Alicia Tobin

Once a Bitcoin Miner Ethan Lou, 2021-10-19 A map to the new frontier, and a rollicking ride across it Ethan Lou goes on an epic quest through the proverbial cryptocurrency Wild West, through riches, absurdity, wonder, and woe. From investing in Bitcoin in university to his time writing for Reuters, and then mining the digital asset — Lou meets a co-founder of Ethereum and Gerald Cotten of QuadrigaCX (before he was reported dead), and hangs out in North Korea with Virgil Griffith, the man later arrested for allegedly teaching blockchain to the totalitarian state. Coming of age in the 2008 financial crisis, Lou's generation has a natural affinity with this rebel internet money, this so-called millennial gold, created in the wake of that economic storm. At once an immersive narrative of adventure and fortune, *Once a Bitcoin Miner* is also a work of journalistic rigor. Lou examines this domain through the lens of the human condition, delving deep into the lives of the fast-talkers, the exiles, the ambitious, and the daring, forging their paths in a new world, harsh and unpredictable.

Behind the Headlines Cecil Rosner, 2012 Canadian investigative journalism has brought down governments, held powerful interests to account, infiltrated criminal networks, and exonerated the wrongly accused. *Behind the Headlines* presents the exciting history of investigative journalism in Canada in an account spanning from the nation's earliest newspapers through to the present day. Drawing on numerous case studies and examples, Cecil Rosner, a journalist with more than 35 years of experience, analyzes the evolution of investigative journalism in Canada and explores the development of specific practices within the context of changing social and historical forces. Rather

than working through a straightforward chronology, Rosner uses a topic-based approach exploring wide-ranging and thought-provoking issues such as public broadcasting, commercialization of the press, alternative media, ethics, and the impact of technology. Highlighting key players and stories such as the sponsorship scandal and the Mulroney Airbus Affair, *Behind the Headlines* provides fresh insight into this previously undocumented history. A new Preface to the paperback edition brings the book up to date, offering a current perspective on the shift from old to new media and ongoing efforts for media outlets to find financially sustainable revenue models. After the collapse of the Canwest empire and the rise of ProPublica and WikiLeaks, the turbulent media landscape is taking on a new form. What implications does this have for investigative journalism, not just in Canada, but around the world?

Funded Today Zach Smith, Thomas Alvord, 2021-03-02

Libra Shrugged David Gerard, 2020-11-02 Silicon Valley tries to disrupt the world — and the world says “no.” Facebook: the biggest social network in history. A stupendous, world-shaping success. But governments were giving Facebook trouble over personal data abuses, election rigging and fake news. Mark Zuckerberg wondered: what if Facebook could pivot to finance? Or, better: what if Facebook started its own private world currency? Facebook could have so much power that governments couldn’t stop them. It would be the Silicon Valley dream. Facebook launched Libra in June 2019. Libra would be an international currency and payment system. It would flow instantly around the world by phone. It could even “bank the unbanked.” Libra could apparently do all this just by using a “blockchain.” But Libra would also make Facebook too big to control— and to lead the

way for Facebook’s Silicon Valley fellows to swing the power of their money as they pleased. Facebook and their friends could work around any single country’s rules. Libra could shake whole economies. And Facebook would become the “digital identity” provider to the world. If you wanted to use money at all, you’d have to go through Facebook. Governments looked at Libra — and they saw another 2008 financial crisis in the making. Facebook’s plan would have made the company even more entrenched — at the cost of broken economies worldwide. Starting with toppling the US dollar. Libra was as incompetent as it was arrogant — and the world stopped it in its tracks. But how did Facebook put forward such a bizarre and ill-considered plan, that left every regulator who saw it reeling in horror? And what happens when another company tries the same trick? Or when Facebook won’t take “no” for an answer, and releases the cut-down version that they’re already calling “Libra 2.0”? “Libra Shrugged” is the story of a bad idea. Also covered: * Bitcoin and cryptocurrency: the source of all the bad ideas in Libra. * Central Bank Digital Currencies: digital versions of official legal tender, suddenly fashionable again because of Libra. * Facebook’s early forays into payments, with Facebook Credits and Messenger Payments. Table of Contents Introduction: Taking over the money 7 Chapter 1: A user’s guide to Libra 9 Chapter 2: The genesis of Libra: Beller’s blockchain 15 Chapter 3: To launch a Libra: Let’s start a crypto 19 Chapter 4: Bitcoin: why Libra is like this 25 Chapter 5: The Libra White Papers 33 Chapter 6: Banking the unbanked 43 Chapter 7: The Libra Reserve plan and economic stability 49 Chapter 8: Libra, privacy and your digital identity 61 Chapter 9: The regulators recoil in horror 67 Chapter 10: David Marcus before the US House and Senate 77 Chapter 11: July to September 2019: Libra

runs the gauntlet 95 Chapter 12: October 2019: Libra's bad month 101 Chapter 13: Mark Zuckerberg before the US House 111 Chapter 14: November 2019: The comedown 123 Chapter 15: Central bank digital currencies 129 Epilogue: Libra 2.0: not dead yet 141 Appendix: 2010–2013: The rise and fall of Facebook Credits 149 Acknowledgements 155 About the author 157 Index 161 Notes 167

