**Axle's Brand** C. M. Owens, 2017-09 Fate is just a made-up word used to give us hope or absolution. We find hope when we believe bad things happen to us for a reason. We find absolution when we feel as though the wrongs of our past were just fate's twisted design to bring us to our present, and all of it was out of our hands. Of course, I sort of change my mind after meeting Axle. The man with scars and haunted, cold eyes. The man who only warms when he is around me. The first man I believe won't cost me my life. The first man I've ever believed to actually be honorable, despite the fact he's a ruthless criminal. Only the craziest of fates could have put us in the paths of each other. More of a collision course, really. Life gets complicated. Shit happens. And I sort of fall harder than I thought possible. The first time we met, I was in my pajamas and cowering on the floorboard of his SUV, hiding from my very insane brother. Lovely first impression, I assure you. The second time we met, I was literally skating around a bunch of corpses, because I'm slightly crazy like that. Long story. Obviously my second impression had just as much impact as my first. Because he fell head-over-heels in love with me in that instant. Kidding. That last part is complete bullshit. Axle is far more complicated than insta-love nonsense. Which is one of my favorite things about him. Everything about us is perfectly complicated and wonderfully disastrous. It's what every girl dreams of...as long as they're as crazy as I am. And I'm just crazy enough to hold on, because I

don't mind being the psycho chick in roller skates, who is flipping fate the bird when it tries to intervene again. It's just one of my quirks. Turns out, I'm Axle's brand of crazy too. Life should be really freaking interesting. Or catastrophic. Or psychopathic. I guess it depends on how much madness you can embrace. \*Adult language \*Sexual content \*Violence \*Not fit for someone who loves rainbows in books. Never mind. There's a rainbow in here.

*The Bear's Song* Benjamin Chaud, 2013-09-17 New York Times Notable Children's Book Sweet has new meaning in this richly illustrated, immersive picture book about two bears on a big-city adventure. Papa Bear is searching for Little Bear, who has escaped the den. Little Bear is following a bee, because where there are bees, there is honey! Children and parents alike will savor Benjamin Chaud's lush illustrations, and relish in the book's bonus seek-and-find elements. Looking for more Papa Bear and Little Bear? **Babyn Yar** Nick Axel, 2021-11 A multidisciplinary history of Ukraine's Holocaust by bullets, with new research, archival materials and responses by artists This substantial volume provides an overview of the efforts made by the Babyn Yar Holocaust Memorial Center since its founding in 2016 to document, study, disseminate, commemorate and preserve the history of Babyn Yar. It was here, in a ravine near Kyiv, that in September 1941 occupying Nazi forces shot 33,771 Jews in the Holocaust by bullets, followed over the next two years by the murder there of nearly 70,000 more people. Babyn Yar: Past, Present, Future includes a historical overview of these events, the Holocaust in Ukraine and the ravine itself. It also showcases archival imagery, contemporary photographs of the site, groundbreaking research produced by the Center for Spatial Technologies, and artistic and architectural interventions by Marina Abramovic, Maksym Demydenko and Denis Shibanov, Manuel Herz, Andrés Jaque / Office for Political Innovation, Anna Kamyshan, Oleh Shovenko and others.

**Axel's Pup** Kim Dare, 2015-03-11 As the landlord of The Dragon's Lair and leader of The Black Dragons Motorcycle Club, Axel Carmichael has seen it all and done it all. He's a respected and experienced dom. Nothing shocks him any more, and nobody catches him off guard. When Bayden rides up to The Dragon's Lair on a bike worth more than most men earn in a year, and immediately demonstrates that he has far more attitude than sense, it's easy for Axel to write him off as a silly little rich boy who's about to get himself killed. But, there's more to Bayden than meets the eye. He's no silly little boy, rich or otherwise, and werewolves aren't easy to kill.

