Albert Camus, 1998

Albert Camus on the Sacred and the Secular James W. Woelfel, 1987 First published in 1975 by Abingdon Press, this volume looks at the central role of religious images and issues in Camus's writings as a key to understanding his whole thought. While it is not biography, it does relate aspects of his life which stand in ultimate relationship to his ideas

Albert Camus Catherine Camus, Marcelle Mahasela, 2012 A biography in text and pictures of the highly influential, iconic writer, from his daughter My children and grandchildren never got to know him. I wanted to go through all the photos for their sake. To rediscover his laugh, his lack of pretension, his generosity, to meet this highly observant, warm-hearted person once more, the man who steered me along the path of life. To show, as Severine Gaspari once wrote, that Albert Camus was in essence a 'person among people, who in the midst of them all, strove to become genuine.' --Catherine Camus Using selected texts, photographs, and previously unpublished documents, Catherine Camus skillfully and easily takes readers through the fascinating life and work of her father, Albert Camus, who, in his defense of the individual, also saw himself as the voice of the downtrodden. The winner of the Nobel prize for literature, Albert Camus died suddenly and tragically in 1960. He was only 46. There are rumors to this day that the Russian KGB was behind the car crash. Writer, journalist, philosopher, playwright, and producer, he was a shining defender of freedom, whose art and person were dedicated to serving the dignity in humanity. In his tireless struggle against all forms of repression, he was a ceaseless critic of humanity's hubris; the same struggle can still be felt today.

What Miss Mitchell Saw Hayley Barrett, 2019-09-03 Discover the amazing true story of Maria Mitchell, America's first professional female astronomer. Every evening, from the time she was a child, Maria Mitchell stood on her rooftop with her telescope and swept the sky. And then one night she saw something unusual—a comet no one had ever seen before! Miss Mitchell's extraordinary discovery made her famous the world over and paved the way for her to become America's first professional female astronomer. Gorgeously illustrated by Diana Sudyka, this moving picture book about a girl from humble beginnings who became a star in the field of astronomy is sure to inspire budding scientists everywhere.

Diary of a Foreigner in Paris Curzio Malaparte, 2020-05-19 Experience postwar Europe through the diary of a

fascinating and witty twentieth-century writer and artist. Recording his travels in France and Switzerland, Curzio Malaparte encounters famous figures such as Cocteau and Camus and captures the fraught, restless spirit of Paris after the trauma of war. In 1947 Curzio Malaparte returned to Paris for the first time in fourteen years. In between, he had been condemned by Mussolini to five years in exile and, on release, repeatedly imprisoned. In his intervals of freedom, he had been dispatched as a journalist to the Eastern Front, and though many of his reports from the bloodlands of Poland and Ukraine were censored, his experiences there became the basis for his unclassifiable postwar masterpiece and international bestseller, *Kaputt*. Now, returning to the one country that had always treated him well, the one country he had always loved, he was something of a star, albeit one that shines with a dusky and disturbing light. The journal he kept while in Paris records a range of meetings with remarkable people—Jean Cocteau and a dourly unwelcoming Albert Camus among them—and is full of Malaparte's characteristically barbed reflections on the temper of the time. It is a perfect model of ambiguous reserve as well as humorous self-exposure. There is, for example, Malaparte's curious custom of sitting out at night and barking along with the neighborhood dogs—dogs, after all, were his only friends when in exile. The French find it puzzling, to say the least; when it comes to Switzerland, it is grounds for prosecution!

Notebooks, 1935-1942 Albert Camus, 2010 From 1935 until his death, Albert Camus kept a series of notebooks to sketch out ideas for future works, record snatches of conversations and excerpts from books he was reading, and jot down his reflections on death and the horror of war, his feelings about women and loneliness and art, and his appreciations for the Algerian sun and sea. These three volumes, now available together for the first time in paperback, include all entries made from the time when Camus was still completely unknown in Europe, until he was killed in an automobile accident in 1960, at the height of his creative powers. In 1957 he had been awarded the Nobel Prize for Literature. A spiritual and intellectual autobiography, Camus' *Notebooks* are invariably more concerned with what he felt than with what he did. It is intriguing for the reader to watch him seize and develop certain themes and ideas, discard others that at first seemed promising, and explore different types of experience. Although the *Notebooks* may have served Camus as a practice ground, the prose is of superior quality, which makes a short spontaneous vignette or a moment of sensuous beauty quickly captured on the page a small work of art. Here is a record of one of the most unusual minds of our time.

Turn Off Your Mind Gary Lachman, 2011 How did a decade that dawned with the Age of Aquarius end in Altamont and the Manson Family bloodbath? The 1960s were a time of revolution - political, social psychedelic, sexual. But there was another revolution that many historians forget the rise of a powerful current that permeated pop culture and has been a central influence on it ever since. It was a magical revolution - a revival of the occult. Previously rejected and ridiculed beliefs took centre stage, reaching the Beatles and the Rolling Stones, saturating the the hippies and flower power, hitting the big screen with *Rosemary's Baby* and the bookshelves with *Lord of the Rings*. The Tarot. I Ching, astrology, Kabbala, yogis, witchcraft, UFOs, Aleister Crowley. Yin Yang and the Tibetan Book of the Dead now became the common currency they are today. But the vibes went bad, the auras

darkened. Did that darker undercurrent win out? Gary Lachman here charts this explosion, its rise and fall, and its enduring legacy --This text refers to an out of print or unavailable edition of this title.

