that seems so resistant to passion and color. In the wrenching “Expiation,” the blind, unconditional love of a cloth shop owner for his wastrel younger brother exposes the tragic beauty and foolishness of human compassion and faith. The wry and triumphant “Pagans” brings us middle-aged sisters Brigitte and Frankie in Los Angeles, who discover a youthful sexuality in the company of the languid and handsome young Indian, Shoki. This collection also includes Jhabvala’s last story, “The Judge’s Will,” which appeared in The New Yorker in 2013 after her death. The profound inner experience of both men and women is at the center of Jhabvala’s writing: she rivals Jane Austen with her impeccable powers of observation. With an introduction by her friend, the writer Anita Desai, At the End of the Century celebrates a writer’s astonishing lifetime gift for language, and leaves us with no doubt of Ruth Praver Jhabvala’s unique place in modern literature. The stories—all of them elegantly plotted and unsentimental, with an addictive, told-over-tea quality—are largely character studies of people isolated, often tragically, by custom or self-delusion . . . Vivid, unsparing portraits are leavened with the kind of humanizing moments that evoke a total world within their compression.—Megan O’Grady, The New York Times Book Review

**Man of the Hour** Jennet Conant, 2017-09-19 James B. Conant was a towering figure who stood at the center of the great crises and challenges of the twentieth century. He set an extraordinary example of public service without ever holding elected office. A member of the greatest generation, there was probably no one who made a larger mark in more areas of American life, shaping national policy as a scientist, nuclear pioneer, Cold War statesman, diplomat, and educational reformer for nearly fifty years. As a brilliant young chemist, he supervised the production of poison gas in WWI.

As the Nazi threat loomed, he boldly led the interventionist cause in WWII and was tapped by President Franklin D. Roosevelt to be one of the scientific chiefs at the helm of the Manhattan Project, personally overseeing the massive secret effort to develop the atomic bomb and making the fateful recommendation to drop it on Hiroshima to bring the war to a quick and decisive end. He went on to become one of America's first cold warriors, led the bitter fight to reject the hydrogen bomb, and campaigned tirelessly for the international control of atomic weapons. He continued to exert his influence as President Eisenhower's high commissioner, and then ambassador, to Germany, helping to secure the country's future and strengthen Europe's defenses against Soviet aggression. He achieved national prominence in his twenty-year reign as president of Harvard--the very symbol of the intellectual and social elite--and yet was a champion of meritocracy and open admissions, helping to create the SAT and devoting his later life to improving public schools as the engine of democracy. Even as he worked to safeguard the American way of life, he feared the nuclear force he helped harness was so dangerous it could lead to the extinction of mankind. In this intimate account of his extraordinary life, his granddaughter, ... bestselling author Jennet Conant, draws on hundreds of documents, diaries, and letters to reveal the agonizing decisions he was forced to make while serving his country in three wars--two hot, and one cold--and the burden of guilt he bore for his actions and for always putting duty before everything else. For all his brilliance, he never understood the depression that ravaged his family but struggled to keep his wife from succumbing, in the process alienating both his sons. With *Man of the Hour*, Jennet Conant paints a rich, nuanced portrait of a great American leader and visionary, the last of a vanishing breed.--Jacket.

**The Trauma of Everyday Life** Mark Epstein, M.D., 2014-07-29 A revolutionary reexamination of trauma's role in the life journey, opening the door to growth and healing Trauma does not just happen to a few unlucky people; it is the bedrock of our psychology. Death and illness touch us all, but even the everyday sufferings of loneliness and fear are traumatic. In *The Trauma of Everyday Life* renowned psychiatrist and author of *Thoughts Without a Thinker* Mark Epstein uncovers the transformational potential of trauma, revealing how it can be used for the mind's own development. Western psychology teaches that if we understand the cause of trauma, we might move past it while many drawn to Eastern practices see meditation as a means of rising above, or distancing themselves from, their most difficult emotions. Both, Epstein argues, fail to recognize that trauma is an indivisible part of life and can be used as a lever for growth and an ever deeper understanding of change. When we regard trauma with this perspective, understanding that suffering is universal and without logic, our pain connects us to the world on a more fundamental level. The way out of pain is through it. Epstein's discovery begins in his analysis of the life of Buddha, looking to how the death of his mother informed his path and teachings. The Buddha's spiritual journey can be read as an expression of primitive agony grounded in childhood trauma. Yet the Buddha's story is only one of many in *The Trauma of Everyday Life*. Here, Epstein looks to his own experience, that of his patients, and of the many fellow sojourners and teachers he encounters as a psychiatrist and Buddhist. They are alike only in that they share in trauma, large and small, as all of us do. Epstein finds throughout that trauma, if it doesn't destroy us, wakes us up to both our minds' own capacity and to the suffering of others. It makes us more human, caring, and wise. It can be our greatest teacher, our freedom itself, and it is available to all of us. Check out Epstein's latest book, *Advice Not Given: A Guide to Getting Over Yourself*.

