*What My Mother Gave Me* Elizabeth Benedict,2013-04-02 In *What My Mother Gave Me*, women look at the relationships between mothers and daughters through a new lens: a daughter's story of a gift from her mother that has touched her to the bone and served as a model, a metaphor, or a touchstone in her own life. The contributors of these thirty-one original pieces include Pulitzer Prize winners, perennial bestselling novelists, and celebrated broadcast journalists. Whether a gift was meant to keep a daughter warm, put a roof over her head, instruct her in the ways of womanhood, encourage her talents, or just remind her of a mother's love, each story gets to the heart of a relationship. Rita Dove remembers the box of nail polish that inspired her to paint her nails in the wild stripes and polka dots she wears to this day. Lisa See writes about the gift of writing from her mother, Carolyn See. Cecilia Muñoz remembers both the wok her mother gave her and a lifetime of home-cooked family meals. Judith Hillman Paterson revisits the year of sobriety her mother bequeathed to her when Paterson was nine, the year before her mother died of alcoholism. Abigail Pogrebin writes about her middle-aged bat mitzvah, for which her mother provided flowers after a lifetime of guilt for skipping her daughter's religious education. Margo Jefferson writes about her mother's gold dress from the posh department store where they could finally shop as black women. Collectively, the pieces have a force that feels as elemental as the tides: outpourings of lightness and darkness; joy and grief; mother love and daughter love; mother love and daughter rage. In these stirring words we find that every gift, no matter how modest, tells the story of a powerful bond. As Elizabeth Benedict points out in her introduction, "whether we are mothers, daughters, aunts, sisters, or cherished friends, we may not know for quite some time which presents will matter the most.

**Searching for Tao Canyon** Pat Morrow,Jeremy Schmidt,Art Tomey,2018-05-11 A stunning book of retro, mind-bending photography that unlocks a hidden world of natural wonder, personal reflection and outdoor adventure. More than 40 years ago, British Columbia photographer Art Twomey stumbled across a narrow crack in the desert floor in northern Arizona. It was a slot canyon, a stone crevasse - narrow, carved by water, its interior lost in shadow when seen by a curious person peering in from the rim. Twomey's photos from that day were unlike anything he had ever put on emulsion. They pictured a dream world, an intricate underground fantasy where lines bent, topsy met turvy, upside was down, inside was out. The images made as much sense backwards as forwards, which is to say they made no sense at all. For over a decade, Twomey, Morrow and Schmidt spent spring and fall seasons hauling their cameras through the wildest, most intricately carved slot canyons they could find. At the time, slots were virtually unknown, their exquisite beauties not yet appreciated. There were no guidebooks, no guided tours, no high-resolution satellite images to work from. A big part of the pleasure was a sense of discovery, of finding places no one knew.

*The Power of Intuition* Gary Klein,2007-12-18 At times in our careers, we've all been aware of a gut feeling guiding our decisions. Too often, we dismiss these feelings as hunches and therefore untrustworthy. But renowned researcher Gary Klein reveals that, in fact, 90 percent of the critical decisions we make is based on our intuition. In his new book, *THE POWER OF INTUITION*, Klein shows that intuition, far from being an innate sixth sense, is a learnable--and essential--skill. Based on interviews with senior executives who make important judgments swiftly, as well as firefighters, emergency medical staff, soldiers, and others who often face decisions with immediate life-and-death implications, Klein demonstrates that the expertise to recognize patterns and other cues that enable us--intuitively--to make the right decisions--is a natural extension of experience. Through a three-tiered process called the *Exceleration Program*, Klein provides readers with the tools they need to build the intuitive skills that will help them make tough choices, spot potential problems, manage uncertainty, and size up situations quickly. Klein also shows how to communicate such decisions more effectively, coach others in the art of intuition, and recognize and defend against an overdependence on information technology. The first book to demystify the role of intuition in decision making, *THE POWER OF INTUITION* is essential reading for those who wish to develop their intuition skills, wherever they are in the organizational hierarchy.

