Blood Stripes David Danelo,2007-07-17 The dynamic story of the life and times of five Marine corporals and sergeants, men at the front lines of the war in Iraq First extended account of the Marine experience fighting the Iraq insurgency from the grunt's perspective Author interviewed charismatic and controversial Marine Gen. James N. Mattis, a legendary Marine commander revered by the grunts and gives new details about the battle for Fallujah A sometimes harrowing, often humorous, and occasionally tragic look at the Marine Corps from the inside out in its struggle with the insurgency in Iraq. Drawing from personal experience in the confusing, deadly conflict currently being fought in the streets and back alleys of Iraqi towns and villages, Danelo focuses on the young Marine leaders--corporals and sergeants--whose job it is to take even younger Marines into battle, close with and destroy an elusive enemy, and bring their boys back home again. Sadly, there are losses, but true to the Marine Corps spirit, they soldier on, earning their blood stripes the only way they know how--the hard way.

Sergeant Salinger Jerome Charyn,2021-01-05 A shattering biographical novel of J.D. Salinger in combat “Charyn skillfully breathes life into historical icons.” —New Yorker J.D. Salinger, mysterious author of *The Catcher in the Rye*, is remembered today as a reclusive misanthrope. Jerome Charyn’s Salinger is a young American WWII draftee assigned to the Counter Intelligence Corps, a band of secret soldiers who trained with the British. A rifleman and an interrogator, he witnessed all the horrors of the war—from the landing on D-Day to the relentless hand-to-hand combat in the hedgerows of Normandy, to the Battle of the Bulge, and finally to the first Allied entry into a Bavarian death camp, where corpses were piled like cordwood. After the war, interned in a Nuremberg psychiatric clinic, Salinger became enchanted with a suspected Nazi informant. They married, but not long after he brought her home to New York, the marriage collapsed. Maladjusted to civilian life, he lived like a “spook,” with invisible stripes on his shoulder, the ghosts of the murdered inside his head, and stories to tell. Grounded in biographical fact and reimagined as only Charyn could, *Sergeant Salinger* is an astonishing portrait of a devastated young man on his way to becoming the mythical figure behind a novel that has marked generations. Jerome Charyn is the author of more than fifty works of fiction and nonfiction, including *Cesare: A Novel of War-Torn Berlin*. He lives in New York.

Sgt. Reckless Robin Hutton,2014-07-28 New York Times Bestseller! She wasn't a horse—she was a Marine. She might not have been much to look at—a small Mongolian mare, they called her—but she came from racing stock, and had the blood of a champion. Much more than that, Reckless became a war hero—in fact, she became a combat Marine, earning staff sergeant's stripes before her retirement to Camp Pendleton. This once famous horse, recognized as late as 1997 by Life Magazine as one of America's greatest heroes—the greatest war horse in American history, in fact—has unfortunately now been largely forgotten. But author Robin Hutton is set to change all that. Not only has she been the force behind recognizing Reckless with a monument at the National Museum of the Marine Corps and at Camp Pendleton, but she has now recorded the full story of this four-legged war hero who hauled ammunition to embattled Marines and inspired them with her relentless, and reckless, courage.

Lost in Shangri-La Mitchell Zuckoff,2011-04-26 “A lost world, man-eating tribesmen, lush and impenetrable jungles, stranded American fliers (one of them a dame with great gams, for heaven's sake), a startling rescue mission. . . . This is a true story made in heaven for a writer as talented as Mitchell Zuckoff. Whew—what an utterly compelling and deeply satisfying read! —Simon Winchester, author of Atlantic Award-winning former Boston Globe reporter Mitchell Zuckoff unleashes the exhilarating, untold story of an extraordinary World War II rescue mission, where a plane crash in the South Pacific plunged a trio of U.S. military personnel into a land that time forgot. Fans of Hampton Sides’ *Ghost Soldiers*, Marcus Luttrell’s *Lone Survivor*, and David Grann’s *The Lost City of Z* will be captivated by Zuckoff’s masterfully recounted, all-true story of danger, daring, determination, and discovery in jungle-clad New Guinea during the final days of WWII.

