Years Becoming Blanka K. Stratford,2011-09 One wrong move sends a U.S. Army combat journalist's life spiraling dangerously out of control in *Years*

Becoming: The Novelized Memoir of a Veteran Harlot - the true story of a professional liar and the consequences of losing one's life for love. After Blanka Stratford is discharged from the military for violating the Don't Ask, Don't Tell policy, she is convinced she had made the right decision to be with the woman who seized both her heart and her career. But Blanka soon finds out that nothing is fair in love or war. In vain attempt to maintain both a writing career amidst a faltering economy and the affection of the one person who had brought her to her knees, Blanka sells the last item she has left to offer - herself. As she enters New York City's underground world of drugs and high-class prostitution, she struggles to remember the person she had once been. Her lies become further entwined by the betrayal of an old military acquaintance, a charming sycophant who proves that not all that glitters is gold. With vengeance in mind and the aid of three friends, Blanka implements a profitable scheme to con the world. When she departs for Europe to fulfill her plan, however, three obstacles stand in her way: a wacky Polish family, a Spanish woman bent on winning her love, and an eccentric Russian rebel, who brings Blanka back to life at the same moment he aims to take it away. Split into two halves symbolically placed side by side: Part 1 The Truth of the United States and Part 2 Lies in Europe, this first-person account - covering timely topics such as the Iraq War, GLBT issues and Russian espionage - will leave the reader in laughs, in tears and in disarray.

Crowdfunding and Independence in Film and Music Blanka Brzozowska, Patryk Galuszka, 2021-05-10 This book explores how independent film and music artists and labels use crowdfunding and where this use places crowdfunding in the contemporary system of cultural production. It complements an analysis of independence in film and music with the topic of crowdfunding as a firmly established form of financing cultural activity. In the second half of the 20th century, the concept of artistic independence was vital to classifying and distinguishing artists, their works, and labels or publishers who released them. However, during the last three decades, this term has become increasingly blurred, and some commentators argue that independence is in crisis. Can crowdfunding be the answer to this crisis? Some believe that it is, whereas others argue otherwise, seeing crowdfunding instead as just the next manifestation of this crisis. This dilemma is a starting point for the analyses of the relationships between crowdfunding and artistic independence

conducted in this book, and will be of great interest to people looking for a deeper understanding of crowdfunding, how it can influence artistic independence, and what it means for artists and audiences. It will be a stimulating read for scholars and students with an interest in media and cultural studies, digital humanities, fandom, sociology, economics, business studies, and law, while also offering insights to artists and practitioners in the creative industries.

White Fragility Dr. Robin DiAngelo, 2018-06-26 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Croatia and Slovenia at the End and After the Second World War (1944-1945)

Blanka Matkovich, 2017-10-01 This book focuses on the events that took place in late 1944 and 1945 in Croatia and Slovenia when the intensity of violence was strongest. At that time, the Communist Party of Yugoslavia (KPJ), assisted by the People's Liberation Army of Yugoslavia, the Yugoslav Army, the Department for the Protection of the People (OZNA) and the Corps of People's Defence of Yugoslavia (KNOJ) conducted organized terror not only by intimidation, persecution, torture and imprisonment, but also by the execution of a large number of citizens perceived by the KPJ as disloyal, passive, ideological enemies or class enemies. However, investigating war and post-war crimes committed by communist regime was not possible until 1990, after the democratic changes in Yugoslavia. This book is based on documents kept in the archives of Croatia, Slovenia, the UK, and Serbia. Many of them, especially those in Croatia, recently became available to the public, which makes them extremely valuable source of data to the academics and students in this field and which shed new light on these historical events. The Communist Party in the former Yugoslavia was an organization which used all available means to seize and keep power, including terror and mass murder, especially between autumn 1944 and summer 1945 when mass killings occurred across the

country. However, in the Soviet sphere of influence, investigating war and post-war crimes committed by communist regimes was not possible until 1990. This project not only covers new ground in the research into communist war crimes at the end of and after the Second World War, but also contributes to coming to terms with the past in the successor states of Yugoslavia by studying one of the most controversial episodes in the contemporary history of the Balkans. Since the October Revolution, when for the first time in history a Marxist party seized state power, communist regimes have influenced the lives of more than a billion people, caused millions of deaths and violated the human rights of countless people. However, in the Soviet sphere of influence and in Yugoslavia, investigating war and post-war crimes committed by communist regimes was not possible until 1990, after the democratic changes in Eastern Europe. Resolution 1481/2006 of the Council of Europe Parliamentary Assembly strongly condemned human rights violations committed by totalitarian communist regimes and the 2008 Prague Declaration on European Conscience and Communism stated that these crimes were comparable with Nazi crimes but, very few people have been tried for committing such crimes. Nevertheless, 25 years later, in former Yugoslav republics this topic is still a matter of political and scientific debates.
