Linked Gordon Korman, 2021-07-20 An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town. But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it, he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face-not just the crimes of the present, but the crimes of the past. With **Linked**, Gordon Korman, the author of the acclaimed novel **Restart**, poses a mystery for all readers where the who did it? isn't nearly as important as the why?

November Twenty Six, Nineteen Hundred Sixty Three Wendell Berry, 1964 Poem on the death of President Kennedy.

Our Revolution Bernie Sanders, 2016-11-15 The New York Times bestseller! When Bernie Sanders began his race for the presidency, it was considered by the political establishment and the media to be a “fringe” campaign, something not to be taken seriously. After all, he was just an Independent senator from a small state with little name recognition. His campaign had no money, no political organization, and it was taking on the entire Democratic Party establishment. By the time Sanders’s campaign came to a close, however, it was clear that the pundits had gotten it wrong. Bernie had run one of the most consequential campaigns in the modern history of the country. He had

received more than 13 million votes in primaries and caucuses throughout the country, won twenty-two states, and more than 1.4 million people had attended his public meetings. Most important, he showed that the American people were prepared to take on the greed and irresponsibility of corporate America and the 1 percent. In *Our Revolution*, Sanders shares his personal experiences from the campaign trail, recounting the details of his historic primary fight and the people who made it possible. And for the millions looking to continue the political revolution, he outlines a progressive economic, environmental, racial, and social justice agenda that will create jobs, raise wages, protect the environment, and provide health care for all—and ultimately transform our country and our world for the better. For him, the political revolution has just started. The campaign may be over, but the struggle goes on.

Clark Clark Terry, Gwen Terry, 2015-06-12 Compelling from cover to cover, this is the story of one of the most recorded and beloved jazz trumpeters of all time. With unsparing honesty and a superb eye for detail, Clark Terry, born in 1920, takes us from his impoverished childhood in St. Louis, Missouri, where jazz could be heard everywhere, to the smoke-filled small clubs and carnivals across the Jim Crow South where he got his start, and on to worldwide acclaim. Terry takes us behind the scenes of jazz history as he introduces scores of legendary greats—Ella Fitzgerald, Oscar Peterson, Dizzy Gillespie, Dinah Washington, Doc Severinsen, Ray Charles, Thelonious Monk, Billie Holiday, Sarah Vaughan, Coleman Hawkins, Zoot Sims, and Dianne Reeves, among many others. Terry also reveals much about his own personal life, his experiences with racism, how he helped break the color barrier in 1960 when he joined the Tonight Show band on NBC, and why—at ninety years old—his students from around the world still call and visit him for lessons.

Kansas City Lightning Stanley Crouch, 2013-09-24 “A tour de force. . . . Crouch has given us a bone-deep understanding of Parker’s music and the world that produced it. In his pages, Bird still lives.” — Washington Post A stunning portrait of Charlie Parker, one of the most talented and influential musicians of the twentieth century, from Stanley Crouch, one of the foremost authorities on jazz and culture in America. Throughout his life, Charlie Parker personified the tortured American artist: a revolutionary performer who used his alto saxophone to create a new music known as bebop even as he wrestled with a drug addiction that would lead to his death at the age of thirty-four. Drawing on interviews with peers, collaborators, and family members, Stanley Crouch recreates Parker’s Depression-era childhood; his early days navigating the Kansas City nightlife, inspired by lions like Lester Young and Count Basie; and on to New York, where he began to transcend the music he had mastered. Crouch reveals an ambitious young man torn between music and drugs, between his domineering mother and his impressionable young wife, whose teenage romance with Charlie lies at the bittersweet heart of this story. With the wisdom of a jazz scholar, the cultural insights of an acclaimed social critic, and the narrative skill of a literary novelist, Stanley Crouch illuminates this American master as never before.

Wintergreen Robert Michael Pyle, 2015-10-13 In the Willapa Hills of southwest Washington, both the human community and the forest community are threatened with extinction. Virtually every acre of the hills has been logged, often repeatedly, in the past hundred years, endangering both the land and the people, leaving dying towns as well as a devastated ecosystem. Weaving vivid portraits of the place and its inhabitants—animal, plant, and human—with the story of his own love affair with the hills, Robert Michael Pyle has written a book so even-handed in its passion that it has been celebrated

by those who make their living with a chain saw as well as by environmentalists. As he writes, 'My sympathies lie with the people and the woods, but not with the companies that have used them both with equal disregard. In his vivid portrayal of the land, plants, people and animals of the Willapa Hills of Washington State, Bob Pyle makes the modest patch of land he writes about a metaphor for the world.

The Environment in the Age of the Internet Heike Graf, 2016-07-18 How do we talk about the environment? Does this communication reveal and construct meaning? Is the environment expressed and foregrounded in the new landscape of digital media? *The Environment in the Age of the Internet* is an interdisciplinary collection that draws together research and answers from media and communication studies, social sciences, modern history, and folklore studies. Edited by Heike Graf, its focus is on the communicative approaches taken by different groups to ecological issues, shedding light on how these groups tell their distinctive stories of the environment. This book draws on case studies from around the world and focuses on activists of radically different kinds: protestors against pulp mills in South America, resistance to mining in the Sámi region of Sweden, the struggles of

indigenous peoples from the Arctic to the Amazon, gardening bloggers in northern Europe, and neo-Nazi environmentalists in Germany. Each case is examined in relation to its multifaceted media coverage, mainstream and digital, professional and amateur. Stories are told within a context; examining the what and how of these environmental stories demonstrates how contexts determine communication, and how communication raises and shapes awareness. These issues have never been more urgent, this work never more timely. *The Environment in the Age of the Internet* is essential reading for everyone interested in how humans relate to their environment in the digital age.

