### **Attack of the Slime Monster** Carin Greenberg Baker,1996

Casey has entered a writing contest, and with the help of her teammates she's penned a story that's so scary it gives her goose bumps on her goose bumps. Things get even creepier when it looks as if the story's scary star---Gooley Gus the slime Monster---has come to life and is stalking the team.

**Ghostbusters** ,2021-09-07 Join the Ghostbusters as they fight some ghoulish creatures in this kid-friendly official picture book adaptation of the classic film Setting: New York City. Kid scientists Peter Venkman, Ray Stantz, and Egon Spengler are investigating ghosts and other paranormal activity in the city. They see their first ghost (Slimer) in the NYC Public Library and that leads them to create the Ghostbusters, setting up their club in an old firehouse. Soon, business is booming as the kids are recruited to capture ghosts throughout the city. Winston Zeddemore and Janine Melnitz become the club's first two important additions. But there is something sinister happening at an apartment building and the Ghostbusters must put a stop to it (and the Stay Puft marshmallow man) before the city is overrun with ghouls.

Smelly Ghost Isabel Atherton, 2013-09-01 In Spooky Town, there live many ghosts, ghouls, skeletons, and scary creatures. However, none of these creepy characters wants to play with a particular ghost—Smelly Ghost. The reason is simple: Smelly Ghost only consumes frightening junk food. He devours bone chips, chocolate toes, and eyeball pizza. Sadly, these foods make his tummy growl and yell—keeping everyone far, far away. Devastated, Smelly Ghost wonders why no one wants to be his friend. One day, Janice the mummy-cleaner suggests to Smelly Ghost that perhaps he try eating some creepy vegetables and spine-chilling fruit. What does he have to lose? He eagerly begins to munch on ghoulish carrots and to nibble on slime bananas. And in the process, Smelly Ghost starts to feel more energetic and even floats higher

and faster. Slowly but surely, the other Spooky Town inhabitants creep back toward Smelly Ghost, and he is soon playing with them every day. Smelly Ghost is an entertaining book that also encourages children to eat healthy, promoting not only a nutritious diet but also a healthy body and mind.

*Ghosts from Our Past* Erin Gilbert, Abby L. Yates, Andrew Shaffer, 2016-06-28 As seen in the Sony Pictures 2016 film *Ghostbusters*, the ultimate guide to identifying, understanding, and engaging with any paranormal activity that plagues you Years before they made headlines with the *Ghostbusters*, Erin Gilbert and Abby L. Yates published the groundbreaking study of the paranormal, *Ghosts from Our Past*. Once lost to history, this criminally underappreciated book is now updated for the new century. According to Gilbert and Yates, “extraordinary claims require extraordinary evidence,” and whether you’re a believer or a skeptic, you’ll find the information you’re seeking right here in this extraordinary book, including:

- The childhood experiences that

inspired Erin and Abby's lifelong passion for the scientific study of the paranormal • The history of ghosts and other supernatural entities, the science that explains their existence, and profiles of the groundbreaking paranormal researchers who have investigated them • An illustrated guide to Class I through Class VII ghosts • Helpful sidebars like "A Ghost by Any Other Name" and "Ectoplasm Cleanup Tips" • Updates including "The Ghostbusters' Arsenal" by Jillian Holtzmann and "Haunted History" by Patty Tolan • A new Ghostbusting Resources appendix, featuring the "Paranormal Quickstart Guide", "Is It a Ghost? A Handy Quiz", "A Supernatural Stakeout Journal", "The Devil's Dictionary: Paraterminology You Need to Know" With this helpful—and hilarious—official Ghostbusters guide in hand, you'll be prepared for almost any spirit, spook, or spectre that comes your way. As for the rest, you know who to call.

Mimi's Ghost Tim Parks, 2002-02-14 Morris seems unable to get over the loss of his ex-fiancee Mimi, but then, he should have thought of that before he held her for ransom and ultimately did away with her. Now, he's newly married and gainfully employed, but can't shake his discontent. Just as he is beginning to adjust to his new life, he visits Mimi's grave, where her charming photograph

on the gravestone distinctly winks at him. This does not bode well for his latest scheme (exploiting immigrants for cheap labor), which, of course, leads Morris further into murder and mayhem. This darkly amusing romp now joins Morris' first caper, *Juggling the Stars*, in paperback.

**Ghosts be Gone!** Marcia Thornton Jones,Debbie

Dadey,2005-02-11 Andrew, the class bully, brings ghost-stopping slime to the school basement, but the Ghostville ghosts aren't planning on being caught.

*Low Country* J. Nicole Jones,2021-04-13 From horse thieves to hurricanes, from shattered Southern myths to fractured family ties, from Nashville to Myrtle Beach to Miami, *Low Country* is a lyrical, devastating, fiercely original memoir of one family's changing fortunes in the Low Country of South Carolina (Justin Taylor, author of *Riding with the Ghost*). J. Nicole Jones is the only daughter of a prominent South Carolina family, a family that grew rich building the hotels and seafood restaurants that draw tourists to Myrtle Beach. But at home, she is surrounded by violence and capriciousness: a grandfather who beats his wife, a barman father who dreams of being a country music star. At one time, Jones's parents can barely afford groceries; at another, her volatile

grandfather presents her with a fur coat. After a girlhood of extreme wealth and deep debt, of ghosts and folklore, of cruel men and unwanted spectacle, Jones finds herself face to face with an explosive possibility concerning her long-abused grandmother that she can neither speak nor shake. And through the lens of her own family's catastrophes and triumphs, Jones pays homage to the landscapes and legends of her childhood home, a region haunted by its history: Eliza Pinckney cultivates indigo, Blackbeard ransacks the coast, and the Gray Man paces the beach, warning of Hurricane Hazel.

Florida Lauren Groff, 2018-06-05 'Magnificent . . . Lauren Groff is a virtuoso' Emily St John Mandel 'A blistering collection . . . lyrical and oblique' Guardian 'Not to be missed . . . deep and dark and resonant' Ann Patchett 'It's beautiful. It's giving me rich, grand nightmares' Observer In these vigorous stories, Lauren Groff brings her electric storytelling to a world in which storms, snakes and sinkholes lurk at the edge of everyday life, but the greater threats are of a human, emotional and psychological nature. Among those navigating it all are a resourceful pair of abandoned sisters; a lonely boy, grown up; a restless, childless couple; a searching, homeless woman; and an unforgettable conflicted wife and mother.

Florida is an exploration of the connections behind human pleasure and pain, hope and despair, love and fury. 'Innovative and terrifyingly relevant. Any one of these stories is a bracing read; together they form a masterpiece' Stylist 'Lushly evocative . . . mesmerising . . . a writer whose turn of phrase can stop you on your tracks' Financial Times
