The Spirit of Capitalism Tuna Empire,2007-06

The Ghosts of Cannae Robert L. O'Connell,2011-09-13 NATIONAL BESTSELLER For millennia, Carthage's triumph over Rome at Cannae in 216 B.C. has inspired reverence and awe. No general since has matched Hannibal's most unexpected, innovative, and brutal military victory. Now Robert L. O'Connell, one of the most admired names in military history, tells the whole story of Cannae for the first time, giving us a stirring account of this apocalyptic battle, its causes and consequences. O'Connell brilliantly conveys

how Rome amassed a giant army to punish Carthage's masterful commander, how Hannibal outwitted enemies that outnumbered him, and how this disastrous pivot point in Rome's history ultimately led to the republic's resurgence and the creation of its empire. Piecing together decayed shreds of ancient reportage, the author paints powerful portraits of the leading players, from Hannibal—resolutely sane and uncannily strategic—to Scipio Africanus, the self-promoting Roman military tribune. Finally, O'Connell reveals how Cannae's legend has inspired and haunted military leaders ever since, and the lessons it teaches for our own wars.

And to top things off, Dr. Masharito reveals his latest plot to take over the world, by dressing up as Santa Claus! Ho, ho, ho--REJECTED! -- VIZ Media

I Hate the Internet Jarett Kobek, 2017-05-04 In New York in the middle of the twentieth century, comic book companies figured out how to make millions from comics without paying their creators anything. In San Francisco at the start of the twenty-first century, tech companies figured out how to make millions from online abuse without paying its creators anything. In the 1990s, Adeline drew a successful comic book series that ended up making her kind-of famous. In 2013, Adeline aired some unfashionable opinions that made their way onto the Internet. The reaction of the Internet, being a tool for making millions in advertising revenue from online abuse, was predictable. The reaction of the Internet,

being part of a culture that hates women, was to send Adeline messages like 'Drp slut ... hope u get gang rape.' Set in a San Francisco hollowed out by tech money, greed and rampant gentrification, *I Hate the Internet* is a savage indictment of the intolerable bullshit of unregulated capitalism and an uproarious, hilarious but above all furious satire of our Internet Age.

The Home of My Heart Gerda Pleasants, 2018-04-23 I am writing this book for myself and my children, and also to keep alive the memory of my home in East Prussia. This home as I knew it no longer exists; most of the people you will read about have died, many of the buildings have disappeared, and even the towns and the region have different names. So begins this deeply personal memoir of a young woman's life irrevocably changed by Germany's declaration of war. Gerda was only 17 when she was drafted into Nazi

Germany's civilian labor corps. She vividly describes her experiences as a land girl, plane spotter, prisoner of war, refugee and American war bride.

War Siblings Rahel Villiger, 2019-09-04 Alexej and his sister Aljona find themselves alone in the turmoil of the Russian Revolution. Their goal: the distant city of Berlin where their father promised to find them after the war. As they wander through the war-torn countries, they meet other children who join them along the way. Day after day they fight together for survival and grow stronger with every challenge. They become a family, a family of war siblings. But will they ever make it to Berlin? Will they be able to sleep in peace again, knowing they have found a home? And will Alexej and Aljona ever see their father again?

Bellini and the East Caroline Campbell, Alan Chong, 2005 An investigation into the overlapping cultures of East and West in Renaissance Venice through the work of the supremely talented Bellini family

The Russian Civil War Evan Mawdsley, 2017-09-07 The Russian Civil War of 1917-1920, out of which the Soviet Union was born, was one of the most significant events of the twentieth century. The collapse of the Tsarist regime and the failure of the Kerensky Provisional Government nearly led to the complete disintegration of the Russian state. This book, however, is not simply the story of that collapse and the rebellion that accompanied it, but of the painful and costly reconstruction of Russian power under a Soviet regime. Evan Mawdsley's lucid account of this vast and complex subject explains in detail the power struggles and political manoeuvres of the war, providing a balanced analysis of why the Communists were victors. This edition includes illustrations, a new preface and an extensively updated bibliography.
