African Samurai Thomas Lockley, Geoffrey Girard, 2019-04-30 This biography of the first foreign-born samurai and his journey from Africa to Japan is “a readable, compassionate account of an extraordinary life” (The Washington Post). When Yasuke arrived in Japan in the late 1500s, he had already traveled much of the known world. Kidnapped as a child, he had ended up a servant and bodyguard to the head of the Jesuits in Asia, with whom he traversed India and China learning multiple languages as he went. His arrival in Kyoto, however, literally caused a riot. Most Japanese people had never seen an African man before, and many of them saw him as the embodiment of the black-skinned Buddha. Among those who were drawn to his presence was Lord Nobunaga, head of the most powerful clan in Japan, who made Yasuke a samurai in his court. Soon, he was learning the traditions of Japan's martial arts and ascending the upper echelons of Japanese society. In the four hundred years since, Yasuke has been known in Japan largely as a legendary, perhaps mythical figure. Now African Samurai presents the never-before-told biography of this unique figure of the sixteenth century, one whose travels between countries and cultures offers a new perspective on race in world history and

a vivid portrait of life in medieval Japan. "Fast-paced, action-packed writing. . . . A new and important biography and an incredibly moving study of medieval Japan and solid perspective on its unification. Highly recommended." –Library Journal (starred review) "Eminently readable. . . . a worthwhile and entertaining work." –Publishers Weekly "A unique story of a unique man, and yet someone with whom we can all identify." –Jack Weatherford, New York Times–bestselling author of Genghis Khan

Ginkgo Peter Crane, 2013-03-19 DIV Perhaps the world's most distinctive tree, ginkgo has remained stubbornly unchanged for more than two hundred million years. A living link to the age of dinosaurs, it survived the great ice ages as a relic in China, but it earned its reprieve when people first found it useful about a thousand years ago. Today ginkgo is beloved for the elegance of its leaves, prized for its edible nuts, and revered for its longevity. This engaging book tells the full and fascinating story of a tree that people saved from extinction—a story that offers hope for other botanical biographies that are still being written./divDIV /divDIV Inspired by the historic ginkgo that has thrived in London's Kew Gardens since the 1760s, renowned botanist Peter Crane explores the evolutionary history of the species from its mysterious origin through its proliferation, drastic decline, and ultimate resurgence. Crane also highlights the cultural and social significance of the ginkgo: its medicinal and nutritional uses, its power as a source of artistic and religious inspiration, and its importance as one of the world's most popular street trees. Readers of this extraordinarily interesting book will be drawn to the nearest ginkgo, where they can experience firsthand the timeless beauty of the oldest tree on Earth./div

Japan Encyclopedia Louis Fr?d?ric,Louis-Frédéric,2002 Knowing Japan and the Japanese better, Louis Frédéric states in the introduction to this encyclopedia, is one of the necessities of modern life. The Japanese have a profound knowledge of every aspect and detail of Western societies. Unfortunately, we in the West cannot say the same about our knowledge of Japan. We tend to see Japan through a veil of exoticism, as a land of ancient customs and exquisite arts; or we view it as a powerful contributor to the global economy, the source of cutting-edge electronics and innovative management techniques. To go beyond these clichés, we must begin to see how apparently contradictory aspects of modern Japanese culture spring from the country's evolution through more than two millennia of history. This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization, from the dawn of its prehistory to today, providing clear and accessible information on society and institutions, commerce and industry, sciences, sports, and politics, with particular emphasis on religion, material culture, and the arts. The volume is enhanced by maps and illustrations, along with a detailed chronology of more than 2,000 years of Japanese history and a comprehensive bibliography. Cross-references and an index help the reader trace themes from one article to the next. Japan Encyclopedia will be an indispensable one-volume reference for students, scholars, travelers, journalists, and anyone who wishes to learn more about the past and present of this great world civilization.

UN75 – The Future We Want, the United Nations We Need United

Nations, 2020-11-09 In January 2020, the United Nations launched the global consultation to mark its 75th anniversary. Through surveys and dialogues, it asked people about their hopes and fears for the future – representing the UN's most ambitious effort to date to understand expectations of international cooperation and of the UN in particular. It is also the largest survey to date on priorities for recovering from the COVID-19 (coronavirus, COVID) pandemic. By September 2020, over a million people from all countries and all walks of life had taken part. Their answers provide unique insights into what the public wants at this challenging time. The key findings are contained in this publication.

Our Moon Festival Yobe Qiu, 2020-09-21 The story highlights different

families and their diverse traditions as they observe Zhong Qiu Jie, Tết Trung Thu, and Tsukimi! In all three stories, children will learn about foods, traditions, dances, parades, and poetry involved in the celebration of the Moon Festival. Just like Our Lunar New Year by the same author, children will be so captivated by the celebrations that they will feel part of holiday too!

Power and Justice Xudong Zhao, 2019-04-10 This book discusses the

relationship, interaction and conflict between everyday life and various institutions in a specific village in North China, with a focus on the formal and informal legal systems. It vividly describes the village's "legal construction problems" as well as the customs and laws, and such it can be seen as a historical and innovative comment on China's problems. The book is

based on the author's field investigations assessing vast amounts of material concerning local organizations, formal and informal authorities, economic exchange, religious rituals, as well as interviews with villagers and numerous court files. It presents an in-depth exploration of "pluralism of authority" in China's rural society, and examines how various authorities were formed. It also summarizes how various local disputes are resolved and discusses the villagers' understanding of the concept of "justice." Lastly, it suggests ways in which national law and local customs could communicate and collaborate.