Axel Harper Sloan, 2018-04-12 Fate hasn't always been friends with Isabelle West. In fact, fate has been a downright bitch. Isabelle has learned the hard way how hard life can be when fate isn't by your side. It can hand you dreams on silver platters, but it can snatch them right back and hand you nightmares. One thing Isabelle knew for sure fate was consistent with was taking away everything she ever loved. For the last two years Isabelle has been slowly clearing the clouds of her past. Happiness is finally on the horizon. She has a thriving business, great friends, and her life back. All she has to do is jump over the last hurdle...her ex-husband. When problems start causing her to fear her new life, and memories that are better left forgotten start rushing to the surface the last thing she needs is a ghost

from her past to come knocking on her door. Axel never thought he would look into the eyes of Isabelle West again, and he wasn't sure he wanted to now. He's carried his anger for so long he isn't sure he can just turn it off, but when he is faced with protecting her and an unexpected desire to have her again, life gets a little more complicated. How will Axel and Isabelle deal when all their cards are put on the table and everything they thought was true blows up in their faces?

*Architectural Geometry* Helmut Pottmann, 2007 Architectural Geometry is the first book to introduce a revolutionary new approach to design. Geometry lies at the core of the architectural design process. It is omnipresent, from the initial form-finding stages to the actual construction. Modern constructive geometry provides a variety of tools for the efficient design, analysis, and manufacture of complex shapes. This results in new challenges for architecture. However, the architectural application also poses new problems to geometry. Architectural geometry is therefore an entire research area, currently emerging at the border between applied geometry and architecture. Written for students, architects, construction engineers, and industrial designers – Architectural Geometry is a source of inspiration for scientists interested in applications of geometry processing in architecture and art. With over 700 pages, including 2,100 full-color images of built architecture, architectural projects, and artwork, Architectural Geometry takes readers from basic to advanced geometry then leads them to the cutting-edge of research in the architectural geometry field.

A Fallen Hero Sara A. Noe, 2018-08-07 Cato is the only true half-human, half-ghost hybrid in existence. He's powerful and unique with two divine powers instead of one. The United States government believes he is the key to developing a devastating weapon that will give humankind an advantage when war inevitably erupts between the Human Realm and Avilésor, the Ghost Realm. After being an unwilling test subject in Project Alpha for two years, Cato and the rest of his lab-family survive a transport accident to find themselves stranded and powerless in the middle of the wilderness. Hunted every step of the way by ghostly Shadow Guards with supernatural abilities and human Agents desperate to recapture their prisoners, the eight young fugitives are drawn to Cato's hometown where the Rip between Realms connects the worlds. Cato wants nothing to do with his past, but as his enemies close in, he realizes he's willing to do anything to protect his lab-family . . . . even kidnap the daughter of a ghost hunter and make a dangerous deal to become a mercenary.

**Axel** Samantha Whiskey, 2019 The NHL's been at my door since I was 18. But I'd never leave the Swedish Hockey League—Not while raising my little brother. But now he's grown and the Carolina Reapers show up with my greatest weakness: Langley Pierce, their new head of PR. I've never been able to say no to her. She's fierce, independent, and the sexiest woman I've ever met. She also has a stubborn streak wider than my entire country. One comment from her smart mouth about never dating again, and I propose. No, really, I actually propose: A six-month marriage contract in exchange for signing with the Reapers. I want to date this woman so badly that I'm going to marry her first. I'll use each day to show her how a queen should be treated. Our wedding day started a countdown I'm powerless to stop, and the faster the months fly, the harder I fall. She's sworn she'll never choose a man over her career, and I promised never to ask her to. Until I'm forced to. How can we

move forward when we started this whole thing backwards? If I can't convince her this marriage is anything but fake--The next document we sign will crush us both. Welcome to the Carolina Reapers, Samantha Whiskey's newest hockey series where the chill of the ice meets sultry southern nights. --Back cover.

Awakened Magic Jen Grey, 2021-07-03 Something boils inside of me, making me lose control. All throughout my childhood, I was complacent vying for my father's approval. Of course, that never happened and I finally relinquished the fantasy when he attempted to kill my fated mate. Making matters worse, I learn that my life was a lie. The man who claims to be my father hunts me. After all, he has all the power and control. But I'm going to find myself and bring him to his knees.... Or die trying.
