Ensign Newman K. Perry and the USS Bennington Disaster Margaret Riddle, 2011-11-28 Merriam Press Military Monograph MM145. Only twenty-four years old, and married less than two years to his sweetheart, the author's great uncle Ensign Newman K. Perry, of Columbia, South Carolina, was the only officer killed, when sixty-five sailors lost their lives in the 1905 explosion of the gunboat USS Bennington in San Diego harbor. This book uses the author's narrative, unique family photos and memorabilia, actual newspaper articles and postcards, and documents to tell of Perry's naval career, of the love story of Perry and his beloved young wife, Vipont, and of the horrific and tragic peacetime ship explosion. There are also several special eyewitness accounts of the event. Details are included about both turn-of-the-century San Diego and Stockbridge, Massachusetts, Vipont's hometown. Through the descriptions of the injuries and death of Perry, and of the suffering and loss of life of the other men, one can comprehend the magnitude of this disaster. It caused the US Navy and other government officials to make important changes in navy standards and procedures that led to greater safety for future sailors. Perry was regarded as a gallant and brilliant young officer, who was expected to have a fine naval career, thus, his untimely death, which he faced with great courage, was met with deep sorrow by his friends and family. About the Author: A native of Columbia, South Carolina, Mrs. Riddle now resides in North Carolina with her husband Joe.

Their two daughters, son, son-in-law and grandson live nearby. She graduated from Mary Baldwin College and worked for over a decade for the Federal Government in Washington, D.C. Her interests are history, photography, travel, genealogy research in France and Great Britain, and music. She sings in both a large symphony chorus and in her church choir. A distant relative of Theodore Roosevelt, she is a member of the Theodore Roosevelt Association.133 photos, illustrations, documents.

*Includes pictures *Includes excerpts of contemporary accounts *Includes a bibliography for further reading We have met the enemy and they are ours. - Oliver Hazard Perry Sandwiched between the Revolution and the Civil War, the War of 1812 is one of America's forgotten conflicts, and the stalemated nature of the war (which resolved virtually none of either side's war aims) has also ensured that it is often given merely a cursory overview. Great Britain, as the leader of several coalitions of conservative European countries trying to isolate and snuff out the revolutionary spirit and the ambitions of Napoleon, had been at war with France almost continuously since 1792. Under President Thomas Jefferson (1801-1809) and James Madison (1809-1817), the United States tried to steer a course that would keep it from being drawn into the European war and defend its neutrality on the high seas. However, both Britain and France wanted to hurt the other side

economically by keeping goods out of their enemy's hands. Thus, they did not faithfully respect the rights of neutral nations. The British government in 1807 had issued the Orders in Council, which enforced a naval blockade against France, and with a shortage of seamen to man the Royal Navy, Britain also felt justified in stopping and sometimes firing on ships flying the American flag in the name of apprehending escaped British sailors. Americans had few things to celebrate during the War of 1812, and fighting on the frontier against the British and their native allies didn't go any better than the conflict did in other theaters, but one of the only major victories the Americans won came at the Battle of Lake Erie in September 1813. That action made Oliver Hazard Perry, a veteran of the Barbary Wars and commander of the USS Lawrence, a legend whose name has endured for over 200 years. Perry was so instrumental in the victory that British historian C.S. Forester noted it was as fortunate for the Americans that the Lawrence still possessed a boat that would float, as it was that Perry was not hit. As one of the biggest naval battles of the war, the results meant that America maintained control of Lake Erie, an important location from which they could recover Detroit and be better positioned to confront the British and Shawnee leader Tecumseh's confederacy. For his part, Perry would forever be remembered as the Hero of Lake Erie, even as he and compatriot Captain Jesse Elliot would feud over their respective actions during the battle for the rest of Perry's life. On July 8, 1853, U.S. Navy Commodore Matthew Perry led four American

warships into Uraga Harbor near Edo (later renamed Tokyo), presenting the Japanese with a letter from President Millard Fillmore. The Japanese couldn't know they were at the end of their long withdrawal from the rest of the world, but they were quite aware that the conditions in China and in Asia generally were being forced to change. They were also certainly aware that the Americans, as a result of the Gold Rush, had made California a state (in 1852) and extended the United States to the Pacific Ocean. They were also aware that American ships dominated the Pacific whaling industry, and that they commonly sailed to China. Japan was further aware of the British and French colonial incursions into China, and they were looking across the Sea of Japan where the Russians were actively occupying territory that was uncomfortably close to Japan. Thus, the appearance of an American naval force was obviously ominous. Perry remains a fairly familiar name in America as a result of his time in Asia, but that legacy actually belies just how influential he was for the U.S. Navy back at home. Known as the Father of the Steam Navy in America, Perry not only modernized America's naval forces, but literally wrote the book on it. By the time he died in 1858, he was considered a national hero.