The Door to Bitterness Martin Limón,2006-09-01 The fourth Sergeant George Sueño Investigation Seoul, 1970s: As North Korea menaces and Vietnam burns, US 8th Army CID agent Sergeant George Sueño and his partner, Ernie Bascom, weave through back alleys and bordellos, trying to tip the scales of justice back in the right direction. This time, they’re not just pursuing criminals—they’re chasing themselves. Homicidal thieves have gotten hold of George’s badge and are using it to trick their victims for just long enough to strike—with his gun. The army wants the equipment accounted for, and the ID and weapon recovered. George and Ernie want to salvage their reputation, such as it is—and to stop the cold-blooded killings being committed in their names.

Top Sergeant William G. Bainbridge,Dan Cragg,1996-06 In a military career spanning more than three decades, Bill Bainbridge saw service in three wars, fought in two of them, and was captured in one. He received ten Good Conduct Medals, two awards of the Combat Infantry Badge, three Army Commendation Medals, and the Distinguished Service Medal, among others. But the greatest moment in his career came when he was selected to be Sergeant Major of the U.S. Army, its highest NCO position, an office he was the first to hold for four years. But Bainbridge's most important job in his illustrious career was tending to the welfare of his soldiers. Top Sergeant is all about doing what a good sergeant does best -- attending to the needs of his men -- and what it takes to be a great noncommissioned officer in an army that officers are proud to command but NCOs really run.

Chiari Malformation, An Issue of Neurosurgery Clinics of North America, E-Book Jeffrey Leonard,2016-01-07 This issue will cover chiari malformation in both children and adult populations. In the past, it was estimated that the condition occurs in about one in every 1,000 births. However, the increased use of diagnostic imaging has shown that CM may be much more common. Complicating this estimation is the fact that some children who are born with the condition may not show symptoms until adolescence or adulthood, if at all. CMs occur more often in women than in men and Type II malformations are more prevalent in certain groups, including people of Celtic descent.

Ballad of the Green Beret Marc Leepson,2017-05-01 The rough-and-tumble life of Special Forces vet and Sixties pop star Barry Sadler The top Billboard Hot 100 single of 1966 wasn't "Paint It Black" or "Yellow Submarine"--it was "The Ballad of the Green Berets," a hyper-patriotic tribute to the men of the Special Forces by Vietnam vet Staff Sergeant Barry Sadler. But Sadler's clean-cut, all-American image hid a darker side, a Hunter Thompson-esque life of booze, girls, and guns. Unable to score another hit song, he wrote articles for Soldier of Fortune and pulp novels that made "Rambo look like a stroll through Disneyland." He killed a lover's ex-boyfriend in Tennessee. Settling in Central America, Sadler ran guns, allegedly trained guerrillas, provided medical care to residents, and caroused at his villa. In 1988 he was shot in the head by a robber on the streets of Guatemala and died a year later. This life-and-times biography of an American character recounts the sensational details of Sadler's life vividly but soberly, setting his meteoric rise and tragic fall against the big picture of American society and culture during and after the Vietnam War.