**Imagining the Internet** Janna Quitney Anderson,2005-07-21 In the early 1990s, people predicted the death of privacy, an end to the current concept of 'property,' a paperless society, 500 channels of high-definition interactive television, world peace, and the extinction of the human race after a takeover engineered by intelligent machines. Imagining the Internet zeroes in on predictions about the Internet's future and revisits past predictions—and how they turned out. It gives the history of communications in a nutshell, illustrating the serious impact of pervasive networks and how they will change our lives over the next century.

**Cherry** Sara Wheeler,2007-12-18 Apsley Cherry-Garrard was one of the youngest members of Robert Falcon Scott’s legendary expedition to Antarctica, the last man sent out to meet Captain Scott and his men in February 1912, when they were expected to return victorious any day from the South Pole. He embarked on his own epic journey into the Antarctic winter to collect eggs of the Emperor penguin. It was dark all the time, his teeth shattered, and the tent blew away in the cold. “But we kept our tempers,” he wrote, “even with God.” After serving in the First World War, with zealous encouragement from his neighbor George Bernard Shaw, Cherry wrote the undisputed masterpiece of polar literature, *The Worst Journey in the World*. But as the years progressed, he faced a terrible struggle against depression and despair. Sara Wheeler’s *Cherry* is the first biography of this great hero of Antarctic exploration, written with unrestricted access to his papers and with the full cooperation of his family.

When our narrator orders a sloth through the mail, the creature that arrives isn't good at tricks or hide-and-seek . . . or much of anything. Still, there's something about *Sparky* that is irresistible. Winner of the Charlotte Zolotow Award

**The Selfless Act of Breathing** JJ Bola,2022-02-15 A Black teacher searches for himself across the United States in this “emotive, brave” (Daily Mail, London) story for all of us who have fantasized about escaping our daily lives and starting over. Michael Kabongo is a British Congolese teacher living in London and living the dream: he’s beloved by his students, popular with his coworkers, and adored by his proud mother who emigrated from the Congo to the UK in search of a better life. But when he suffers a devastating loss, his life is thrown into a tailspin. As he struggles to find a way forward, memories of his fathers’ violent death, the weight of refugeehood, and an increasing sense of dread threaten everything he’s worked so hard to achieve. Longing to start over, Michael decides to spontaneously pack up and go to America, the mythical “land of the free,” where he imagines everything will be better and easier. On this transformative journey,

Michael travels everywhere from New York City to San Francisco, partying with new friends, sparking fleeting romances, and splurging on big adventures, with the intention of living the life of his dreams until the money in his bank account runs out. “Narrated with haunting lyricism, The Selfless Act of Breathing is an intimate journey through the darkest of human impulses to the gleaming flickers of love and radical hope” (Susan Abulhawa, author of Against the Loveless World).

**Kissing Fish** Roger Wolsey,2011-01-10 Christianity receives a lot of attention in the media, but the most frequently discussed version represents a type of Christianity that sometimes turns people away from the Church. Kissing Fish presents a postmodern systematic theology of progressive Christianity, a growing movement that reclaims the radical message of the Gospel. This informative, contemplative, and entertaining book will guide you through the beliefs that inspire us to love one another in the transformative way that Jesus proclaimed, including practices that will take your faith to a new level. Kissing Fish is a scholarly yet thoroughly accessible introduction to progressive Christianity. While the intended target audience for this work would seem to be those who have either left the Christian faith or never adopted it at all; the work is filled with pearls of wisdom for all of us, whether associated with Christianity or not. Kissing Fish is a truly remarkable work, serving both as a reminder of the beauty and grace that form the central tenets of the faith, while offering a graceful yet prophetic rebuttal to its more exclusionary tendencies. Kissing Fish is part theological text and part tell-all personal spiritual journey. Imagine a down-to-earth combination of the works of Marcus Borg, Anne Lamott, Jim Wallis, Rob Bell, Shane Claiborne, Diana Butler-Bass, Brian McLaren, Walter Wink, Wes Howard-Brook, and Donald Miller. A profound romp that informs and inspires.
