Christine Corday: Works Christine Corday, 2024-02-06 This monograph covers the past 20 years of New York-based artist Christine Corday's (born 1970) practice. Corday combines her interests in the sciences and fine arts to paint, sculpt, draw and design. Her artistic approach consists of manipulation of matter into different states, producing massive sculptures that viewers are meant to experience through touch, leaving memories on the surface of her work. ^①Her public works and solo installations include 'Sans Titre' (2020) a two-pound object installed within a star on earth, Saint-Paul-Lez-Durance, FR; 'GENESES' (2019), a massive sculpture of stainless steel and concrete commissioned by the City of San Francisco for Moscone Center; 'Relative Points' (2019), a twelve-piece installation of monumental compressed cylinders, each 10,000 pounds of iron, elemental metal and metalloid grit at the Contemporary Art Museum St. Louis; 'Protoist Series: Selected Forms' (2015) at Los Angeles County Museum of Art; and UNE (2008) at The High Line, New York City. ^②In Spain, Corday formulated a black pigment color later selected by architect Michael Arad as the touch-focused color for the National September 11

Memorial (2011), Ground Zero, which Corday applied by hand through a heated application. 'Christine Corday: Works' includes an essay by art and architectural historian Miwon Kwon.

Debauched Grim Roar, S.s.c., 2019-12-06 During the height of the turned-on 1960s and '70s Occult explosion, even the under-the-counter men's magazines got in on the act and began a surreal exploration of the haunting netherworld of Witchcraft and Satanism. This monumental art book reveals a world of diabolical smut that was so compelling and obscure that many people today

would actually question whether or not the magazines were real or just an elaborate and detailed modern photo editing invention. A few salacious titles and images on the internet sparked imaginations, and strongly inspired bands in the doom/black/heavy metal genre, eventually these alluring images found their way to record covers and T-shirts, but mostly remaining shadowy, mysterious, and elusive. Magazines so impossible to hunt down that their very existence seemed an urban myth. Well, they are real and they are spectacular! These magazines are in fact, out there in the world. They are collecting dust in attics, basements, and garages. Hidden away from sight. Unsavory treasures deemed too filthy and then forgotten by their lustful owners. This massive 384 pages deluxe hardcover book is a glimpse into a vast and shocking world that still remains virtually unknown and unexplored. These artifacts come from a bygone era promoting sexual revolution and freedom with overt and unholy occult themes. If you have any issues with hardcore witchcraft and Satanism, body hair or nudity, don't pick this book up and quickly get it out of your sight, and forget everything we've mentioned. Just remember life's too short to take everything so seriously. Flesh is beautiful It's time to descend into the infernal witches' cauldron and deep down into the hellish pit for a real Black Mass. Includes a thorough review and collector's guide of each rare publication as well as illuminating essays on the subject. Hardcover; 384 pages; limited edition of 1000.

Avec Calc, vous réaliserez et mettrez en forme tableaux et graphiques, gérerez une liste de données (listes d'adresses, par exemple) et créerez des tableaux d'analyse de données. Avec Impress, vous créerez des diaporamas animés. Vous utiliserez ensuite Draw pour la conception d'objets graphiques divers.
