Tani believes that peace may be possible, but there are others on both sides who believe in the legends with zealous devotion. All around her, warriors have their eyes on a glorious victory with no concern for the piles of bodies they'll create on the way.Tani will be joined by a killer pretending to be a healer, a mansthein commander struggling with his orders, a thief who pawned her heart of gold, and a strategist exiled from a foreign land. But none of them are the Hero. It doesn't matter how many shades of gray might exist, some people see only in black and white. And the terrifying truth is that the stories they tell might not be just legends.
