The Woodhen Clifford Frith,2013-06-12 This book tells the fascinating success story of saving the flightless Woodhen of Lord Howe Island. This unique large rail, an iconic and highly endangered Australian bird, was at the very brink of extinction with just 15 individuals found in 1980, when bold and risky actions were taken to save it. The book begins with the discovery and ecology of Lord Howe Island. It then details the history of the Woodhen, its place among the rails and their evolution of flightlessness, the planning, implementation and trials, tribulations and successes of the captive breeding programme and the way in which the wild population recovered. The ecology, behaviour and breeding biology of this unique flightless island rail are also discussed. The text is accompanied by numerous photographs and drawings. This is a story of survival, yet the bird remains highly endangered as it is under constant potential threat, which could tip it over the brink and to extinction. The Woodhen provides gripping insights into the potential for both losing and saving vertebrate species. Winner of a 2014 Whitley Awards Certificate of Commendation for Historical Zoology.

The Four Season Farm Gardener's Cookbook Barbara Damrosch,Eliot Coleman,2013-02-19 Barbara Damrosch and Eliot Coleman are America's foremost organic gardeners—and authorities. Barbara is the author of *The Garden Primer*, and Eliot wrote the bible for organic gardening, *The New Organic Grower*. Today they are the face of the locavore movement, working through their extraordinary Four Season Farm in Maine. And now they've written the book on how to grow what you eat, and cook what you grow. *The Four Season Farm Gardener's Cookbook* is two books in one. It's a complete four-season cookbook with 120 recipes from Barbara, a master cook as well as master gardener, who shows how to maximize the fruits—and vegetables—of your labors, from Stuffed Squash Blossom Fritters to Red Thai Curry with Fall Vegetables to Hazelnut Torte with Summer Berries. And it's a step-by-step garden guide that works no matter how big or small your plot, with easy-to-follow instructions and plans for different gardens. It covers size of the garden, nourishing the soil, planning ahead, and the importance of rotating crops—yes, even in your backyard. And, at the core, individual instructions on the crops, from the hardy and healthful cabbage family to fourteen essential culinary herbs. Eating doesn't get any more local than your own backyard.

Lingering Doubts Deb Drummond,Janice Teunis,2013-01-01 Reginald Wingfield Spence Brown is delighted when his first granddaughter is born. But just after the little girl's first Christmas, her loved and respected grandfather disappears from family life. Reg Brown does not willingly desert his family. The accountant simply takes the bus to work and apart from a police escorted visit, never again returns to his home in St Lucia, a middle-class, riverside suburb of Brisbane. He is arrested for the sexually motivated murder of his typist, Bronia Armstrong. This is a book about the investigation into what became known as the 'Arcade Murder', led by Sub-Inspector (later Police Commissioner) Frank Bischof. The 'big fella' liked to wrap up a case quickly. Just days after a life sentence is handed down to Reg Brown, his emaciated body is removed from a Boggo Road Gaol cell, along with a handwritten note declaring his innocence. The authors, two of Reg Brown's granddaughters, search for answers as they navigate a path through the archived records, revealing numerous anomalies; police and Crown prejudice; a lack of accountability and suppressed evidence. Well known Queensland identities are unexpectedly discovered in the fabric of this tale. Personal memories breathe life into court transcripts and police files and a heart-breaking story evolves. Bronia Armstrong is a vivacious and beautiful 19 year old again and Reg Brown speaks with a voice he has long been denied.

Kwezi Loyiso Mkize,Mohale Mashigo,2019-04 Mpisi has been working very hard to create an anti-Super campaign, while our team of heroes have been saving lives and helping Mamadou find his family. A show-down in the desert plus new supers are a mere distraction from what's actually happening in the pit. Mohao finally sees the prophecy of his people come true but realises that the story may have been distorted. Is our team ready for anti-Super sentiments, new bad guys and a prophecy come true?--back cover.

Primitive Technology David Wescott,1999 Living in modern society, we have become increasingly disassociated from the earth, from the essence of ourselves, and the need is awakened in us to return to the wilderness--physically and emotionally. We long to feel a sense of connection with our ancient roots. This urge is what has prompted man's fascination with primitive skills: producing objects from natural materials using methods similar to prehistoric cultures. *Primitive Technology: A Book of Earth Skills* is a sharing of ideas--the philosophies, the history, and the personal stories by the authorities on primitive technology from the pages of *The Bulletin of Primitive Technology*. Included are instructions for creating fire and tools of wood, stone, and bone, as well as fiber adhesives, projectiles, art, and music. Practicing these primitive methods will lead the seeker towards a tangible, raw connection with the ancient past, with nature's resources and, ultimately, with the creative forces that constructed the foundation of man's survival on the planet.