*The Boys on the Bus* Timothy Crouse, 2013-06-26 Cheap booze. Flying fleshpots. Lack of sleep. Endless spin. Lying pols. Just a few of the snares lying in wait for the reporters who covered the 1972 presidential election. Traveling with the press pack from the June primaries to the big night in November, Rolling Stone reporter Timothy Crouse hopscotched the country with both the Nixon and McGovern campaigns and witnessed the birth of

modern campaign journalism. *The Boys on the Bus* is the raucous story of how American news got to be what it is today. With its verve, wit, and psychological acumen, it is a classic of American reporting. NOTE: This edition does not include photographs.

**A Fine Summer's Day** Charles Todd, 2015-01-06 New York Times bestselling author Charles Todd takes readers into Scotland Yard detective Ian Rutledge's past—to his perplexing final case before the outbreak of World War I. On a fine summer's day in June, 1914, Ian Rutledge pays little notice to the assassination of an archduke in Sarajevo. An Inspector at Scotland Yard, he is planning to propose to the woman whom he deeply loves, despite intimations from friends and family that she may not be the wisest choice. To the north on this warm and gentle day, another man in love—a Scottish Highlander—shows his own dear girl the house he will build for her in September. While back in England, a son awaits the undertaker in the wake of his widowed mother's death. This death will set off a series of murders across England, seemingly unconnected, that Rutledge will race to solve in the weeks before the fateful declaration in August that will forever transform his world. As the clouds of war gather on the horizon, all of Britain wonders and waits. With every moment at stake, Rutledge sets out to right a wrong—an odyssey that will eventually force him to choose between the Yard and his country, between love and duty, and between honor and truth.

Tiger Woods Jeff Benedict, Armen Keteyian, 2019-04-02 The inspiration for the HBO documentary from Academy Award-winning producer Alex Gibney. The #1 New York Times bestseller based on years of reporting and interviews with more than 250 people from every corner of Tiger Woods's life—this “comprehensive, propulsive...and unsparing” (The New Yorker) biography is “an ambitious 360-degree portrait of golf's most scrutinized figure...brimming with revealing details” (Golf Digest). In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. But it turned out he had been living a double life for years—one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. In this “searing biography of golf's most blazing talent” (GOLF magazine), Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods, really? Drawing on more than four hundred interviews with people from every corner of Woods's life—many of whom have never spoken about him on the record before—Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention-grabbing father and the original Tiger Mom to be the “chosen one,” to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in this definitive biography that is destined to linger in the minds of readers for years to come. “Irresistible...Immensely readable...Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true” (The Wall Street Journal). Ultimately, Tiger Woods is “a big American story...exhilarating, depressing, tawdry, and moving in almost equal measure” (The New York Times).

The Little Wooden Robot and the Log Princess Tom Gauld, 2021-08-24 A New York Times/New York Public Library Best Illustrated Book of the Year In this fresh new fairy tale, a wooden robot embarks on a quest to find his missing sister-- making for a memorable contemporary bedtime story in acclaimed graphic novelist Tom Gauld's first picture book for children. For years, the king and queen have tried desperately to have a baby. Their

wish was granted twice, when an engineer and a witch gave them a little wooden robot and an enchanted log princess. But there's just one catch: every night when the log princess sleeps, she transforms back into an ordinary log, and can only be woken up with magic words. The princess and her robot brother are inseparable, until the sleeping princess, mistaken for lumber, is accidentally carted off to parts unknown. Now it's up to her devoted brother to find her, and get them safely back home. They need to take turns to get each other home, and on the way, they face a host of adventures involving the Queen of Mushrooms, a magic pudding, a baby in a rosebush, and an old lady in a bottle. This is acclaimed graphic novelist Tom Gauld's first picture book for children, inspired by a bedtime story he made up for his daughters. In his words, I was trying to make a book inspired by three different sets of books: The books that I remember enjoying as a child, the books that I watched my daughters enjoying, and the books I enjoy now as an adult. I wanted the book to have its own quirky feeling but also to function like a classic bedtime story. But the judge has received an anonymous letter about the affair, and she is preparing to release the jurors names. From that point on, the photographer's "one last dalliance before she is too old" takes on profoundly personal and moral consequences, as *The Body in Question* moves to its affecting, powerful, and surprising conclusion.

Elephant Man Bernard Pomerance, 2007-12-01 "An enthralling and luminous play" about the nineteenth-century man whose physical deformity doomed him to the life of an outcast: "haunting [and] splendid" (The New York Times). The Elephant Man is based on the life of John Merrick, who lived in London during the latter part of the nineteenth century. A horribly deformed young man, a freak attraction in traveling side shows, is found abandoned and helpless and is admitted for observation to Whitechapel, a prestigious London hospital. Under the care of a famous young doctor who educates him and introduces him to London society, Merrick changes from a sensational object of pity to the urbane and witty favorite of the aristocracy and literati. But his belief that he can become a man like any other is a dream never to be realized. After premiering in London, The Elephant Man went on to Broadway where it won the Tony for Best Play in 1979. It was later revived in a Broadway production starring Bradley Cooper. "The Elephant Man is a moving drama. Lofted on poetic wings, it nests on the human heart." —Time Magazine
