*The London Dennis Trident* Matthew Wharmby,2021-06-30 Propelled towards the end of the 1990s by accessibility imperative requiring low floor buses both in London and the rest of Britain, Dennis developed a tri axle Trident double decker for Hong Kong and then adapted the design as a two axle version for Britain. Orders came thick and fast between 1999, when the first Tridents for London entered service with Stagecoach and 2006, when the Enviro 400, a combination of its unified body builders, replaced it. In those years over two thousand of the type appeared in London, ordered by Stagecoach, First London, United, Metroline, Metrobus, London General, Blue Triangle, Connex, Armchair, and Hackney Community Transport. The body work was by Alexander ALX400, Plaxton, (Precedent) and East Lancs, to two available lengths, while badging itself progressed although Trans Bus, until this troubled organisation was suspended in 2004 by today's Alexander Dennis. Versatile and personable, the Trident in all its forms lasted two decades in London, the last examples being withdrawn from service in 2020

*The Men Behind the Trident* Dennis J. Cummings,David Cummings,1998-05 This is the story of the U.S. Navy SEAL Team One in Vietnam as told by twenty of the elite Navy commandos who fought there from 1962 to 1972. Here for the first time, these unorthodox and sometimes iconoclastic special warriors talk about the missions that are left out of the official histories and existing accounts. Extraordinarily gripping and personal, these narratives reveal what really happened on those covert forays. Dennis Cummings has succeeded in coaxing the SEALs to reveal what made them tick, why they volunteered for such dangerous work and returned for multiple tours in the unpopular war, how they pooled their special talents and motivations, and finally how they overcame fear, frustration, and personal losses. A counter to the uncorroborated barroom braggadocio common to other accounts, Cummings's achievement gives the best picture available of what it really meant to wear the distinctive SEAL trident insignia.

*Trident K9 Warriors* Mike Ritland,Gary Brozek,2013-04-15 Written to coincide with a large-scale 60 Minutes feature, an insider's account of the world of elite Navy SEAL military canines traces the author's international search for eligible dog combat unit candidates with whom SEAL handlers eventually forged close bonds and saved countless lives.

*The London Volvo B7TL* Matthew Wharmby,2021-12-30 At the turn of the century Volvo found itself in a three-way tussle with Dennis and DAF to design and produce Britain's first low-floor double-deck buses. The resulting B7TL was later into service in London than its competitors, but quickly caught up to achieve parity with the Dennis Trident. Two lengths were available and three bodies, by Alexander, Plaxton and East Lancs. Between them, London's TfL-contracted London bus operators took over two thousand Volvo B7TLs between 2000 and 2006, after which noise problems obliged Volvo to develop the B9TL and its later B5LH hybrid. The Volvo B7TLs saw sterling service in the capital for two decades, with the last leaving service in the first week of 2021.

**The Ka of Gifford Hillary** Dennis Wheatley,2013-12-23 I am in prison awaiting trial for the murder of my wife's lover... My version of what occurred is so utterly fantastic that it is certain to be taken as an attempt by me to show that I am mad. But the doctors have already agreed that I am sane; so for myself I see no escape from the gallows. Nevertheless, I swear by Almighty God that all I am about to dictate into a recording machine is the truth, the whole truth and nothing but the truth. With Sir Gifford Hillary and Wing Commander Johnny Norton involved in plans to counter the might of Soviet Russia, interest soon centres on the evil Lady Ankaret and the tragedy which occurred at Longshot Hall, South Hampshire, on the night of the 9th September. A victim is struck down, and from that moment onwards the events which follow seem, at first, fantastic and unbelievable-but are later realised to be entirely logical. What does happen after death? And why should Sir Gifford find himself in prison, on trial for his life?

**The London Enviro400** Matthew Wharmby,2016-08-31 Developed by Alexander Dennis in 2005 as an all-encompassing replacement for the Dennis Trident and its two bodies, the Plaxton President and Alexander ALX400, the integral Enviro400, immediately sold in large numbers, not least to London operators, which in the next eight years bought over 1,500 of them. Late in the production run, the hybrid E40H was introduced and also made good headway in London, funded largely by environmental grants. Nearly 300 of these are in service in London.Valid to May 2015, this book finishes by introducing the MMC, the all-new development of the Enviro400 unveiled in 2014 and exemplified in London so far by two batches for Abellio and Metroline.

**The De-Textbook** Cracked.com,2013-10-29 You are an idiot. Don't get defensive! It's not your fault. For decades your teachers, authority figures and textbooks have been lying to you. You do not have five senses. Your tongue doesn't have neatly segregated taste-bud zones. You don't know what the pyramids really looked like. You're even pooping wrong - Jesus, you're a wreck! But it's going to be okay. Because we're here to help. Packed with more sexy facts than the Encyclopedia Pornographica, the Cracked De-Textbook will teach you about the true stars of history, why you picture everything from Velociraptors to Ancient Rome incorrectly, and finally, at long last - how to pop a proper squat. This book was built from the ground up to systematically seek out, dismantle and destroy the many untruths that years of misguided education have left festering inside of

you, and leave you a smarter person...whether you like it or not. The De-Textbook is a merciless, brutal learning machine. It can't be bargained with. It can't be reasoned with. It doesn't feel pity, or remorse, or fear. And it absolutely will not stop, ever, until you are informed.

**Atomic Tunes** Tim Smolko,Joanna Smolko,2021-05-11 What is the soundtrack for a nuclear war? During the Cold War, over 500 songs were written about nuclear weapons, fear of the Soviet Union, civil defense, bomb shelters, McCarthyism, uranium mining, the space race, espionage, the Berlin Wall, and glasnost. This music uncovers aspects of these world-changing events that documentaries and history books cannot. In Atomic Tunes, Tim and Joanna Smolko explore everything from the serious to the comical, the morbid to the crude, showing the widespread concern among musicians coping with the effect of communism on American society and the threat of a nuclear conflict of global proportions. Atomic Tunes presents a musical history of the Cold War, analyzing the songs that capture the fear of those who lived under the shadow of Stalin, Sputnik, mushroom clouds, and missiles.

*Theodore Roosevelt's Naval Diplomacy* Jerry Hendrix,2014-07-15 This book examines President Theodore Roosevelt’s use of the United States naval services as supporting components of his diplomatic efforts to facilitate the emergence of the United States as a Great Power at the dawn of the 20th century. After reviewing the development of Roosevelt’s personal philosophy with regard to naval power, the book traverses four chapters that reveal Roosevelt’s use of the Navy and Marine Corps to support American interests during the historically controversial Venezuelan Crisis (1902-03), Panama’s independence movement (1903), the Morocco-Perciaris Incident (1904) and the choice of a navy yard as the sight for the negotiations that ended the Russo-Japanese War. The voyage of the Great White Fleet and Roosevelt’s actions to technologically transform the American Navy are also covered. In the end the book details how Roosevelt’s actions combined to thrust the United States forward onto the world’s stage as a major player, and cemented T.R’s place in American history as a great president despite the fact that he did not serve during a time of war or major domestic disturbance. This history provides new information that finally lays to rest the controversy of whether Theodore Roosevelt did or did not issue an ultimatum to the German and British governments in December, 1902, bringing the United States to the brink of war with two of the world’s great powers. It also reveals a secret war plan developed during Panama’s independence movement which envisioned the United States Marine Corps invading Colombia to defend the sovereignty of the new Panamanian republic.
