Leadership for a Better World NCLP (National Clearinghouse for Leadership Programs),2016-11-14 The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as a approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. The Return of the Mother Andrew Harvey,2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, The Return of the Mother is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. The Return of the Mother offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual community based on intimate groups of mutually supportive guides and friends. The Return of the Mother is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.