FIREBOAT Maira Kalman, 2002-08-05 * "A hundred years from now, when people want to know what we told our children about 9/11, Kalman's book should be among the first answers."—Booklist, starred review * "Intelligently conveys those unfathomable events in a way that a picture book audience can comprehend. . . . With this inspiring book, Kalman sensitively handles a difficult subject in an age-appropriate manner."—Publishers Weekly, starred review * "Fireboat does many things. It sets forth an adventure, helps commemorate an anniversary, offers an interesting bit of history, celebrates the underdog, and honors the fire-fighting profession. Children and adults will respond to it in as many ways."—School Library Journal, starred review * "Exciting, uplifting, and child-sensitive. . . . Revisits the tragedy without the terror and conveys pride without preachiness.—The Bulletin of the Center for Children's Books, starred review * "Quintessential New York artist Kalman gives us an idiosyncratic but informative look at a Big Apple institution. . . . Kalman's use of the events of September 11 is honest and honorable, and rarely is she as straightforward as she is here."—The Horn Book, starred review This is the inspiring true story of the John J. Harvey—a retired New

York City fireboat reinstated on September 11, 2001. Originally launched in 1931, the Harvey was the most powerful fireboat of her time. After the September 11 attacks, with fire hydrants at Ground Zero inoperable and the Hudson River's water supply critical to fighting the blaze, the fire department called on the Harvey for help. There were adjustments—forcing water into hoses by jamming soda bottles and wood into nozzles with a sledgehammer—and then the fireboat's volunteer crew pumped much-needed water to the disaster site. The John J. Harvey proved she was still one of New York's Bravest! Maira Kalman brings a New York City icon to life, celebrating the energy, vitality and hope of a place and its people.

Utopia in Practice Ou Ning, 2020-10-29 This book is a collection of texts on one of China's boldest social experiments in recent years: the rural reconstruction project in Bishan. The Bishan Project (2011-2016) was a rural reconstruction project in a small village Bishan, Anhui Province, China. The writings describe and criticize the social problems caused by China's over-loading urbanization process and starts a a contemporary agrarianism and agritopianism discourse to resist the modernism and developmentalism doctrine which dominated China for more than a century, answering a global desire for the theory and action of the alternative social solution for today's environmental and political crises. This practical utopian commune project ran for 6 years and caused a national debate on rural issues in China, when it was invited to be exhibited and presented abroad. This collection of writing will be of interest to artists, China scholars, architects, and the cultural community at large.

Questions Without Answers David Friend, 2012-04-28 This major work presents a remarkable sequence of photo-stories from pioneering photo agency VII,

documenting world history as we have experienced it since the end of the Cold War. The 11 extraordinarily talented photographers who make up this agency work at the cutting edge of digital photojournalism, committed to recording social and cultural change as it happens around the world. Questions Without Answers is an ambitious book featuring a strikingly broad selection of photo stories. Photos documenting Barack Obama giving a speech on Afghanistan to American troops sit alongside a collection of portraits featuring famous cultural figures such as David Bowie and Bernardo Bertolucci. We move from an exploration of the spread and impact of AIDS in Asia to dispatches from the current economic crisis and its effect on those working in finance. The crucial work done by VII in documenting conflict - environmental, social and political, both violent and non-violent - is also represented, including stories from the war in Iraq, the crisis in Darfur and the terrible events of 9/11. With an introduction by the eminent David Friend, Vanity Fair's editor of creative development and the former director of photography of Life magazine, this book is an important, moving and compelling record of the world we live in.

Regards from Serbia Aleksandar Zograf, 2007 A profound collection of Aleksandar Zograf's comics and correspondences during the war in Serbia. This book captures the essence of life during wartime, seen from the apartment window of one who was there at ground zero. The moral ambiguities of war, the horrific reality, the humanity. This volume includes Zograf's entire e-mail correspondence to his friends throughout the world during the bombing of his hometown of Pancevo, as well as all of his comic strips produced over the decade Bosnian/Serbian war. For those who appreciated Joe Sacco's Safe Area Gorazde and Palestine, you will not want to miss this very important book.

Quarles' Emblems Francis Quarles, 1861

Innovation and Entrepreneurship in an Educational Ecosystem Sehwa Wu, Carol Yeh-Yun Lin, 2020-01-01 This book reports on 12 education innovation cases in Taiwan and focus particularly on an ecosystem to demonstrate innovation as a competitive advantage and requires an ecosystem to be sustainable in virtually all disciplines. It also covers the trend of education innovation in many countries, with “education entrepreneurship” being the frequently used description. The 12 educators highlighted here are even more entrepreneurial than many businesspeople. Generally, schools are required to follow certain rules, especially the public schools. Accordingly, the book also describes how these education entrepreneurs have innovatively created a fostering environment under challenging constraints to facilitate the success of students, teachers, and even the local community. Six of the cases involve school-based innovation, while the other six focus on student-based innovation. Their stories provide valuable insights for all companies seeking to become more innovative in a resource-constrained setting.
