Supersapientia: Berthold of Moosburg and the Divine Science of the Platonists Evan King, 2021-08-30 This study examines the motivations and doctrinal coherence of the Commentary on the Elements of Theology of Proclus written by Berthold of Moosburg, O.P. († c. 1361/1363). It provides an overview of Berthold's biography and intellectual contexts, his manuscript remains, and a partial edition of his annotations on Macrobius and Proclus. Through a close analysis of the three prefaces to the Commentary, giving special attention to Berthold's sources, it traces the Dominican's elaboration of Platonism as a soteriological science. The content of this science is then presented in a systematic reconstruction of Berthold's cosmology and anthropology. The volume includes an English translation of the three fundamental prefaces of the Commentary. The publication of this volume has received the generous support of the European Research Council (ERC) under the European Union's Horizon 2020 research and innovation programme through the ERC Consolidator Grant NeoplAT: A Comparative Analysis of the Middle East, Byzantium and the Latin West (9th-16th Centuries), grant agreement No 771640 (www.neoplat.eu). This is, indeed, a precious insight into the spirit of

Berthold's philosophical thinking. Overall, the monograph's ambition seems to be both to represent a starting point for new readers interested in Berthold, and to stress the philosophical value of the Commentary: both goals are most certainly reached. -Giuseppe Thomas Vitale, Thomas-Institut der Universität zu Köln, Recherches de Théologie et Philosophie médiévales 89.2

Dietrich Bonhoeffer 1906-1945 Ferdinand Schlingensiepen, 2010-06-01 A new comprehensive biography of this hugely important Christian martyr, 60 years after his execution at the hands of the Nazis Bonhoeffer has gained a position as one of the most prominent Christian martyrs of the last century. His influence is so widespread that even 60 years after his execution by the Nazis, Bonhoeffer's life and work are still the subject of fresh and lively discussion. As a pastor and theologian, Bonhoeffer decided to resist the Nazis in Germany, but his resistance was not solely theological. He played a key leadership role in the Confessing Church, a major source of Christian opposition to Hitler and his anti-Semitism and was principal of the secret seminary at Finkenwalde in Pomerania. It was here that he developed his theological visions of radical discipleship and communal life. In 1938, he joined the Wehrmacht's Abwehr, the German Military Intelligence Office, in order to seek international support for the plot against Hitler. Following his inner calling and conscience meant that Bonhoeffer was continually forced to make decisions that separated him from his family, friends, and colleagues, and which ultimately led to his

martyrdom in Flossenbürg concentration camp, less than a month before the Second World War came to an end. His letters and papers from prison movingly express the development of some of the most provocative and fascinating ideas of 20th century theology. Sixty years after Bonhoeffer's death and forty years after the publication of Eberhard Bethge's ground breaking biography, Ferdinand Schlingensiepen offers a definitive new book on Bonhoeffer, for a new generation of readers. Schlingensiepen takes into account documents that have only been made accessible during the last few years - such as the letters between Bonhoeffer and his fiancée Maria von Wedemeyer. Schlingensiepen's careful narrative brings to life the historical events, as well as displaying the theological development of one of the most creative thinkers of the 20th century, who was to become one of its most tragic martyrs.

Proklu diadochu Stoicheiosis theologike
Proclus, Eric R. Dodds, 1992 Proclus' Elements of Theology is a concise summa of the Neoplatonic system in its fully developed form; and for the student of late Greek thought second in importance only to the Enneads of Plotinus. Professor Dodds has provided a critical text based on a personal examination of some forty manuscripts, together with an English translation and a philosophical and linguistic commentary. First published in 1933, this second edition includes an Appendix of Addenda et Corrigenda and is widely regarded and respected as the definitive edition of the text today.

Time's Echo Pamela Hartshorne, 2012-08-30 FOR FANS OF KATE MOSSE, PHILIPPA GREGORY AND DIANA GABALDON, COMES THIS POWERFUL TALE OF OBSESSION AND DESIRE. York , 1577: Hawise Aske smiles at a stranger in the market, and sets in train a story of obsession and sibling jealousy, of love and hate and warped desire. Drowned as a witch, Hawise pays a high price for that smile, but for a girl like her in Elizabethan York, there is nowhere to go and nowhere to hide. Four and a half centuries later, Grace Trewe, who has travelled the world, is trying to outrun the memories of being caught up in the Boxing Day tsunami. Her stay in York is meant to be a brief one. But in York Grace discovers that time can twist and turn in ways she

never imagined. Drawn inexorably into Hawise's life, Grace finds that this time she cannot move on. Will she too be engulfed in the power of the past?

The Edge of Dark Pamela Hartshorne, 2015-03-12 Be careful what you wish for. Jane believes in keeping her promises, but a deathbed vow sets her on a twisting path of deceit and joy that takes her from the dark secrets of Holmwood House in York to the sign of the golden lily in London's Mincing Lane. Getting what you want, Jane discovers, comes at a price. For the child that she longed for, the child she promised to love and to keep safe, turns out to be a darker spirit than she could ever have imagined. Over four centuries later, Roz Acclam remembers nothing of the fire that killed her family - or of the brother who set it. Trying on a beautiful Elizabethan necklace found in the newly restored Holmwood House triggers disturbing memories of the past at last - but the past Roz remembers is not her own . . . A dark, page-turning tale from Pamela Hartshorne, author of *The Memory of Midnight* and *Time's Echo*, and a perfect read for fans of Barbara Erskine and Diana Gabaldon's *Outlander* series.