Lailah's Lunchbox: A Ramadan Story Reem Faruqi, 2015-05-01 *2019 Daybreak Children's Picture Book Award -- Recognizing Muslim Women's Contributions to Literature* *Notable Social Studies Trade Book For Young People 2016, a cooperative Project of the National Council for the Social Studies (NCSS) and the Children's Book Council* *Featured Book of the Month, Anti-Defamation League* *American Library Association Notable Book for Children 2016* *Skipping Stones Honor 2016* *International Literacy Association Choices Reading List* Lailah is in a new school in a new country, thousands of miles from her old home, and missing her old friends. When Ramadan begins, she is excited that she is finally old enough to participate in the fasting but worried that her classmates won't understand why she doesn't join them in the lunchroom. Lailah solves her problem with help from the school librarian and her teacher and in doing so learns that she can make new friends who respect her beliefs. This gentle, moving story from first-time author Reem Faruqi comes to life in Lea Lyon's vibrant illustrations. Lyon uses decorative arabesque borders on intermittent spreads to contrast the ordered patterns of Islamic observances with the unbounded rhythms of American school days. Fountas & Pinnell Level N

Pathology of Wildlife and Zoo Animals Karen A. Terio, Denise McAloose, Judy St. Leger, 2018-10-08 Pathology of Wildlife and Zoo Animals is a comprehensive resource that covers the pathology of wildlife and zoo species, including a wide scope of animals, disease types and geographic regions. It is the definitive book for students, biologists, scientists, physicians, veterinary clinicians and pathologists working with non-domestic species in a variety of settings. General chapters include information on performing necropsies, proper techniques to meet the specialized needs of forensic cases, laboratory diagnostics, and an introduction into basic principles of comparative clinical pathology. The taxon-based chapters provide information about disease in related groups of animals and include descriptions of gross and histologic lesions, pathogenesis and diagnostics. For each group of animals, notable, unique gross and microscopic anatomical features are provided to further assist the reader in deciding whether differences from the domestic animal paradigm are normal. Additional online content, which includes text, images, and whole scanned glass slides of selected conditions, expands the published material resulting in a comprehensive approach to the topic. Presents a single resource for performing necropsies on a variety of taxa, including terrestrial and aquatic vertebrates and invertebrates Describes notable, unique gross and microscopic anatomical variations among species/taxa to assist in understanding normal features, in particular those that can be mistaken as being abnormal Provides consistent organization of chapters with descriptions of unique anatomic features, common non-infectious and infectious diseases following brief overviews of the taxonomic group Contains full-color, high quality illustrations of diseases Links to a large online library of scanned slides related to topics in the book that illustrate important histologic findings

There's A Tale To This City Jay Khan, Jaidyn Attard, R. C. Waldun, 2021-08-10 Jay, the restless wanderer, rocks the lives of two strangers by introducing them to the strange world he has stumbled across-the streets of Melbourne.

Rick, the bookworm, is torn away from his mundane academic life. Johnny, the paranoid poet, is released from his small-town worries. When they hit the streets together, twisted tales rise from the gutters. The bathing man. The cardboard preacher. The mute who isn't a mute. The trio cast aside everything they know, embarking on a journey to meet the city's neglected souls. There's a Tale to This City is an offbeat portrait of Melbourne that combines poetry, narrative prose and toilet paper diary entries, recollecting the strange experiences of three writers, who came together to learn the art of listening.

This Isn't Happening Steven Hyden, 2020-09-29 THE MAKING AND MEANING OF RADIOHEAD'S GROUNDBREAKING, CONTROVERSIAL, EPOCHDEFINING ALBUM, KID A. In 1999, as the end of an old century loomed, five musicians entered a recording studio in Paris without a deadline. Their band was widely recognized as the best and most forward-thinking in rock, a rarefied status granting them the time, money, and space to make a masterpiece. But Radiohead didn't want to make another rock record. Instead, they set out to create the future. For more than a year, they battled writer's block, intra-band disagreements, and crippling self-doubt. In the end, however, they produced an album that was not only a complete departure from their prior guitar-based rock sound, it was the sound of a new era-and it embodied widespread changes catalyzed by emerging technologies just beginning to take hold of the culture. What they created was Kid A. Upon its release in 2000, Radiohead's fourth album divided critics. Some called it an instant classic; others, such as the UK music magazine Melody Maker, deemed it tubby, ostentatious, self-congratulatory... whiny old rubbish. But two decades later, Kid A sounds like nothing less than an overture for the chaos and confusion of the twenty-first century. Acclaimed rock critic Steven Hyden digs deep into the songs, history, legacy, and mystique of Kid A, outlining the album's pervasive influence and impact on culture in time for its twentieth anniversary in 2020. Deploying a mix of criticism, journalism, and personal memoir, Hyden skillfully revisits this enigmatic, alluring LP and investigates the many ways in which Kid A shaped and foreshadowed our world.

Legend of a Suicide David Vann, 2008 In Ichthyology, a young boy watches his father spiral from divorce to suicide. The story is told obliquely, often through the boy's observations of his tropical fish, yet also reveals his father's last desperate moves, including quitting dentistry for commercial fishing in the Bering Sea. Rhoda goes back to the beginning of the father's second marriage and the boy's fascination with his stepmother, who has one partially closed eye. This eye becomes a metaphor for the adult world the boy can't yet see into, including sexuality and despair, which feel like the key initiating elements of the father's eventual suicide. A Legend of Good Men tells the story of the boy's life with his mother after his father's death through the series of men she dates. In Sukkwan Island, an extraordinary novella, the father invites the boy homesteading for a year on a remote island in the southeastern Alaskan wilderness. As the situation spins out of control, the son witnesses his father's despair and takes matters into his own hands. In Ketchikan, the boy is now thirty years old, searching for the origin of ruin. He tracks down Gloria, the woman his father first cheated with, and is left with the sense of a world held in place, as it turned out, by nothing at all. Set in Fairbanks, where the author's father

actually killed himself, The Higher Blue provides an epilogue to the collection.--BOOK JACKET.