Secrets of the Sprakkar Eliza Reid, 2022-02 The Canadian first lady of Iceland pens a book about why this tiny nation is leading the charge in gender equality, in the vein of *The Moment of Lift*. Iceland is the best place on earth to be a woman—but why? For the past twelve years, the World Economic Forum's Global Gender Gap Report has ranked Iceland number one on its list of countries closing the gap in equality between men and women. What is it about Iceland that enables its society to make such meaningful progress in this ongoing battle, from electing the world's first female president to passing legislation specifically designed to help even the playing field at work and at home? The answer is found in the country's *sprakkar*, an ancient Icelandic word meaning extraordinary or outstanding women. Eliza Reid—Canadian born and raised, and now first lady of Iceland—examines her adopted homeland's attitude toward women: the deep-seated cultural sense of fairness, the influence of current and historical role models, and, crucially, the areas where Iceland still has room for improvement. Throughout, she interviews dozens of *sprakkar* to tell their inspirational stories, and expertly weaves in her own experiences as an immigrant from small-town Canada. The result is an illuminating discussion of what it means to move through the world as a woman and how the rules of society play more of a role in who we view as equal than we may understand. What makes

many women's experiences there so positive? And what can we learn about fairness to benefit our society? Like influential and progressive first ladies Eleanor Roosevelt, Hillary Rodham Clinton, and Michelle Obama, Reid uses her platform to bring the best of her nation to the world. *Secrets of the Sprakkar* is a powerful and atmospheric portrait of a tiny country that could lead the way forward for us all.

Bootstraps Need Boots Hugh Segal, 2019-11-01 For more than four decades, Hugh Segal has been one of the leading voices of progressive conservatism in Canada. A self-described Red Tory warrior who disdains "bootstrap" approaches to poverty, he has always promoted policies, especially a basic annual income, to help the most economically vulnerable. Why would a life-long Tory support something so radical? In this revealing memoir, Segal shares how his life and experiences brought him to this most unlikely of places, beginning with his childhood in a poor immigrant family in Montreal to his time as a chief of staff for Prime Minister Mulroney and to his more recent work as an advisor on a basic income pilot project for the Ontario Liberal government. This book is a passionate argument not only for why a basic annual income makes economic sense, but for why it is the right thing to do.

So You're a Little Sad, So What? Alicia Tobin, 2020-04-07 With her just-right combination of sensitivity, vulnerability, and hilarity, comedian and podcaster Alicia Tobin has won fans among the biggest names in contemporary comedy, from Paul F. Tompkins to Rob Delaney. In her prose debut, the host of *Retail Nightmares* and *Super! Sick! Podcast!* takes readers through the funniest parts of sadness and the saddest parts of funniness. While tackling topics ranging from advice on how to talk to city animals to

traumatic memories of Velcro shoes, from new crushes to old breakups, from her parents' Christmas obsessions to the entrenched sexism of the comedy standup world, Tobin softens a barbed wit with a gentle touch in the tradition of the best personal essayists. This frank, tender, and hilarious collection gives one of the brightest (and darkest) lights of North American live comedy room to flourish on the page, and the results are unforgettable. Grab a tissue—for either tears or allergies—and treat yourself.

Index Numbers D.S. Prasada Rao, E.A. Selvanathan, 2016-07-27 'An authoritative survey with exciting new insights of special interest to economists and econometricians who analyse intertemporal and interspatial price relationships.' - Professor Angus Maddison, Groningen University This book presents a comprehensive review of recent developments in the theory and construction of index numbers using the stochastic approach, demonstrating the versatility of this approach in handling various index number problems within a single conceptual framework. It also contains a brief, but complete, review of the existing approaches to index numbers with illustrative numerical examples. The stochastic approach considers the index number problem as a signal extraction problem. The strength and reliability of the signal extracted from price and quantity changes for different commodities depends upon the messages received and the information content of the messages. The most important applications of the new approach are to be found in the context of measuring rate of inflation; fixed and chain base index numbers for temporal comparisons and for spatial intercountry comparisons; the latter generally require special index number formulae that result in transitive and base invariant comparisons.

Decoding **EzBtC.jpg**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**EzBtC.jpg**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring impact on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

EzBtC.jpg Introduction

EzBtC.jpg Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. EzBtC.jpg Offers a

vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. EzBtC.jpg : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for EzBtC.jpg : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks EzBtC.jpg Offers a diverse range of free eBooks across various genres. EzBtC.jpg Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. EzBtC.jpg Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific EzBtC.jpg,

especially related to EzBtC.jpg, might be challenging as they're often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own

Online Searches: Look for websites, forums, or blogs dedicated to EzBtC.jpg. Sometimes enthusiasts share their designs or concepts in PDF format.

Books and Magazines Some EzBtC.jpg books or magazines might include. Look for these in online stores or libraries. Remember that while EzBtC.jpg, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading.

Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow EzBtC.jpg eBooks for free, including popular titles.

Online Retailers: Websites like

Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books.

Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the EzBtC.jpg full book, it can give you a taste of the authors writing style.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of EzBtC.jpg eBooks, including some popular titles.

FAQs About EzBtC.jpg Books

1. Where can I buy EzBtC.jpg books?
Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. **Online**

Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.

2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a EzBtC.jpg book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of EzBtC.jpg books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.

7. What are EzBtC.jpg audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read EzBtC.jpg books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
