Smoke and Mirrors Lesley Choyce, 2004-11-01 Short-listed for the 2005 CLA Young Adult Canadian Book Award Sixteen-year-old Simon has always been considered odd. Three years ago, a skateboarding accident caused some minor brain damage and made him a little stranger. His career-driven parents mostly leave him alone, and he spends much of his time living in his imagination. When Andrea, whom no one else can see, appears to Simon in class, he is fascinated by her and strikes up a friendship, even though he knows she may be pure hallucination - he's had imaginary friends before. Andrea says she is there to help him, but before the story ends, Simon discovers that it is he who needs to help Andrea, not the other way around.

Monte Carlo Rally Graham Robson, 2007-11-15 Hundreds of entrants, in cars of all shapes and sizes, battled through mid-winter snow, fog, ice and darkness from far-flung starting points towards the magical principality of Monaco. Mishaps, breakdowns and smashes abounded, and competitors had tales to tell of cars teetering on the edge of precipices or rammed into snowbanks, frantically improvised repairs, close encounters and feats of crazy bravado. The first rally was run in 1911, with just 20 starters. In 1930 there were 100, in 1949 205, and in the peak year, 1953, there were no less than 404. In this book every Monte Carlo Rally held between 1911 and 1980 is covered individually, with results listings and route maps. As the years unfold we see the successes of Hotchkiss in the late 1940s, Sunbeam-Talbot in the early 1950s, Mini-Cooper in the 1960s, Porsche 911 in the late '60s, and the dominance of Alpine Renault and Lancia Stratos in the 1970s. The author also provides essential information on regulations, routes, on what competitors were required to do, on the tests held after arrival in Monaco, on

classes of entries, and on the various Concours, including for instance the Concours de Confort, that were there to be won. Thus a complete picture of the aims and nature of the rally as it evolved is formed. Written by the world's leading rally historian, and featuring more than 300 archive photographs, this book provides both the definitive history of the greatest motor rally of all time and an evocative view of a golden age of motoring history.

Rebuilding the State Institutions Juan Antonio Le Clercq, Jose Pablo Abreu Sacramento, 2019-11-29 Contemporary Mexico faces a complex crisis of violence and insecurity with high levels of impunity and the lack of an effective rule of law. These weaknesses in the rule of law are multidimensional and involve elements of institutional design, the specific content of the laws, particularities of political competition and a culture of legality in a country with severe social inequalities. This book discusses necessary institutional and legal reforms to develop the rule of law in a context of democratic, social and economic transformations. The chapters are organized to address: 1) The concept of the 'rule of law' and its measurement; 2) The fragility of the 'rule of law' in Mexico; 3) Structural reforms and implementation challenges; 4) Social exclusion and the culture of legality. The book

addresses decision-makers, civil servants, consultants, scholars, lecturers, and students focusing on public policy, rule of law, sociology of law, legislative studies and practice, impunity, and areas of political philosophy. • The book presents an interdisciplinary and integrated approach for understanding the rule of law in Mexico, taking into account national particularities, the regional context and global comparisons. • Chapters discuss recent institutional reforms in Mexico from a critical point of view and explore possible next steps to achieve effective implementation. • This book addresses the links between a weak rule of law and social phenomena like insecurity, violence, corruption and democratic deficits.
