*Something Red* Douglas Nicholas, 2013-06-18 During the thirteenth century, in northwest England, in one of the coldest winters in living memory, a formidable middle-aged Irishwoman and her little troupe are trying to drive their three wagons across the Pennines before the heavy snows set in. Molly, her powerful and enigmatic lover Jack, her fey granddaughter Nemain, and the young apprentice Hob soon find that something terrible prowls the woods through which they must make their way. As they travel from refuge to refuge, it becomes apparent that the evil must be faced, and it is then that Hob learns how much more there is to his adopted family than he had ever imagined--

*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

*Go Gently* Bonnie Wright, 2022-04-19 An inspiring and approachable tip-filled guide to changing your habits, living more sustainably, and taking action, by Greenpeace ambassador Bonnie Wright (Ginny Weasley in the Harry Potter movies) *Go Gently* is a guide for sustainability at home that offers simple, tangible steps toward reducing our environmental impact by looking at what we consume and the waste we create, as well as how to take action for environmental change. The title reflects Bonnie Wright's belief that the best way to change our planet and ourselves is through a gentle approach, rather than a judgmental one. This is a book of do's rather than don'ts. It's also an invitation to Wright's followers to join her on this journey to sustainability. Going through every room in her home, Wright helps us assess which products are sustainable, and alternatives for those that are not. She shares recipes to avoid waste, homemade self-care products to avoid packaging, small space-friendly gardening ideas, and a template for creating your own compost system. Finally, to sustain yourself, there are exercises

and meditation prompts to keep you energized, plus info on how to get involved in community and organizations.