The Making of a Racist Charles B. Dew, 2016-08-09 In this powerful memoir, Charles Dew, one of America's most respected historians of the South--and particularly its history of slavery--turns the focus on his own life, which began not in the halls of enlightenment but in a society unequivocally committed to segregation. Dew re-creates the midcentury American South of his childhood--in many respects a boy's paradise, but one stained by Lost Cause revisionism and, worse, by the full brunt of Jim Crow. Through entertainments and educational books that belittled African Americans, as well as the living examples of his own family, Dew was indoctrinated in a white supremacy that, at best, was condescendingly paternalistic and, at worst, brutally intolerant. The fear that southern culture, and the hallowed white male brotherhood, could come undone through the slightest flexibility in the color line gave the Jim Crow mindset its distinctly unyielding quality. Dew recalls his father, in most regards a decent man, becoming livid over a black tradesman daring to use the front, and not the back, door. The second half of the book shows how this former Confederate youth and descendant of Thomas Roderick Dew, one of slavery's most passionate apologists, went on to reject his racist upbringing and become a scholar of the South and its deeply conflicted history. The centerpiece of Dew's story is his sobering discovery of a price circular from 1860--an itemized list of humans up for sale.

Contemplating this document becomes Dew's first step in an exploration of antebellum Richmond's slave trade that investigates the terrible--but, to its white participants, unremarkable--inhumanity inherent in the institution. Dew's wish with this book is to show how the South of his childhood came into being, poisoning the minds even of honorable people, and to answer the question put to him by Illinois Browning Culver, the African American woman who devoted decades of her life to serving his family: Charles, why do the grown-ups put so much hate in the children?

Full Moon Suppers at Salt Water Farm Annemarie Ahearn, 2017-05-23 Full Moon Suppers at Salt Water Farm invites you to a series of magical, seasonal suppers where dear friends gather around a farm table to celebrate the bounty that the land and sea provide. This menu-driven cookbook offers twelve beautifully crafted meals derived from more than one hundred sold-out evening events at Salt Water Farm, the author's cooking school in Maine. Even if you can't make it to one of Annemarie's monthly Full Moon Suppers, you can re-create them at home, beneath a full moon—or any night—for family and friends. Each supper includes a portrait of the month: its climate, its rewards, and its ritual kitchen tasks—and a menu inspired by those characteristics. A Full Moon Supper is not only a celebration of the earth and its bounty but a reward for the hard work that goes into food production. These meals pay respect to the elements, the conditions of the earth, soil, and sea, and seasonal traditions as we round the lunar cycle.

Julian Bond's Time to Teach Julian Bond, 2021-01-12 A masterclass in the civil rights movement from one of the legendary activists who led it. Compiled from his original lecture notes, Julian Bond's Time to Teach brings his invaluable teachings to a new generation of readers and provides a necessary toolkit for today's activists in the era of Black Lives Matter and #MeToo. Julian Bond sought to dismantle the perception of the civil rights movement as a peaceful and respectable protest that quickly garnered widespread support. Through his lectures, Bond detailed the ground-shaking disruption the movement caused, its immense unpopularity at the time, and the bravery of activists (some very young) who chose to disturb order to pursue justice. Beginning with the movement's origins in the early twentieth century, Bond tackles key events such as the Montgomery bus boycott, the Little Rock Nine, Freedom Rides, sit-ins, Mississippi voter registration, the Sixteenth Street Baptist Church Bombing, the March on Washington, the Civil Rights Act, Freedom Summer, and Selma. He explains the youth activism, community ties, and strategizing required to build strenuous and successful movements. With these firsthand accounts of the civil rights movement and original photos from Danny Lyon, Julian Bond's Time to Teach makes history come alive.

Generous Justice Timothy Keller, 2012-08-07 Keller explores a life of justice empowered by an experience of grace.

PaGaian Cosmology Glenys Livingstone, 2005 PaGaian Cosmology brings together a religious

practice of seasonal ritual based in a contemporary scientific sense of the cosmos and female imagery for the Sacred. The author situates this original synthesis in her context of being female and white European transplanted to the Southern Hemisphere. Her sense of alienation from her place, which is personal, cultural and cosmic, fires a cosmology that re-stories Goddess metaphor of Virgin-Mother-Crone as a pattern of Creativity, which unfolds the cosmos, manifests in Earth's life, and may be known intimately. PaGaian Cosmology is an ecospirituality grounded in indigenous Western religious celebration of the Earth-Sun annual cycle. By linking to story of the unfolding universe this practice can be deepened, and a sense of the Triple Goddess-central to the cycle and known in ancient cultures-developed as a dynamic innate to all being. The ritual scripts and the process of ritual events presented here, may be a journey into self-knowledge through personal, communal and ecological story: the self to be known is one that is integral with place. PaGaian Cosmology may be used as a resource for individuals or groups seeking new forms of devotional expression and an Earth-based pathway to wisdom within.

Globalization on Trial Farhang Rajaee, 2000 Globalization on Trial challenges the conventional view that equates globalization with the expansion of the capitalist economic system. With a broad historical and holistic brush, the author presents a view of globalization that is both multidisciplinary and multicultural. What opportunities must we seize? What dangers must we overcome? Rajaee examines human governance and the paradox of globalism and nationalism (or nativism), providing a particularly fresh perspective on Islamic civilization. He also focuses on our education system and how it will have to adapt to meet the new challenges.

Poppa John Larry Woiwode, 1999-12 His real name is not Poppa John. His life has been built upon a variety of disguises. Close to seventy, wise, crotchety, troubled, outspoken, he is one of those elusive

individuals whose very shifts and turnings serve to make him more himself and entirely unique. Compressed, music-like, lit with humor, Poppa John is a small book of awesome content and dimension.