USS Lexington and HMS Lady Susan David Perry,2013-10-30 Step onto the oak deck planks of a man o' war in the middle of an American Revolutionary sea battle right in the Chesapeake Bay. Deception, maneuver, surprise, cannons blasting - you will taste the salt spray and choke on the smoke as three ships jockey for position in the confined waters of the Chesapeake, struggling desperately for victory or survival. Book Three of the Brigantine Lexington Series opens on July 5, 1776 in Tun Tavern, Philadelphia, as the crew and their compatriots examine one of the most monumental documents of all time. Share the frustration of a young man torn apart by conflicting loyalties in this epic struggle.

Oliver Hazard Perry David C Skaggs,2013-07-31 Hailed for his decisive victory over a Royal Navy squadron on Lake Erie in September 1813 and best known for his after-action report proclamation We have met the enemy and they are ours, Oliver Hazard Perry was one the early U.S. Navy s most famous heroes. In this modern, scholarly reassessment of the man and his career, Professor David Skaggs emphasizes Perry s place in naval history as an embodiment of the code of honor, an exemplar of combat courage, and a symbol of patriotism to his fellow officers and the American public. It is the first biography of Perry to be published in more than a quarter of a century and the first to offer an even-handed analysis of his career. After completing a thorough examination of primary sources, Skaggs traces Perry s development from a midshipman to commodore where he personified the best in seamanship, calmness in times of stress, and diplomatic skills. But this work is not a hagiographic treatment, for it offers a candid analysis of Perry s character flaws, particularly his short temper and his sometimes ineffective command and control procedures during the battle of Lake Erie. Skaggs also explains how Perry s short but dramatic naval career epitomized the emerging naval professionalism of the young republic, and he demonstrates how the Hero of Lake Erie fits into the most recent scholarship concerning the role of post-revolutionary generation in the development of American national identity. Finally, Skaggs explores in greater detail than anyone before the controversy

over the conduct of his Lake Erie second, Jesse Duncan Elliott, that raged on for over a quarter century after Perry's death in 1819.

Perry said he would take time to reflect, and, if he could alter it with propriety, he would do so. Failing in obtaining more favourable mention of himself--for Perry was convinced, upon reflection, that he had already said too much for him--Captain Elliott procured some alterations to be made in the report relating to others. At his suggestion, some laudatory remarks were inserted as to the conduct of Acting-master Nelson Webster; and, in consequence of his attributing misconduct to the commanders of the small vessels which he had gone to the rear of the line to bring up, Perry omitted all mention of their commanders. This omission he subsequently regretted, as he was afterward led to believe that they had failed in no exertion to close up, especially Lieutenant Holdup Stevens, the commander of the Trippe, who, as he ascertained from Lieutenant Turner and others, had brought his vessel into action with special gallantry. This omission gave great pain to the relations of Mr. Stevens, and produced anxious letters from them to Captain Perry, which he was happy in being able to answer most satisfactorily by placing Lieutenant Stevens in a true and meritorious light. Captain Elliott's attempt thus to destroy Lieutenant Stevens can only be accounted for by an inveterate dislike, and appears to be in some way connected with the removal of this officer a few days before from the Niagara, of which he was previously first lieutenant. Of the conduct

during the action of this gentleman's successor, Lieutenant J. E. Smith, who had exchanged with Mr. Stevens, Captain Elliott also spoke to Captain Perry in the most disparaging terms; but the latter, having observed that Mr. Smith did his duty while the Niagara was in a far more critical...

The Life of Commodore Oliver Hazard Perry, Vol. 1 of 2 (Classic Reprint)
Alex Slidell MacKenzie, 2015-07-13 Excerpt from *The Life of Commodore Oliver Hazard Perry, Vol. 1 of 2* The following work was undertaken at the request of Doctor Grant Champlin Perry, the eldest son of Commodore Perry, who, perceiving in the Naval History of Mr. J. F. Cooper an attempt to diminish that admiration with which the people of the United States have been accustomed to regard the memory of Perry, with a view of raising the standing of his second in command in the battle on Lake Erie, was desirous that a full account should be published of his father's life and services. This request having been willingly assented to, he accordingly forwarded to the writer the papers of his father, consisting almost entirely of public correspondence and log-books of various cruises, of which, however, the series was incomplete, and a vast mass of documents relating to the battle of Lake Erie, the whole forming rather materials for writing the history of that event than the life

of Commodore Perry. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
