The Nautilus Legacy Lewis Crow,2018-03-22 The stunning revelation that his father became none other than the infamous Captain Nemo shakes a young man's world to its foundation. This fictional memoir recounts his life after a tragic war destroys his family and nearly kills him. Learning the truth about his father years later compels him to make a difficult choice: will he keep his comfortable but unspectacular middle-class Victorian existence or forsake everything to continue Nemo's work of exploring the seas and aiding the oppressed? Researched to be true to the spirit of Verne's source novels (20,000 Leagues Under the Sea, Mysterious Island) and his original ideas, The Nautilus Legacy moves from Europe to America to the depths of the sea and beyond. In addition to its literary and adventure themes, it is also the very personal story of an insecure man who struggles with the life of his father and their unfinished relationship.

Captain Nemo Kevin J. Anderson,2011-09-06 Captain Nemo is the fictional life story of one of Jules Verne's most memorable characters from 20,000 Leagues Under the Sea and The Mysterious Island. It covers his boyhood friendship with the dreamer, Jules Verne, adventures aboard sailing ships, battles with pirates, and survival on a mysterious deserted island. Each time he returns home to his beloved France, Captain Nemo shares the tales of his exploits with the struggling writer Verne. We follow Nemo's exploration of hidden caverns that lead to the center of the earth, travels across darkest Africa in a hydrogen balloon, and his imprisonment by an evil Ottoman caliph who commands the dark genius to construct a sub-marine boat, the Nautilus, in order to attack merchant ships that venture through the newly completed Suez Canal.

Sherlock Holmes in The Nautilus Adventure Joseph W. Svec III,Lidia B. Svec,2016-04-05 The game's afloat! This fascinating tale takes Sherlock Holmes and Dr. Watson on an amazing undersea adventure to find and rescue a famous author who has been kidnapped. Along the way there are hidden clues, lost civilizations, danger, romance, humour, a volcanic eruption, a good deal of seaweed tea, and more than one surprising plot twist... not to mention saving the world! It all begins when a tall, bearded gentleman enters 221-B Baker Street and says, Hello, my name is Captain Nemo of the submersible vessel the Nautilus. I would like to engage your services in locating a missing person. His name is Jules Verne."

Vulcanium Pat Regan,2013-10 THE NAUTILUS Riding low in the water and bristling with iron barbs, the Nautilus was a menace to navigation: in a collision with her, a wooden ship would suffer grievous damage. Certainly, the conservative observer would condemn the submarine as an infernal machine the civilized world could never tolerate in rebel hands. But if the Nautilus was built to stand down for no one, she was only as hard and unforgiving as the World had been to the men who built her. Jules Verne gave us 20,000 Leagues Under the Sea but never really explained who Captain Nemo and the Crew of the Nautilus were; let alone how or why they built the World's most advanced submarine and used it to wage war against some hated (yet undefined) nation. VULCANIUM (The Secret of Captain Nemo and the Nautilus) is the story of who they were; how and why they did what they did; and what adventures led up to that fateful encounter with the U.S.S. Abraham Lincoln. The intent is to entertain and (hopefully) educate; so as to enhance the reader's enjoyment of 20,000 Leagues Under the Sea by adding dimension to the characters, events, and technologies portrayed therein.

Quest for the Nautilus: Young Captain Nemo Jason Henderson,2020-03-10 Armed with his wits, his friends, and his Nemotech submarine, a twelve-year-old descendant of Jules Verne's famous antihero must race against the clock to save his kidnapped mother in Quest for the Nautilus: Young Captain Nemo, the second installment in Jason Henderson's action-packed middle grade series... Gabriel Nemo has never been your normal, everyday twelve-year-old. As a descendant of the famous Captain Nemo, he's determined to use his Nemotech legacy for good. He and his best friends Peter and Misty spend their days studying at the elite Nemo Institute and in their spare time, run rescue missions in Gabriel's submarine The Obscure. But when a mysterious organization using advanced technology attacks the Institute and kidnaps Gabriel's mother, he and his friends set off on a race against the clock. They must find Captain Nemo's long-lost ship, The Nautilus, before his mother's time runs out! Praise for the Young Captain Nemo series: There's both futuristic and classic steampunk appeal here, admirably mixing Jules Verne lore with 007-level gadgetry. Stakes are high, the pace is fast, and there are excellent (and surprisingly subtle) messages of coping with childhood loneliness and the importance of taking care of our planet's oceans. –Booklist on Young Captain Nemo
