Internet Graphics Gallery Paul De Groot,Lane Boyd,1995 CD-ROM includes images, programs and utilities, and hyperlinks to all sites profiled.

Failed Images Ernst van Alphen,2018 'Failed Images' attempts to understand the divergence between photography and the reality it portrays, analysing the various ways the photograph transforms that which exists before the camera. Because the photographic medium enables very different practices, which in turn results in many kinds of images, it must also be examined from a perspective outside of the dominant approach to the medium, generally called the 'snapshot.' This book therefore explores the photographic image by focusing on practices which refuse this conventional approach, namely staged, blurred, under- and overexposed, and archival photography.

Father, Son, and the Other One Jeff Kennedy,2014 Reveals how to access the power of the Holy Spirit and embrace the mystery of God's presence in order to live out an authentic Christian faith, and discusses why the Spirit has been marginalized in American Christianity.

U.S. Navy Ships Camouflage WWII Al Adcock,2008

Reflecting in His Presence Ann Younger,2021-01-10

A Light of Her Own Carrie Callaghan,2019-01-01 In Holland 1633, a woman's ambition has no place. Judith is a painter, dodging the law and whispers of murder to try to become the first woman admitted to the Haarlem painters guild. Maria is a Catholic in a country where the faith is banned, hoping to absolve her sins by recovering a lost saint's relic. Both women's destinies will be shaped by their ambitions, running counter to the city's most powerful men, whose own plans spell disaster. A vivid portrait of a remarkable artist, *A Light of Her Own* is a richly-woven story of grit against the backdrop of Rembrandt and an uncompromising religion. Story behind the story . . . The trail of Judith Leyster's career was so faint that only years after her death in 1660, collectors began attributing her few surviving paintings to other artists. She signed her work with only a beautiful, stylized monogram. Credit went to Frans Hals, Jan Miense Molenaer, and others. She would remain lost to history until 1893.

Salt the Snow Carrie Callaghan,2020-02-04 From Carrie Callaghan, author of the critically acclaimed *A Light of Her Own*, comes a story of the trailblazing and liberated Milly Bennett, based on the life of one of the first female war correspondents whose work has been all but lost to history. American journalist Milly Bennett has covered murders in San Francisco, fires in Hawaii, and a civil war in China, but 1930s Moscow presents her greatest challenge yet. When her young Russian husband is suddenly arrested by the secret police, Milly tries to get him released. But his arrest reveals both painful secrets about her marriage and hard truths about the Soviet state she has been working to serve. Disillusioned, and pulled toward the front lines of a captivating new conflict, Milly must find a way to do the right thing for her husband, her conscience, and her heart.

Fingerprints of the Gods Graham Hancock, 2012-09-19 Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. Graham Hancock is featured in Ancient Apocalypse, a Netflix original docuseries. "A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought."—Kirkus Reviews In Fingerprints of the Gods, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, Fingerprints of the Gods contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And Fingerprints of God tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. "Readers will hugely enjoy their quest in these pages of inspired storytelling."—The Times (UK)

Carmel-by-the-Sea Monica Hudson, 2006-05-24 A local poet once described Carmel-by-the-Sea, with its haunting pines, fog, and white sand, as our inevitable place. The area had been inhabited for more than 3,000 years when Fr. Junipero Serra chose the site for his mission headquarters in 1771. The romantic name, Carmel-by-the-Sea, was the gift of a group of women real estate developers, later used in advertising lots for brain workers at in-door employment. Many Stanford and UC Berkeley professors, artists, writers, and musicians left a lasting legacy here in their art and in their rejection of largescale commercial development. Although impoverished artists may no longer afford to live here, many residents and millions of sojourners still consider the lovely village packed with galleries and eateries their inevitable place.

OPERATING SYSTEMS Narayan Changder, 2024-03-08 Navigate the digital infrastructure with precision using this comprehensive MCQ mastery guide on operating systems. Tailored for students, IT professionals, and system administrators, this resource offers a curated selection of practice questions covering key concepts, functionalities, and architectures in operating systems. Delve deep into process management, memory allocation, and file systems while enhancing your problem-solving skills. Whether you're preparing for exams or seeking to reinforce your practical knowledge, this guide equips you with the tools needed to excel. Master operating systems

and optimize your computing environment with confidence using this indispensable resource.

Intelligent Systems Technologies and Applications 2016 Juan Manuel Corchado Rodriguez, Sushmita Mitra, Sabu M. Thampi, El-Sayed El-Alfy, 2016-09-19 This book constitutes the thoroughly refereed proceedings of the second International Symposium on Intelligent Systems Technologies and Applications (ISTA'16), held on September 21–24, 2016 in Jaipur, India. The 80 revised papers presented were carefully reviewed and selected from 210 initial submissions and are organized in topical sections on image processing and artificial vision, computer networks and distributed systems, intelligent tools and techniques and applications using intelligent techniques.

Стрелковое огнестрельное оружие и боеприпасы к нему Евгений Назаркин, Олег Межерауп, 2023-09-09 Рассмотрены основные типы и виды наиболее часто встречаемого на территории России и за её пределами стрелкового огнестрельного оружия и боеприпасов к нему. Наглядно представлены их конструктивные и видовые особенности в форме иллюстративного познавательного информационного обзора. Материалы монографии не являются официальными справочно-методическими материалами для производства криминалистических баллистических экспертиз и исследований. Монография представляет собой обобщенный и систематизированный обзор видов огнестрельного оружия, основ его материальной части, исходя из норм действующего законодательства, ГОСТа, а также специализированной литературы. Все материалы взяты из открытых, общедоступных, легальных источников, преимущественно, из сети Интернет. Для широкого круга читателей, интересующихся историческим и современным обзором стрелкового огнестрельного оружия и боеприпасов к нему, изучением материальной части оружия: студентов, курсантов, слушателей юридических вузов, практических работников правоохранительных органов, военных, сотрудников учреждений уголовно-исполнительной системы, лиц, связанных с оборотом оружия и боеприпасов, а также обычных читателей.
