Star Warriors of the Modern Raj Sami Ahmad Khan,2021-06-15 India is mutating – and its Science Fiction with it. Star Warriors of the Modern Raj is a critical catalogue of contemporary India's anglophone SF, a path-breaking work that flits between texts, vantage points and frameworks. An alternative to a Eurocentric perspective of SF, this study avoids essentialising definitions and delves into how the world of SF (text) intersects with that of the writer/reader. Fusing paradigms of Science Fiction Studies, South Asian Studies and Postcolonial Studies, among others, the book explicates how India and its SF negotiate one another. It evolves a 'transMIT thesis' to analyse how mythology (M), ideology (I) and technology (T) contour Indian SF and its fictional reimaginings. This study identifies the manifestations of divine beings within SF as differing epistemological categories, locates the modes of marginalisation within Indian popular imagination as altars of alterity, before proceeding to analyse how newer technologies engage with socio-political anxieties in and through SF. Wrapped in the woman's arms is a baby, stone-cold, not breathing, and without a pulse. But then his eyes open and look up at Wanda—and he begins to move. For years his adoptive mother and sisters manage to keep his existence a secret—until one terrifying night when Stony is forced to run and he learns that he is not the only living dead boy left in the world.

Foreverland Heather Havrilesky, 2022-02-08 A Recommended Read from: Good Morning America • Good Housekeeping • Esquire • Shondaland • Atlanta Journal-Constitution • The Week • Lit Hub • Publishers Weekly An illuminating, poignant, and savagely funny examination of modern marriage from Ask Polly advice columnist Heather Havrilesky If falling in love is the peak of human experience, then marriage is the slow descent down that mountain, on a trail built from conflict, compromise, and nagging doubts. Considering the limited economic advantages to marriage, the deluge of other mate options a swipe away, and the fact that almost half of all marriages in the United States end in divorce anyway, why do so many of us still chain ourselves to one human being for life? In Foreverland, Heather Havrilesky illustrates the delights, aggravations, and sublime calamities of her marriage over the span of fifteen years, charting an unpredictable course from meeting her one true love to slowly learning just how much energy is required to keep that love aflame. This refreshingly honest portrait of a marriage reveals that our relationships are not simply "happy" or "unhappy," but something much murkier—at once unsavory, taxing, and deeply satisfying. With tales of fumbled proposals, harrowing suburban migrations, external temptations, and the bewildering insults of growing older, Foreverland is a work of rare candor and insight. Havrilesky traces a path from daydreaming about forever for the first time to understanding what a tedious, glorious drag forever can be.

The Wretched of the Screen Hito Steyerl,2013-04-05 In Hito Steyerl's writing we begin to see how, even if the hopes and desires for coherent collective political projects have been displaced onto images and screens, it is precisely here that we must look frankly at the technology that seals them in. The Wretched of the Screen collects a number of Steyerl's landmark essays from recent years in which she has steadily developed her very own politics of the image. Twisting the politics of representation around the representation of politics, these essays uncover a rich trove of information in the formal shifts and aberrant distortions of accelerated capitalism, of the art system as a vast mine of labor extraction and passionate commitment, of occupation and internship, of structural and literal violence, enchantment and fun, of hysterical, uncontrollable flight through the wreckage of postcolonial and modernist discourses and their unanticipated openings. e-flux journal Series edited by Julieta Aranda, Brian Kuan Wood, Anton Vidokle
