Neil Ross

Vocal Recall Neil Ross, 2018-06-17 How does a kid who survives the rain of V-2 rockets on London in the waning years of World War II, end up in Hollywood announcing the Diamond Jubilee of Oscar? Veteran Hollywood voice actor Neil Ross tells the amazing story of his life, and fifty-plus year career, in two exciting, highly competitive professions in his autobiography: *Vocal Recall; A Life in Radio and Voiceovers*. Driving cross-country to New York at 17, Neil learns how to survive in the Big Apple on \$38.06 a week, and then lives the life of a radio gypsy: Arizona, Salt Lake City, Honolulu and Saigon, where, as a Navy Journalist, Neil reports on one of the major disasters of the Viet Nam War. Then on to San Diego, San Francisco and finally, Hollywood. Neil tells of his struggle breaking into voiceovers, one of the most competitive fields in the industry. Then describes in fascinating detail what it was like to work on iconic 80's and 90's TV cartoon shows including: Transformers, G.I. Joe, Voltron and Spider-Man. As well as a slew of popular video games including: Metal Gear Solid, Call of Duty, Command and Conquer, Doom 3 and Mass Effect. Neil spins the tale of his 30-plus years in voiceovers including major motion pictures and television shows, and encounters with Robert Redford, Warren Beatty, Steven Spielberg and Jerry Seinfeld. In addition to announcing the Diamond Jubilee of Oscar, Neil also works on the Primetime Emmy Awards and seven AFI Life Achievement Award telecasts. He describes in vivid detail the adrenaline pumping experience of working on live, celebrity-studded events. As Neil's story unfolds, we meet an amazing cast of characters: from Gene Autry to Jim Morrison, Little Richard to Jonathan Winters. Neil also shares his experiences with the many colorful, talented voice actors and directors he's worked with over the years, and shares stories of hilarious in-studio hijinks. Readers curious about the life of a top 40 radio DJ in the heyday of that format, fans of the many cartoon shows and games Neil has worked on, and the many beloved characters he's voiced, and folks dying to know the inside scoop on the golden age of the voiceover business will want to read this fascinating story.

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben

Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Apocalypse Jacques Ellul, 2020-05-05 “There has never been a book provoking more delirium, foolishness and irrational movements, without any relationship to Jesus Christ [than the Book of Revelation].” —Jacques Ellul, Introduction Known for his trenchant critique of modernity and of those Christians who celebrate their captivity to it, Ellul here cuts to the heart of the theological intention of the Book of Revelation, and thereby reveals the liberating gospel in all its offensiveness. Neither an exhaustive commentary nor a work of historical-exegetical analysis, *Apocalypse* is a provocative, independent interpretation. Ellul seeks to rescue Revelation from the reassuring and orthodox banality to which commentators often reduce it. The goal is to perceive the totality of the book in its movement and structure. “Architecture in movement” is the key to understanding Revelation’s puzzling but simple message. This edition also comes with a new foreword by Jacob Marques Rollison who provides an essential aid for guiding readers through Ellul’s thorough engagement with Revelation.
