**The Muckrakers and Progressive Reformers** Jacqueline Conciatore Senter,2018-12-15 The muckraking journalists were crusaders with a steadfast faith in the power of truth, a strong narrative, and public pressure to spur government action for the good of the people. Their investigative reporting brought attention to hidden problems and issues such as child labor, urban poverty, inhumane working conditions, tenements, business monopolies, and political corruption. This engaging book covers the work and lives of the leading muckrakers, including Lincoln Steffens, Ray Stannard Baker, Upton Sinclair, and Ida Tarbell.

**Corpses, Coffins, and Crypts** Penny Colman,1997-12-15 Documents the burial process throughout the centuries and in different cultures.

Subjects and Narrative in Archaeology Ruth M. Van Dyke,Reinhard Bernbeck,2015-04-03 Seeking to move beyond the customary limits of archaeological prose and representation, *Subjects and Narratives in Archaeology* presents archaeology in a variety of nontraditional formats. The volume demonstrates that visual art, creative nonfiction, archaeological fiction, video, drama, and other artistic pursuits have much to offer archaeological interpretation and analysis. Chapters in the volume are augmented by narrative, poetry, paintings, dialogues, online databases, videos, audio files, and slideshows. The work will be available in print and as an enhanced ebook that incorporates and showcases the multimedia elements in archaeological narrative. While exploring these new and not-so-new forms, the contributors discuss the boundaries and connections between empirical data and archaeological imagination. Both a critique and an experiment, *Subjects and Narratives in Archaeology* addresses the goals, advantages, and difficulties of alternative forms of archaeological representation. Exploring the idea that academically sound archaeology can be fun to create and read, the book takes a step beyond the boundaries of both traditional archaeology and traditional publishing.

**Coffins on Our Shoulders** Dan Rabinowitz,Khawla Abu-Baker,2005-09-12 Written jointly by an Israeli anthropologist and a Palestinian family therapist, this analysis of the Arab-Israeli conflict combines the perspectives of two prominent segments of the Middle Eastern puzzle - Israeli Jews and the Palestinian citizens of Israel.

Death Across Oceans: Archaeology of Coffins and Vaults in Britain, America, and Australia Harold Mytum,Laurie

Burgess,2018-08-07 *Death Across Oceans: Archaeology of Coffins and Vaults in Britain, America, and Australia* brings together the leading researchers in historic mortuary practice from Britain, North America, and Australia. It is the first book dedicated to the material culture associated with burial in the historic, English-speaking world. It combines reflections and evaluations from the pioneer scholars who initiated research in this field during the 1980s with studies by young scholars now pushing the research into a new and wider range of issues. This volume will be the seminal work in this field for some time, providing key analyses and essential bibliographic routes into site-specific literature, and setting the research agenda for the future.

**Corpses, Coffins, and Crypts** Penny Colman,2015-08-25 Drawing on extensive historical and anthropological research, personal accounts, and interviews with people who work in the funeral industry, Penny Colman examines the compelling subjects of death and burial across cultures and societies. The text, enriched with stories both humorous and poignant, includes details about the decomposition and embalming processes (an adult corpse buried six feet deep without a coffin will usually take five to ten years to turn into a skeleton) and describes the various customs associated with containing remains (the Igala people in Nigeria have a custom of burying people in as many as twenty-seven layers of clothing). Intriguing facts are revealed at every turn; for example, in Madagascar winter was considered the corpse-turning season. This comprehensive book also includes a list of burial sites of famous people, images in the arts associated with death, fascinating epitaphs and gravestone carvings, a

chronology and a glossary, and over a hundred black-and-white photographs, most of which were taken by the author. Penny Colman writes with compassion and intelligence and humanizes the difficult subjects of death and burial. The result is a powerful look at an inevitable part of life-death.

**Do-It-Yourself Coffins for Pets and People** Dale Power, 1997 Examines the tools and techniques of coffin-making, and features illustrated, step-by-step instructions for constructing three pet and three human-sized coffins. Includes patterns.

**The Coffins of Little Hope** Timothy Schaffert, 2012-04-03 Eighty-three-year-old obituary writer Essie finds her life in small town Nebraska turned upside-down when a young country girl is reported missing and the long-awaited final book in an infamous series of young adult gothic novels is being secretly printed on her newspaper's presses. Reprint.

Rolling Coffins Brian Richard Esher, 2015-01-06 An infantryman's honest account of his experiences during the controversial Vietnam War, this book chronicles the courage and dedication that the American soldiers demonstrated while away from loved ones, in a foreign land where hanging by a thread was the norm every day. It openly discusses the challenges and sacrifices each man had to make in order to survive and protect the lives of his comrades, and it casts a light on the shortcomings of the US government and of those in authority who could have abated the terrifying number of casualties through proper planning and sound judgment. The author, Brian Richard Esher, had witnessed firsthand the horrors of the war and had many close encounters with death. He was sent to Vietnam in 1968, the worst year in terms of casualties. He served with the 25th Infantry Division, 4th Battalion of the 23rd Infantry Mechanized, and received several medals, including the second-highest military award for valor, the Distinguished Service Cross

**The Underground Railroad** R. Conrad Stein, Charlotte Taylor, 2015-07-15 The Underground Railroad was a complex network of secret routes, safe houses, and courageous men and women, both black and white, who helped slaves escape to free states and to Canada. Conductors, such as Harriet Tubman, risked recapture in the South guiding slaves to freedom. Readers explore the formation of this extremely effective anti-slavery escape network and the people who made it work.

**The Coffins** Deborah Dunn, 2017-04-28 Drawing on her love of archaeology and the legends surrounding the Lost Colonists of Roanoke Island, author Deborah Dunn has woven a spell-binding murder mystery about a young archaeologist, Andrea Warren, who goes in search of why her father committed suicide as a young man while looking for the infamous coffins of Beechland, coffins the locals claim belong to remnants of the 117 men, women, and children who vanished without a trace in 1590. But what she discovers soon puts her life in danger. Who wants to stop her? And how far would they go to keep her from making one of the most important archaeological discoveries of all time: What happened to the Lost Colony of Roanoke Island? Where did Virginia Dare go? Most archaeologists, including myself, rarely have the time or the inclination to read historical novels, particularly those whose themes are archaeology. There are so many errors in the research or the stories are so unrealistic that it is difficult to truly enjoy reading. But *The Coffins* was the exception. Not only is it a successful blend of historical research and local ethnography, it is a true page-turning crime thriller. Think Sue Grafton meets Ivor Noel Hume. It is historical fiction as it should be written. A great read! Dr. Charles Ewen, Director of the Phelps Archaeology Lab, Professor, East Carolina University Greenville, North Carolina

**Bronze 'Bathtub' Coffins In the Context of 8th-6th Century BC Babylonian, Assyrian and Elamite Funerary Practices** Yasmina Wicks, 2015-10-31 This volume is dedicated to the examination of a small corpus of bronze U-

shaped burial receptacles from ancient Mesopotamia and Elam, dubbed 'bathtub' coffins for their characteristic apsidal shape, reminiscent of a style of 19th and early 20th century bathtub.
