The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Hand to Hold JJ Heller, 2021-07-20 This heartwarming picture book reassures children that a parent's love never lets go—based on the poignant lyrics of JJ Heller's beloved lullaby "Hand to Hold." "May the living light inside you be the compass as you go / May you always know you have my hand to hold." With delightful illustrations and an engaging rhyme scheme, this book offers the promise of security and love every child's heart longs to know. From skipping stones and counting stars to climbing trees and telling stories, every moment is wrapped snugly in the certain warmth of a parent's presence and God's blessing. With poignancy and joy, this bedtime read captures the unconditional love parents want their children to know but so often fail to express amid the chaos of daily life.

From Cradle to Stage Virginia Hanlon Grohl, 2017-04-18 Written by Virginia Grohl, the mother of Dave Grohl—former Nirvana drummer and current frontman for the Foo Fighters—From Cradle to Stage shares stories and exclusive photos featuring mothers of rock icons, the icons themselves, and their Behind the Music-style relationships While the Grohl family had always been musical—the family sang together on long car trips, harmonizing to Motown and David Bowie—Virginia never expected her son to become a musician, let alone a rock star. But when she saw him perform in front of thousands of screaming fans for the first time, she knew that rock stardom was meant to be for her son. And as Virginia watched her son's star rise, she often wondered about the other mothers who raised sons and daughters who became rock stars. Were they as surprised as she was about their children's fame? Did they worry about their children's livelihood and wellbeing in an industry fraught with drugs and other dangers? Did they encourage their children's passions despite the odds against success, or attempt to dissuade them from their grandiose dreams? Do they remind their kids to pack a warm coat when they go on tour? Virginia decided to seek out other rock star mothers to ask these questions, and so began a two-year odyssey in which she interviewed such

women as Verna Griffin, Dr. Dre's mother; Marianne Stipe, Michael Stipe of REM's mother; Janis Winehouse, Amy Winehouse's mother; Patsy Noah, Adam Levine's mother; Donna Haim, mother of the Haim sisters; Hester Diamond, Mike D of The Beastie Boys' mother. With exclusive family photographs and a foreword by Dave Grohl, *From Cradle to Stage* will appeal to mothers and rock fans everywhere.

A Quantum City Ludger Hovestadt, Vera Bühlmann, 2015-06-16 We know the specific strengths of various cities, are aware of their ranking, are able to discuss their density and growth. But what do all cities have in common, what do we know about the “lowest common denominator”? The “city as a species”, the “primal genetic material of the city”: this is the subject of *A Quantum City*. This colossal work is a love letter to the city and intellectual culture. We follow the fictional narrative figure, Orlando, beginning in 320 BC, on his odyssey through the Western world up to the present time. The book is divided into four interrelated chapters and can be read page by page in a discursive manner, however randomly browsing through the book also offers new and multi-faceted interpretations. Great intellectual achievements are compared with obscure and mundane events. *A Quantum City* offers an inspiring view of the city that is in us and around us.

Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . Despite the singularity of [Westover’s] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?”—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • Book Riot • Pamela Paul, KQED • New York Public Library

Everything Left to Remember Steph Jagger,2022-04-26 This will cast a spell on fans of Cheryl Strayed and Glennon Doyle. - Publishers Weekly Between Two Kingdoms meets Wild. In this heart wrenching and inspirational memoir a woman and her mother, who is suffering from dementia, embark on a road trip through national parks, revisiting the memories, and the mountains, that made them who they are. Steph Jagger lost her mother before she lost her. Her mother, stricken with an incurable disease that slowly erases all sense of self, struggles to remember her favorite drink, her favorite song, and—perhaps most heartbreaking of all—Steph herself. Steph watches as the woman who loved and raised her slips away before getting the chance to tell her story, and so Steph makes a promise: her mother will walk it and she will write it. Too aware of her mother's waning memory, Steph proposes that the two take a camping trip out to Montana—which her mother, on the urging of Steph's father, agrees to embark upon. An adventure full of horseback riding, hiking, and “tenting” out West quickly turns into one woman's reflection on childhood, motherhood, personhood—and what it means to love someone who doesn't quite remember the person she spent her lifetime becoming. A staggeringly beautiful examination of how stories are passed down through generations and from Mother Nature, Everything Left to Remember brings us the wisdom of who our memories make us under the constellations of the vast Montana sky.

Educating LaRee Westover, 2020-10-05 LaRee has spent her life educating from a young girl teaching a primary class through teaching her 7 children at home as well as teaching classes on herbs, oils, homeopathy, and more. This book is her memoir. This book is my memoir- a memoir that for several years now, I have known I would write one day. But let's set the record straight right here. Part, but only part, of the impetus for writing my memoir at this time, is the publishing of our daughter's book, Educated. I want to tell the story of my life as I really lived it and not in the dramatically fictionalized way others, based on my daughter's book, are telling it for me. I want my grandchildren to know who their grandmother is and was, I want to be a force for good in their lives. Also, I feel a compelling desire to shine a light on homeschooling, herbal medicine, and the living of a conservative and Christian way of life.
