John Cage's Theatre Pieces William Fetterman,2012-10-12

The experimental composer John Cage (1912-1992) is best known for his works in percussion, prepared piano, and electronic music, but he is also acknowledged to be one of the most significant figures in 20th century theatre. In Cage's work in theatre composition there is a blurring of the distinctions between music, dance, literature, art and everyday life. Here, William Fetterman examines the majority of those compositions by Cage which are audial as well as visual in content, beginning with his first work in this genre in 1952, and continuing through 1992. Much of the information in this study comes from previously undocumented material discovered among the unpublished scores and notes of Cage and his frequent collaborator David Tudor, as well as author's interviews with Cage and with individuals closely associated with his work, including David Tudor, Merce Cunningham, Bonnie Bird, Mary Caroline Richards, and Ellsworth Snyder.

We'll Always Have Parrots Donna Andrews,2006-02-07

In *We'll Always Have Parrots*, Meg Langslow travels with her fiance Michael to a fan convention for Porfiria, Queen of the Jungle--a cheesy cult TV show on which Michael has a minor role. Michael hopes the weekend will give him a chance to talk Miss Wynncliffe-

Jones, the show's temperamental leading lady and executive producer out of enforcing a certain provision in Michael's contract. Of course, Michael's not the only person whose career the dictatorial star has manipulated. So when the star is found murdered, the police have plenty of suspects. Trouble is, Meg doesn't believe they're going to arrest the right one. Soon she finds herself following the murderer's trail through a hotel filled with egotistical actors, costumed fans, and a motley flock of monkeys and parrots who, rebelling against their role as live scenery, have escaped from their cages to take an active (and noisy) role in the festivities.

Propaganda, Power and Persuasion David Welch, 2013-11-27
As Philip Taylor has written, 'The challenge (of the modern information age) is to ensure that no single propaganda source gains monopoly over the information and images that shape our thoughts. If this happens, the war propagandists will be back in business again.' Propaganda came of age in the Twentieth Century. The development of mass- and multi-media offered a fertile ground for propaganda while global conflict provided the impetus needed for its growth. Propaganda has however become a portmanteau word, which can be interpreted in a number of different ways. What are the characteristic features of propaganda, and how can it be defined? The distinguished contributors to this book trace the development of techniques of 'opinion management' from the First World War to the current conflict in Afghanistan. They reveal how state leaders and spin-doctors operating at the behest of the state, sought to shape popular attitudes - at home and overseas - endeavouring to harness new media with the objective of winning hearts and minds. The book provides compelling evidence of how the study and practice of propaganda today is shaped by its history.

Prinny's Taylor MR Charles Bazalgette, 2015-09-05 THE PHANTOM TAILOR The Prince of Wales, later George IV, is probably the most written-about of all British monarchs, and his excesses, his debts and the huge sums that he expended on his wardrobe are legendary. It is therefore strange that the man who was the Prince's tailor for over thirty-two years, and his principal tailor for over half of that time, should have been named, and then only in passing, in just two other books. The reason why Louis Bazalgette has been a shadowy figure until now is that the relationship between the two men was discreet and almost clandestine. This biography presents a detailed picture of an extraordinary man, of humble origins, whose influence on gentlemen's tailoring, and upon the Prince himself, must have been far-reaching. This fascinating story presents a new angle on Georgian and Regency life, as seen through the eyes of a little French tailor who by his own efforts became a very wealthy propertied merchant. There is also a great deal of information on gentlemen's tailoring of the period, a subject sparsely covered in other publications, and we are regaled in detail with the clothes that were made for Prinny, when and where he wore them and how much they cost. Many of the anecdotes about George are included, but given new meaning because of the fresh information that the author has discovered. Some of Louis Bazalgette's descendants also enter the story. His eldest son Joseph William Bazalgette, R.N, served with distinction during the Napoleonic wars, and his grandson of the same name was the noted civil engineer who made such a difference to London. The author is Louis' great-great-great-great-grandson. Lovers of the period will be delighted by many previously unpublished items which have been uncovered during over twenty years of painstaking research.

The Twelve Jays of Christmas Donna Andrews, 2021-10-19 The cast of Donna Andrews' New York Times bestselling Meg Langslow mystery series is back for an unforgettable holiday story in *The Twelve Jays of Christmas*. Meg and Michael's annual holiday celebration is well underway, with a throng of out-of-town relatives staying at their house. Hosting these festivities is a little harder than usual—they have to relocate all the events normally held in their library, currently occupied by Roderick Castlemayne, the irascible wildlife artist who's creating twelve paintings of birds to illustrate Meg's grandfather's latest nature book. Still, the celebrations continue—and the entire family rejoices to learn that Meg's brother Rob and his longtime fiancée Delaney have finally decided to tie the knot. Unfortunately, they decide to do this in the middle of Meg and Michael's annual New Year's bash, dashing their mothers' hopes of planning the wedding to end all weddings. Delaney's mother sneaks into town so she and Meg's mother can

secretly plot a way to talk the happy couple into having a big bash. Hiding her only adds to Meg's holiday stress—it's almost a full-time job fending all the visitors who want to confront Castlemayne—reporters, bill collectors, process servers, and several ex-wives in search of unpaid alimony. Then someone murders Castlemayne in the middle of a blizzard and sets loose the birds he was painting. Can Meg help the police crack the case before the killer strikes again? Can she keep Christmas merry in spite of the body in the library? Can she negotiate a compromise between Rob and Delaney and their disappointed mothers? And can she recapture the twelve escaped jays before they begin nesting in the Christmas tree? This intrigue-filled Christmas mystery takes readers home to Caerphilly to join in Meg's family's holiday celebration—including, of course, another baffling mystery.