All Fall Down Matthew Condon,2015-10-01 Continuing on from the bestselling true crime stories *Three Crooked Kings* and *Jacks and Jokers*, *All Fall Down* follows Terry Lewis as he becomes police commissioner and the era of corruption at the highest levels of the police and government goes on. As the Queensland police become more connected with their corrupt colleagues in Sydney, the era of heavy drugs and crime also begins. Tony Murphy and Glen Hallahan, two of the original crooked kings, become more enmeshed with *The Joke* which is run by bagman Jack Herbert. *All Fall Down* introduces new characters, more extraordinary behavior outside the law by the law, and along the way it charts the meteoric rise of police commissioner Terry Lewis. But with the arrival of the *Fitzgerald Inquiry* in the late 1980s, many will fall—and it's not always the people who should. Once again award-winning journalist and novelist Matthew Condon has drawn from unprecedented access to Terry Lewis, as well as hundreds of interviews with key players and conspirators to craft the definitive account of the rise—and spectacular fall—of one man, an entire state, and over a generation of corruption.

Three Crooked Kings Matthew Condon,2023-11-28 One of the landmark Australian true-crime books, with a new introduction following the death of disgraced Police Commissioner Terry Lewis. *Three Crooked Kings* is the shocking true story of Queensland and how a society was shaped by almost half a century of corruption. At its core is Terry Lewis, deposed and jailed former police commissioner. From his entry into the force in 1949, Lewis rose through the ranks, becoming part of the so-called Rat Pack with detectives Glen Hallahan and Tony Murphy under the guiding influence of Commissioner Frank Bischof. The next four decades make for a searing tale of cops and killings, bagmen

and blackmail, and sin and sleaze that exposes a police underworld that operated from Queensland to New South Wales. This gripping book examines the final pieces of the puzzle, unearths new evidence on cold cases, and explores the pivotal role that whistleblower Shirley Brifman, prostitute and brothel owner, played until her sudden death. Awarded journalist and novelist Matthew Condon has crafted the definitive account of an era that changed a state and is still reverberating to this day.

Sacred Places Kenneth Stanley Inglis, Jan Brazier, 2005 The war memorials and holy sites of the new civil and nationalist religion of the Australian and New Zealand Air Corps (Anzac) are evaluated in this beautifully produced book. After the terrors of the First World War, Australians embarked on a remarkable program of war memorial construction creating large and small mementos that adorn the Australian landscape to this day—pieces that express pride and grief in the perceptions of God, empire, and nation. The author traces the development of the cult of Anzac and its monuments, covering their social origins and modern implications of national spirit and patriotism. This edition includes a new forward to mark the 90th anniversary of the Anzac's landing at Gallipoli.

The Butterflies of Scotland George Thomson, 1980

In the Midst of Life-- Graeme Maxwell Griffin, Des Tobin, 1982 This is a thoroughly useful, authoritative and compassionate book about the last taboo subject death. In exploring our responses to death, it reveals a great deal about Australian society. There is grim humour in the practical details of burial in the days of pick and shovel and a priest if you were lucky. Stories of elaborate Victorian mourning etiquette, of poignant personal histories recorded on gravestones, of vehement debates about cremation, and much more, make good reading. The authors a theologian and a funeral director use this frank social history to look at questions we often avoid. What is grief? How can we help ourselves and others through it? What choices do we have for farewelling our loved ones? Are the rituals of churches, funeral parlours and cemeteries flexible enough to meet our endlessly varied needs? Both professional and general readers will find many answers and yet more questions in this informative and reassuring book.

Queen City of the North Trisha Fielding, 2016-11-23 Thanks to its stature as the premier city of North Queensland, from as early as 1895 Townsville was known as the Queen City of the North. This book is a leisurely stroll through some of the fascinating aspects of the Queen City's history since its settlement in 1864 as a port for the region's pastoral industry. From tragic tales such as the disappearance of the last lighthouse keeper at Bay Rock, the sinking of the SS Yongala, shark attacks in Ross Creek, and the destruction caused by floods and cyclones; to gun battles in the city streets over workers' rights, the bombing of the city during World War II, and a cast of colourful characters that shaped the city's fortunes; this book presents a remarkably vivid picture of life in early Townsville that will delight history lovers.

Jacks and Jokers Matthew Condon, 2014-04-01 Continuing on from the bestselling *Three Crooked Kings*, *Jacks and Jokers* opens in 1976. Terry Lewis, exiled in western Queensland, is soon to be controversially appointed Police Commissioner. As for the other two original *Crooked Kings*, Tony Murphy is set to ruthlessly take control of the workings of 'The Joke', while Glen Hallahan, retired from the force, begins to show a keen interest in the emerging illicit drug trade. Meanwhile, ex-cop and 'Bagman' Jack Herbert collects the payments and efficiently takes police graft to a whole new level. The *Joke* heralds an era of hard drugs, illegal gambling and prostitution, and leaves in its wake a string of unsolved murders and a trail of dirty money. With the highest levels of police and government turning a blind eye, the careers of honest police officers and the lives of innocent civilians are threatened and often lost as corruption escalates out of control. Revealing more incredible facts and previously untold stories, award-winning journalist and novelist Matthew Condon once again exposes the shocking behaviour outside the law by the law. *Jacks and Jokers* is the gripping second instalment of the rise – and spectacular fall – of one man, an entire state and generations of corruption.