The Memory of Midnight Pamela Hartshorne, 2013-10-01 One hot day in Elizabethan York, young Nell Appleby is trapped in a wooden chest, and a horror of the stifling dark - and of the man who trapped her - dogs her for the rest of her life. Wed to the sadistic Ralph Maskewe, Nell must find joy where she can, until the return of her childhood sweetheart offers a chance of flight to the New World. Will Nell risk all to escape the

dark at last? Four and a half centuries later, Tess and her small son Oscar move to York. Eager to start a new life, away from her overbearing and manipulative husband, Martin, Tess tries to put her marriage behind her. But time in York has a way of shifting strangely, and memories of a past that is not her own begin to surface with disturbing effect. Living two lives, torn between two worlds, Tess must unlock the secrets of the past before she can free herself - and Nell - once and for all.

Vincent Van Gogh Nienke Bakker, Renske Suijver, 2019 Featuring about 50 works by Vincent van Gogh, from his early drawings to his later iconic paintings, this catalogue traces the artist's life, the development of his art, and his significant legacy--

The Renewal of Medieval Metaphysics Dragos Calma, Evan King, 2021-08-30 This is the first volume exclusively devoted to the *Expositio* by Berthold of Moosburg (c.1295-c.1361) on Proclus' *Elements of Theology*. The breadth of its vision surpasses every other known commentary on the *Elements of Theology*, for it seeks to present a coherent account of the Platonic tradition as such (unified through the concord of Proclus and Dionysius) and at the same time to consolidate and transform a legacy of metaphysics developed in the German-speaking lands by Peripatetic authors (like Albert the Great, Ulrich of Strassburg, and Dietrich of Freiberg). This volume aims to provide a basis for further research and discussion of this unduly overlooked commentary, whose historical-philosophical importance as an attempt

to refound Western metaphysics is beginning to be recognized. The publication of this volume has received the generous support of the European Research Council (ERC) under the European Union's Horizon 2020 research and innovation programme through the ERC Consolidator Grant NeopLAT: A Comparative Analysis of the Middle East, Byzantium and the Latin West (9th-16th Centuries), grant agreement No 771640 (www.neoplat.eu). "[...] the volume displays various aspects of the richness hidden in this Commentary on Proclus: the contributions mentioned here are merely representative of such richness. Nonetheless, a desideratum of the research on Berthold remains a closer analysis of his polemical relations with his still unknown adversaries." -Giuseppe Thomas Vitale, Thomas-Institut der Universität zu Köln, Recherches de Théologie et Philosophie médiévales 89.2

Global Private International Law Horatia Muir

Watt,,Lucia Bíziková,Agatha Brandão de Oliveira,Diego P. Fernandez Arroyo, Providing a unique and clearly structured tool, this book presents an authoritative collection of carefully selected global case studies. Some of these are considered global due to their internationally relevant subject matter, whilst others demonstrate the blurring of traditional legal categories in an age of accelerated cross-border movement. The study of the selected cases in their political, cultural, social and economic contexts sheds light on the contemporary transformation of law through its encounter with conflicting forms of normativity and the multiplication of potential fora.

Jews and Protestants Irene Aue-Ben David,Aya

Elyada,Moshe Sluhovsky,Christian Wiese,2020-08-24

The book sheds light on various chapters in the long history of Protestant-Jewish relations, from the Reformation to the present. Going beyond questions of antisemitism and religious animosity, it aims to disentangle some of the intricate perceptions, interpretations, and emotions that have characterized contacts between Protestantism and Judaism, and between Jews and Protestants. While some papers in the book address Luther's

antisemitism and the NS-Zeit, most papers broaden the scope of the investigation: Protestant-Jewish theological encounters shaped not only antisemitism but also the Jewish Reform movement and Protestant philosemitic post-Holocaust theology; interactions between Jews and Protestants took place not only in the German lands but also in the wider Protestant universe; theology was crucial for the articulation of attitudes toward Jews, but music and philosophy were additional spheres of creativity that enabled the process of thinking through the relations between Judaism and Protestantism. By bringing together various contributions on these and other aspects, the book opens up directions for future research on this intricate topic, which bears both historical significance and evident relevance to our own time.

Reading Proclus and the Book of Causes, Volume 3: On Causes and the Noetic Triad Dragos Calma, 2022-01-20 This volume gathers contributions on key concepts elaborated in the Platonic tradition (Proclus, Plotinus, Porphyry or Sallustius) and reconsidered by Arabic (e.g. Avicenna, the Book of Causes), Byzantine (e.g. Maximus the Confessor, Ioane Petritsi) and Latin authors (e.g. Albert the Great, Thomas Aquinas etc.).

Introduction to Algebra Richard Rusczyk, 2009
Forgiveness and Reconciliation Ani Kalayjian, Raymond F. Paloutzian, 2009-07-21 We all long for peace within ourselves, families, communities, countries, and throughout the world. We wonder what we can do about the multitude of

conflicts currently wreaking havoc across the globe and the continuous reports of violence in communities as well as within families. Most of the time, we contemplate solutions beyond our reach, and overlook a powerful tool that is at our disposal: forgiveness. As a genocide survivor, I know something about it. As the genocide unfolded in Rwanda in 1994, I was devastated by what I believed to be the inevitable deaths of my loved ones. The news that my parents and my seven siblings had indeed been killed was simply unbearable. Anger and bitterness became my daily companions. Likewise, I continued to wonder how the Hutus and Tutsis in Rwanda could possibly reconcile after one of the most horrendous genocides of the 20th century. It was not until I came to understand the notion of forgiveness that I was able to see the light at the end of the tunnel. Common wisdom suggests that forgiveness comes after a perpetrator makes a genuine apology. This wisdom informs us that in the aftermath of a wrongdoing, the offender must acknowledge the wrong he or she has done, express remorse, express an apology, commit to never repeating said harm, and make reparations to the extent possible. Only then can the victim forgive and agree to never seek revenge.