The Joy Brigade Martin Limon,2012-07-10 In this pulse-racing ninth adventure, Sergeant George Sueño heads north of Korea's DMZ on a mission to prevent war between the Communist North and the American-allied South. Seoul, early 1970s: US Army Sergeant George Sueño is on a mission of extreme importance to the South Korean government, as well as the US Army. Kim Il-Sung has vowed to reunite North and South Korea into one country before he hands control of the government over to his son, which means North Korea is planning to cross the DMZ and overpower the American-allied South Korean government. Sueño's mission is to prevent this by sneaking into North Korea and obtaining an ancient map detailing the network of secret tunnels that run underneath the DMZ. To do so, he will have to go undercover and infiltrate the North Korean Communist inner sanctum. Aware of the often dubious nature of the US Military's tactics, Sueño is skeptical about his assignment. But he has other things on his mind. The keeper of the map is Doc Yong, a former lover of Sueño's who was forced to flee South Korea the year before—and she has a son. Before they can be happily reunited, the plan falls to pieces, and Sueño is captured. Can he rely on the enigmatic Hero Kang, his sole contact in the hostile country? Will the lovely Rhee Mi-Sook, the leader of the North Korean secret police, be too much to handle? And who are the mysterious group of women known as the Joy Brigade?

Leadership Alford L. McMichael,2011-12-06 Take one look at him, listen to him speak, watch him act, and you'll follow him. Why? Because throughout his life and military career, Sergeant Major Al McMichael has proven himself to be a visionary who develops and nurtures ideas to fruition.... Anyone who is charged with leading, teaching, mentoring, managing or caring for people should read the inspiring story of Al McMichael in Leadership. -- Dean Mark Pizzo, National Defense University in Washington, D.C. There is only one sergeant major of the Marine Corps at any one time. It is the highest rank an enlisted Marine can achieve. From 1999 to 2003 the USMC's 14th sergeant major, and the first African American to attain the position, was Alford L. McMichael. Now, Sergeant Major McMichael shares how the values taught to him around the dinner table and in the hard times of his dirt-poor Southern childhood took him to the top of his field and made him one of the most respected and valued leaders of our time. This is not a guide that speaks only to military personnel. This is not a guide that only CEOs will cherish. The magic of McMichael's life lessons is that anyone can relate to and build success from them, because McMichael himself learned them in the most modest of beginnings: growing up in

the 1950s with nine siblings in a single-parent, one-story home in Hot Springs, Arkansas. It was the best training he could have received for the Marines, and with down-to-earth practicality and an engaging anecdotal style, McMichael demonstrates how the morals, work ethic and self-discipline he learned from his mother and grandmother gave him the life skills for groundbreaking success. Practice dinner table values...Find your compass...Rely on intelligence over emotion...Prepare so you can prosper...Impress yourself first...Give power to your people...Lead from the heart...These are among the pragmatic and distinctive nuggets of truth McMichael imparts in Leadership, and whatever your walk in life, they are the foundation for making great things happen. Are you ready to experience the phenomenal results when you ask the best of yourself and those around you?

The Bloody Battle for Tilly Ken Tout,2010-05-26 The fierce battle to capture the French village of Tilly-la-Campagne was an exceptionally bloody episode in the story of the allied breakout from Normandy in the summer of 1944. Small Allied infantry units faced an almost impossible mission, hampered by the proximity of the elite German 1st SS Panzer Division and 'friendly fire' from the erratic USAAF bombing raids. If that was not enough, appalling tactical errors by Allied commanders resulted in infantry attacks which were as costly pro rata as the losses suffered on the first day of the Somme. Drawing on vivid eyewitness accounts and the recollections of many who were there in 1944, Ken Tout's masterly portrayal of the bloody battle is a fitting tribute to the British and Canadian youth, who fought, and the many who died, during the breakout from Normandy in the last summer of the war in Europe.

The Comic Art of War Christina M. Knopf,2015-08-13 For military cartoonists the absurdity of war inspires a laugh-or-cry response and provides an endless source of un-funny amusement. Cartoons by hundreds of artists-at-arms from more than a dozen countries and spanning two centuries are included in this study--the first to consider such a broad range of military comics. War and military life are examined through the inside jokes of the men and women who served. The author analyzes themes of culture, hierarchy, enemies and allies, geography, sexuality, combat, and civilian relations and describes how comics function within a community. A number of artists included were known for their work with Disney, Marvel Comics, the New Yorker and Madison Avenue but many lesser known artists are recognized.
