BM King

Before the Frost Henning Mankell,2005-02-08 International bestseller: Kurt Wallander and his daughter join forces to hunt for a ritual killer in this “gripping, beautifully orchestrated” mystery (The New York Times Book Review). Linda Wallander is bored. Having just graduated from the police academy, she’s waiting to start work with the Ystad police and move into her own apartment. In the meantime, she’s staying with her father and, like fathers and daughters everywhere, they are driving each other crazy. Nor will they be able to escape each other when she moves out. Her father is Inspector Kurt Wallander, a veteran of the Ystad police force, and the two of them are about to find themselves working a case that couldn’t be closer to home. Linda’s childhood friend Anna has disappeared. As the investigation proceeds, she makes a few rookie mistakes that are both understandable and life-threatening. But as the case her father is working on dovetails with her own, something far more dangerous, and chillingly calculated, begins to emerge. A “powerful” and “thoroughly engaging” thriller from “a master storyteller,” *Before the Frost* introduces an unforgettable new heroine to the acclaimed series that is the basis for the BBC television show starring Kenneth Branagh (San Francisco Chronicle).

Frost Wendy Delsol,2012-08-14 The motivating and empowering nature of love, even in impossible situations, complements the quick-moving plot and beautifully drawn settings. — School Library Journal Adventure, romance, and myth combine in this winter escapade for teens who like a bit of fire with their ice. When Katla’s boyfriend, Jack, goes missing along with a mysterious scientist who just happened to turn up as the storm of the century hit, it becomes clear that Katla is the only one who can save her beloved Jack from the Snow Queen who holds him prisoner.

The Secret History of Twin Peaks Mark Frost,2016-10-18 From the co-creator of the landmark series, the story millions of fans have been waiting to get their hands on for 25 long years. *The Secret History of Twin Peaks* enlarges the world of the original series, placing the unexplained phenomena that unfolded there into a vastly layered, wide-ranging history, beginning with the journals of Lewis and Clark and ending with the shocking events that closed the finale. The perfect way to get in the mood for the upcoming Showtime series.
